Some careless person nearly caused a serious fire by throwing a lighted cigarette or match by the road near the John McGer's ranch. Quite a number of men responded to the call and the fire was soon under control. It burned over

Exhibits Wanted

The following excerpts from a circular letter sent out by the Portland Chamber of Commerce may be of interest to Southern Wasco people who contemplate contributing to the Exposition and thus let the world see that our products are worthy of notice:

Imperative need exists at the Oregon Building in San Francisco for exhibits of fresh fruits, vegetables, grains and grasses. They should be secured whenever opportunity presents, and immediately forwarded by express to the Oregon building. The exhibits need not be large in quantities. Send anything of a presentable nature.

The boxes should be sent 'collect' and the Oregon Commission will pay the express charges. Where it is necessary to pay the express charges in advance, the bill should be sent to O. M. Clark, Portland, who will cause a remittance to be made.

Address all shipments. The Oregon Building, P. O. 1, E. San Francisco, California. Attach name of grower, town, county and state, so that proper credit may be given.

several acres of small pines.

WHERE GOOD PLASTER IS HARD TO GET

Wallboard is not lower in cost than lath and plaster—in most places—where there is no good supply of plastering sand—Wallboard is very convenient.

"TUM-A-LUM WALLBOARD" can be put on by anyone. It is nailed directly to the 2x4 studs of the walls, and many beautiful designs are produced. The cracks between the sheets of the wallboard are covered with a small strip of lumber painted like the rest of the house trim.

"TUM-A-LUM WALLBOARD" can be tinted with a cold water tint by anyone. Many beautiful stencil patterns can be worked in the border.

"TUM-A-LUM WALLBOARD" is fine for remodeling without any muss.

ANNOUNCEMENT

The following prices f. o. b. Detroit, effective Aug 2, 1915:

Ford Runabout . . . \$390.
Ford Touring Car . . . 440.

No speedometer included in this year's equipment, otherwise cars fully equipped.

There can be no assurance given against an advance in these prices at any time. We guarantee however, that there will be no reduction in these prices prior to August 1, 1916.

Profit-Sharing With Retail Buyers

On August 1, 1914 we made the announcement that if we could make and sell at retail 300,000 Ford cars between August 1, 1914 and August 1, 1915 we would share profits with the retail purchasers, to the extent of from \$40 to \$60 on each car. We have sold over 300,000 Ford cars in the time specified, and profit-sharing checks of \$50 each will be distributed as rapidly as possible after August 15, 1915. Retail purchasers who have not yet mailed us their profit-sharing coupons, properly endorsed should do so without delay.

Our plan to profit-share with retail purchasers of Ford cars during 1914-15 has been most successful. We thoroughly believe in it, but realizing the uncertainty of conditions generally makes it advisable to defer any announcement of future profit-sharing until a later date.

We are, however, confident of our inability to reduce costs for several months, and therefore can offer no profit-sharing for cars delivered during August, September and October, 1915.
