Whoever thought spring was here was badly mistaken for this section was visited by quite a severe storm the latter part of the week, there being about 15 inches of snow on the ground Saturday morning, but the chinook wind struck here Sunday night and the snow is nearly all

Staines is chairman, had charge of the program which was much enjoyed by all. A sumptuous lunch was served by the ladies. David Sharp was toastmaster for the evening.

We were glad to note the article by W. B. Keene, in last week's issue of the Times. We were pleased to learn that work was to be resumed on the ditch and that it was their intention to bring the water out this season, as their interests are our interests, when it comes to the ditch proposition.

A dance was given at the Barzee hotel last Friday night. Quite a large crowd attended and all report a good time.

### Criterion Chronicles

G. W. Miller of Lane county came up Friday for a short visit

### More Slides

Sunday night's Oregon Trunk trains were both delayed until about noon Monday by a couple of slides, one about four miles up the river and the other one between Shearer and Fallbridge, rendering it out of the question for either the up or down trains to reach Maupin. The ditcher came up from Fallbridge and cleared the track.

### Mud on the Flat

Mrs. G. L. Harphan, Nellie, Jimmie and Lawrence and Tom Muir started for Wapinitia last Friday afternoon in their car to attend the dance given in the new Hotel Barzee. Near L. C. Heneghan's the car stuck in the mud and Mr. Heneghan took them from there to Wapinitia, they returning the next day on the stage.

One of A. W. Fargher's herders became seriously ill last week and Ralph Buzan was "conscripted" for service with the sheep for a few days.

A blanket of wet snow has again covered the ground making travel quite disagreeable and spring seems far away.

Vern Tunison came over Sunday from across Bakeoven for a short visit with friends here.

Mrs. Henderson writes from Friend, that one of their small children is ill with pneumonia.

Criterion people have realized for a long time imperative need of a telephone line between here and Maupin, and stimulated by the Maupin switchboard proposition, have taken definite steps toward the organization of a telephone association in this community. Dale Bonney is president and C. A. Duus secretary and treasurer of the Criterion Co-operative Telephone Association. C. A. Duus D. L. Ruth-

### Thrown From Wagon

While taking a load of baled hay from Maupin to Fargher's ranch Monday, John Donaldson was thrown from the wagon near T. A. Connolly's when a dirt culvert gave way with the weight of the load. A wheel passed over one foot mashing it into the mud hole, and bruising it painfully. His head was struck and back wrenched, but was not rendered unconscious.

Mr. Connolly brought him to town and Dr. Francis was called to attend him. Last reports were that he was getting along nicely.

ford, A. A. Canfield, J. E. Miller and Dale Bonney were selected to draft a constitution and by-laws and prepare plans for building etc. Another meeting will be held Saturday March 11. J. E. Miller was elected delegate to meet with the Maupin association. We are informed that he was the only delegate from neighboring lines at the Maupin meeting last Saturday.

### Smock Items 2

J. E. Kennedy and the Harvey Bros. drove several head of cattle to their ranch on the Deachutes, known as Lick Skillet ranch.

### Warm Debate

The main school room was filled to the limit of capacity Monday evening when local citizens gathered to hear the debate on the question resolved that the U. S. should immediately begin adequate preparations to repel any invasion. After the election of chairmen and secretary by the house, the judges, E. A. Mayhew, Peter Kilburg and H. L. Emmons were chosen. The speakers on the affirmative side were: W. H. Williams, R. B. Bell and F. A. Covey, while G. W. Mallatt, Wm. Irle, and E. J. Fischer spoke on the negative.

Mr. Williams made his talk largely from original argument and in closing desired to make use of the proverbial feminine oratory, while Messrs. Mallatt, Bell, Irle, and Fischer adhered to statistical reference to a large extent in well ordered addresses. Mr. Covey, coming unprepared, made a fair fight for preparedness. The judges all gave their decision in favor of the affirmative, although one of them admitted afterwards that his

## SHATTUCKS WILL ERECT CEMENT

Arrangements were completed yesterday morning whereby Dr. Elwood becomes owner of the building and lots of Shattuck Bros. in which they are conducting a general merchandise business at the present time. He is to have full possession of the entire building in two months during which time Shattuck Bros. will have erected a two story cement structure 40x60 just east of Bates Shattuck's residence into which they will move their merchandise.

## LUMBER

John Davis, he often to me said,  
"My chickens will not lay;  
I feed them dollar wheat for feed,  
But cannot make it pay."

One day he asked his neighbor,  
Why his chickens laid so well,  
He said, "Not feed not labor,  
But my hen house built so well!"

See "Lumber Bill" for Tum-A-Lumber  
and build your henhouse snug and warm,  
And the eggs roll out from under,  
All the chickens on the farm.
