BUSY SCENES AT WAREHOUSE

Business has been lively the past several days at the Hunts Ferry Warehouse. Manager Covey with four assistants are busy weighing and handling the wheat. Receipts have been issued to the number of 112.

Monday 950 sacks were received, Tuesday and Wednesday, 1025 and 1142 respectively, with a prospective increase for yesterday.

Chas. H. Crofoot was the first to bring in wheat this year, delivering 102 sacks of the Galgalus variety.

Claud Wilson has delivered 200 sacks and will probably have 4000 altogether. About forty of the farmers have brought in grain at the present time.

A force of twenty-four cats are on active parole duty among the sacks of wheat to insure its safety.

the daughter of Mr. and Mrs. A. M. Young.

Miss McClay's nephew, Mr. Johnston of Portland is visiting in Tygh. Ask him if he had any trouble in finding Tygh Valley.

Wednesday night a host of the friends of Mr. and Mrs. Muir and Grace met at Dr. Shannon's to say farewell to them before their departure for Moro where Mrs. Muir is to teach next year. Ice cream and cake were served; music was furnished by the Tygh Valley band; songs were also sang. A good social evening was enjoyed. Mr. Harper made the farewell speech, and presented Mrs. Muir with a silver soup ladle. We all hate to see the Muirs leave.

Mr. and Mrs. Hess accompanied by Mrs. Milstead passed (Concluded on last page)

SOUTHERN WASCO PEOPLE PROSPER

Maupin and adjacent territory can boast of as large if not larger proportion of automobile owners according to the population, than perhaps any vicinity in our country, and when you stop to consider that nearly all of these cars have been paid for completely without incurring debt or encumbrance of any kind, it speaks well for the rich central Wasco county territory. TYGH VALLEY CHEESE FACTORY

Wednesday morning T. E. Morgensen came in from Willow-Brook ranch with his weekly delivery of fruit and brought to the Times office a generous cut of Willow-Brook cream cheese, which is another substantial testimony of Southern Wasco county's agricultural value.

Mrs. Morgensen has made about 200 pounds like it this summer which is getting ready for use.

Wm. Hunt made a trip over to his ranch west of Tygh this week, returning home yesterday.

Mr. and Mrs. T. A. Connolly and Miss Manning were Saturday evening callers in town.

Mr. and Mrs. Dee Tallcott visited Sunday with Maupin relatives and took in the entertainment at the hall that evening.

Post cards from re to get at Tallcott's.

S. E. Doering and son of Beaverton passed through Maupin Sunday. Mr. Doering formerly owned a farm east of Tygh Valley.

Herman Gesh was a caller in this city Monday, having come over from Wamic for a load of grain sacks for his wheat.

A Tiffany wedding ring can be bought of Kimmons the Jeweler, Maupin.

PROMINENT WAMIC RESIDENT IS DEAD

Robert E. Campbell, one of Wamic's long time and respected residents passed away Sunday at a hospital in Pendleton where he was taken last week for treatment. An operation was to have been performed to remove a clot of blood from the brain, but Mr. Campbell's strength was not sufficient to recover from the operation.

The body was brought home and laid to rest in the Wamic cemetery Tuesday. The father of the deceased passed away several years ago; the mother, Mrs. Batie, two brothers, Frank and Dave, and two sisters, Mrs. Lee Kennedy of Wamic and Mrs. Wm. Hunt of Criterion, survive, and are joined by other relatives and a host of friends in mourning his taking away.

Monday afternoon Mr. Johnson brought to the Times office a lot of fine peaches, the Early Crawford and White Champion varieties, some of the former measuring nine and ten inches in circumference.

WHERE GOOD PLASTER IS HARD TO GET

Wallboard is not lower in cost than lath and plaster—in most places—where there is no good supply of plastering sand—Wallboard is very convenient.

"TUM-A-LUM WALLBOARD" can be put on by anyone. It is nailed directly to the 2x4 studding of the walls, and many beautiful designs are produced. The cracks between the sheets of the wallboard are covered with a small strip of lumber painted like the rest of the house trim.

"TUM-A-LUM WALLBOARD" can be tinted with a cold water tint by anyone. Many beautiful stencil patterns can be worked in the border.

"TUM-A-LUM WALLBOARD" is fine for remodeling without any muss.

ANNOUNCEMENT

The following prices f. o. b. Detroit, effective Aug 2, 1915:

Ford Runabout . . . \$390.
Ford Touring Car . . . 440.

No speedometer included in this year's equipment, otherwise cars fully equipped.

There can be no assurance given against an advance in these prices at any time. We guarantee however, that there will be no reduction in these prices prior to August 1, 1916.

Profit-Sharing With Retail Buyers

On August 1, 1914 we made the announcement that if we could make and sell at retail 300,000 Ford cars between August 1, 1914 and August 1, 1915 we would share profits with the retail purchasers, to the extent of from \$40 to \$60 on each car. We have sold over 300,000 Ford cars in the time specified, and profit-sharing checks of \$50 each will be distributed as rapidly as possible after August 15, 1915. Retail purchasers who have not yet mailed us their profit-sharing coupons, properly endorsed should do so without delay.

Our plan to profit-share with retail purchasers of Ford cars during 1914-15 has been most successful. We thoroughly believe in it, but realizing the uncertainty of conditions generally makes it advisable to defer any announcement of future profit-sharing until a later date.

We are, however, confident of our inability to reduce costs for several months, and therefore can offer no profit-sharing for cars delivered during August, September and October, 1915.
