His personal views are worthy of mention. Said he, "I don't care how old I am nor where I was born but I am so thankful that Columbus discovered America and we have here a land of peace." If like sentiments were shared by all who have their home under the Stars and Stripes regardless of their birth, results could only mean, better citizens, truer Americans and a home of perpetual peace.

### AND NOW:--

Just before old Father Time blows out the candle in room No 1915, we have a few words to say.

We made mistakes this year and we're not going to offer any "explanations"—our friends won't need them and other people won't believe them anyhow. We took our medicine and we didn't make the same mistake twice; also we're going to try and make still fewer mistakes during this coming year.

We've had lots to be grateful for—and some things happened that perhaps were blessings in disguise—and mighty thoroughly disguised at that. And our constant endeavor will be to make life here in Maupin still more worth living.

We intend in the future, as in the past—  
To deserve a reputation for fair dealing;  
To give customers better than they bargained for;  
To be content with a reasonable profit;  
To treat everyone with courtesy;  
To keep our promises.

We also believe that this holiday season will be but the first of a long series of continuously happier ones, and we extend to each and every one of our townspeople—to man, woman and child—our heartfelt greetings and our most sincere wishes for a Happy New Year.
