Subscription: One year, \$1.50; six months, 75 cents; three months, 50 cents

Entered in the postoffice at Maupin, Oregon, as second class matter.

Do you know that
There are irrigated lands in every county in Oregon with two exceptions?

That about 50 per cent of all farms in Eastern Oregon are wholly or in part irrigated?

That about 50 per cent of the tillable land in Eastern Oregon requires irrigation to produce paying crops?

That Oregon is the only state in the union that has appropriated funds and completed an irrigation project?

That raw land with full water right can be purchased at \$40 per acre, ten years' time?

That irrigated alfalfa land makes alfalfa, alfalfa makes hogs and hogs make money?

That some of Oregon's irrigated lands produce more corn per acre than do lands in Iowa?

That east of the Cascade range there are hundreds of thousands of acres of lands where water, sunshine and soil await capital for creating a great trade center?—Chamber of Commerce News.

Wamic, from 1st page

made a midnight drive to Sherar Sunday night to meet the 1 o'clock train which brought some machinery for Mr. Driver's engine that was disabled while returning from Smock. The breakdown caused a delay of half a day.

C. E. Pratt was taken ill suddenly while at the summit and was brought to Tygh where he is under the doctor's care. W. T. Vanderpool of Dufur brought him back in his car.

That wonderful drink, Tallecott's nectar.
