RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and 4 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It is gradually darkened streaked, faded gray hair, and removes dandruff. It is excellent for falling hair and will make hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.

That Fly

As I sat and idly wondered what the duce there was to write, all at once I heard a buzzing, all at once I felt a bite. All at once in dread I started, all at once I gave a cry—I'd received my first spring nibble from the I-I-v. Swiftly at my ear I swatted, but I landed just too late. Then I looked for sticky paper, which would trap it as it ate; also searched I for my swatter, all the place I hunted round. But the swatter and the paper were nowhere to be found. Well I knew there'd be a million if the first fly lived a day, and man's only hope to conquer was the first of them to slay. So did I go buy a swatter and some sticky paper quick? No, I did as you do, brother—put it off till flies were thick.—Dee in Hood River Glacier.

Mrs. Stovall and children returned from a trip to Tygh a week ago today.
