MAUPIN, SOUTHERN WASCO COUNTY, OREGON, FRIDAY, NOVEMBER 19, 1915

THE YEAR \$1.50

BIG GOOD ROADS MEETING AT THE DALLES NOVEMBER 27TH

To the Voters of Wasco County: The Wasco County Food Roads association promised the people of Wasco county that as soon as estimate of the proposed improvement of the trunk line roads of Wasco county could be secured that a meeting of representatives of the entire county would be held in The Dalles for purpose of discussing the amount of the proposed bond issue, and amount to be apportioned to the different sections of the road.

The estimates have been secured by the county court from the state highway engineer, and the good roads association has set Saturday, November 27, 1915 at 2 p. m. as the time for holding this meeting in the circuit court chamber in the court house at

The Dalles. Every voter of Wasco county is invited to attend this good roads meeting November 27. It will be impossible for all to be present and the good roads association suggests that any district which cannot be represented by a large number, select delegates to represent the district.

The Wasco County Good Roads Association is not fostering any private propagandas; it is not representing any one district. It believes that the greatest need of Wasco county is better roads, and it is doing all in its power to bring about such an end, but it does not propose to go ahead with any plan of bonding until it is assured that a majority of the voters of this county are behind

the move. For that reason the November 27 meeting has been called. All districts should be represented and heard and then the association can be advised what plan to place before the voters for their final decision. Therefore, the association hopes to see the largest and most representative meeting of voters that has ever been held in Wasco county.

S. Benson, "Oregon's leading citizen," the man who has given hundreds of thousands of dollars for the improvement of Oregon's roads, and who has done so much toward securing state aid for Wasco county's roads, his son, Amos Benson, who is also devoting his time and money to good roads; L. B. Coovert, an attorney who is employed by Mr. Benson for no other purpose than to look after road matters—the man who attended to the legal end of the Multnomah county road bonding and whose valuable services have been offered to Wasco county by Mr. Benson without one cent of cost; J. B. Yeon, a retired capitalist of Portland, who is roadmaster of Multnomah county without pay; Rufus Holman, county commissioner of Multnomah county, and many others will attend the November 27 meeting and offer their expert advice.

Be sure to attend this meeting, WASCO COUNTY GOOD ROADS ASSOCIATION. By J. L. KELLY, President.

School Notes

The school board has decided that there shall be vacation on November 25 and 26, Thursday and Friday on account of Thanksgiving and December 25 to January 2, Christmas and New Years coming on Saturdays.

At the special school meeting last Saturday it was unanimously voted to levy an eight mill tax for all school purposes.

Among the twelve requirements for a standard school is the one that the attendance shall be not less than 92 per cent and the punctuality not less than 98 per cent. Our attendance the past month was 89 per cent and the punctuality was 96 per cent. Try, try again.

A new regulation of the school board requires that pupils for being absent shall bring a written excuse from their parents. The state law knows no excuse for absence of pupils from nine to fifteen years inclusive except on account of sickness of the pupil or in his family.

This school, as usual, and like many other schools, is arranging to send, this week, to the Boys' and Girls' Aid Society of Portland a Thanksgiving donation of cash, canned and fresh fruits, and jellies, which the railroads carry free.

Leslie Hainns, who has come here with his parents from White River has entered school here in the first grade.

Lawrence Harphan and Orvel Fraley have been absent from school this week on account of sickness.
