Dr. Ferguson Dead

The Dalles was shocked this evening (Wednesday) to learn of the suicide of Dr. E. E. Ferguson, of Hood River, formerly of The Dalles. The physician was exceedingly popular here and his friends do not understand why he took his life. On February 22, 1912, Dr. Ferguson was head of The Dalles Hospital, being associated with his wife Dr. Bell C. Ferguson, and Dr. J. A. Reuter. The Ferguson's disposed of their hospital interests and practice here on that date to Dr. Reuter and Dr. Fred Thompson.

Dr. Ferguson came here as a young physician and married Bell Cooper Rhinehart, widow of Dr. Rhinehart, who was ten years older than Ferguson. The Ferguson's were divorced in Portland less than a year after they left The Dalles, he receiv-

ing the decree by mutual agreement. The property rights were settled out of court, the wife getting \$62,000. The couple were married in Portland the day after last Thanksgiving.

It had been rumored here for several days that Dr. Ferguson had retained an attorney to institute divorce proceedings against his wife for the second time. His friends say he had brooded deeply since his second marriage.

Hurt with Gun

While out shooting at a rabbit yesterday Mrs. Ray Kayler had the misfortune to receive a deep gash on her nose, by the weapon kicking, striking her in the face. After a short period of unconsciousness she came to herself and went over to O. B. Dertbick's from whence she was taken to Tygh Valley to have the wound dressed.

Optomist and in honor of the event about seventy friends were invited to the beautiful country home of Mr. Hauser two and one-half miles west of Tygh Valley where a very pleasant evening was enjoyed.
Dancing and all kinds of amusements were indulged in and at 12 o'clock an elaborate supper consisting of fried chicken and many other good things was served. Several Dalles people were present. Those from Maupin were Dr. and Mrs. Hatfield and Mr. and Mrs. E. A. Mayhew.

Jack Staats came home Tuesday from the mountains after the seasons packing for W. E. Hunt's camps, bringing with him the hide of the big cougar he killed some time ago, the full scalp and claws are on it in perfect condition.

Every Farm Needs Hogs

A GOOD HOG HOUSE MEANS MORE HOG PROFITS

A warm house means earlier farrows and more pigs saved. A sanitary house means healthier pigs and less disease. A convenient house means better care and rapid gains. A well constructed hog house adds value to your farm.

Will Steen of Milton, Ore., fed one set of pigs in poor quarters, and one set in good "TUM-A-LUM" hogsheds built of "TUM-A-LUMBER" and

received from hogs in poor hogsheds 58 cents per bushel of food in gain of hogs.
