E. O. SHEPHERD NOW MINISTER

At Hazel Green

The Sherwood News-Sheet was last week taken charge of by Roy S. Blodgett, several years ago a graduate of The Dalles high school. A reception was tendered Mr. and Mrs. Shepherd by about fifty of their friends, when they were each presented with a rocking chair. They have been assigned a pastorate at Hazel Green, near Chemawa, Oregon, where they will be located within a few days.

It was during the school year of 1906-7, while making our home with Mr. and Mrs. Shepherd in Tygh Valley that the present Times management acquired our ardent desire to 'be a printer,' which we have never regretted.

We extend our hearty congratulations and best wishes to Mr. and Mrs. Shepherd in their new work, not without regretting their loss from the field of Journalism.

News-Sheet: With this issue of the News-Sheet the undersigned severs his connection with the business activity in the town of Sherwood. It has been nearly four years since this paper was launched on the journalistic sea, and the voyage at Times has been a rough one; many a storm has been encountered. As pilot

I have stood by the wheel through calm and through storm. I have neither side-tracked nor back at ped, but have steered straight ahead. What has been accomplished through my efforts remain to tell the story. I have at all times aimed to be fair, and still believing I was right in the things I stood for I have no regrets or apologies to make. I have been a friend to everybody and tried to command their friendship in return. In some instances I failed; very naturally so, and those whom I befriended most are my greatest enemies, as is so often the case. It is gratifying, however, to know that my friends far out number my enemies, which is further proof that the principles I stood for were sound. Because of these friends Sherwood will always be a dear spot to me and my family.

We have become to love the people and will always feel a deep interest in them. So it is with regret that we are compelled to leave Sherwood by having accepted a call to a higher vocation in life, that of the ministry. In these few parting words I wish to thank the friends of the News-Sheet for their generous support and their comforting words in times of despair. During my career with the News-Sheet it has, I believe, moulded sentiment in Sherwood that will go down in the town's history and tend to cause recollections of its strenuous career for perhaps a century to come. So in severing my connection with the business activities of the town of Sherwood—the place I have learned to love because of its excellent people—I feel like saying with the Apostle Paul, "I have fought a good fight, I have finished my course, I have kept the faith." Good-bye.

E. O. SHEPHERD.

Mrs. Lillian M. Downing of Portland gave an entertainment Tuesday evening consisting of dramatic readings and pantomimes, at the Maupin church under the auspices of the local Young People's Branch of the W. C. T. U., which was thoroughly appreciated and given hearty applause.

Why is it that some men will hustle to get their crops under cover and never give a thought to the machinery that enables them to harvest those crops?

Wear with care is easier on machinery than rust and neglect.
