LITTLE JIMMY MUCH KISSED

Off Caress of Noted Woman-Was Trying to Rub It In.

Little Jimmy had reached the con clusion that everybody in the world had kissed him or wanted to very badly. He could not help being a boy that all the ladies wanted to pet and be stow their kisses upon. In fact, Jimmy longed for the day when he would have a say so in the matter of being kissed. One day a famous woman came to call upon his mother. Jimmy chanced to enter the parlor and was directed by his mother to come up and see the noted Mrs. So and So. Jimmy knew what was coming, but he could not prevent the occurrence. The visitor took him by the hand and gently gathered him up into her lap, and as she let him down to the floor again she graciously bestowed a kiss upon his pouting lips Jimmy jumped away from her and began to rub his lips in a vicious man

Those who have had cakes ruined by jarring the stove, slamming the oven door or a heavy footstep, may have wondered how the dining car chef can turn out such marvelous biscuits, hot breads and pastry when his oven is being incessantly jarred and jolted and shaken by the motion of the train.

To get pastry to raise and stay raised under these conditions, a baking powder must be used that continues to give off its leavening gas—that sustains the raise—until the dough is baked through.

Dining Car Chefs have found a baking powder exactly suited to their needs in K C and you will find it just as well suited to your requirements. K C is really a blend of two baking powders, one active as soon as moistened, the other requiring both moistened the heat to start the generation of leavening gas.
