Maupin were selling warehouse
stock here this week.

A number of the cattle men
were riding in the mountains for
beef cattle this week.

Mr. McCubbins and sons of
Wallowa county passed through
the first of the week enroute to the

Bulletin No. 2

Why We Are Opposing A Government Armor Plant

To the People:

Some people say that the very fact that the Bethlehem Steel Company is so aggressively fighting the proposal to build a Government armor plant is conclusive proof that the Company is seeking to assure for itself the "vast profits" derived from private manufacture.

The fact is that armor making is the least profitable feature of steel manufacture.

The reason we oppose a Government plant is very simple. It is this:

Even though there is but little profit in the making of armor, we have invested over \$7,000,000 in our armor plant;

That plant is useless for any other purpose; if a Government plant is built the usefulness of our plant is destroyed.

It would be good business for us to make armor for the Govern-
ment at any price over and above the actual shop cost, RATHER
THAN SACRIFICE OUR ENTIRE INVESTMENT.

We do not seek to save big profits; our purpose is very frankly to save our armor
plant—itsself built solely for the use of the Government—from going to the scrap heap.

To do that, we are prepared to agree for any period to any terms of manufacture
which the Federal Trade Commission shall say absolutely protects the Government
of the United States.

CHAR. M. SCHWAB, Chairman
EUGENE G. GRACE, President

Bethlehem Steel Company

Hunts Ferry Warehouse Co.

Have you ever lost a crop of hay through rusting—or
your barn and hay through spontaneous combustion?
There is one sure way to prevent this—
USE SALT
when you stack your hay
IT PAYS

The salt more than pays for itself in the weight of
the hay. There is a further gain in weight through
moisture held—and the stock will eat up salted hay
clean where unsalted hay will be trampled over and
wasted.

20 pounds of salt should be used to each ton of hay.
Stack three feet of hay, sprinkle the salt over this by
hand. Then another layer of hay, more salt, and so on.

Experiments carried out at the Wisconsin experi-
ment station indicate that salt should be supplied to
dairy cows unless the ration furnishes a sufficient
thereof. It is calculated that the minimum quantity
in the food to keep a cow of 1000 lb. live weight in
flourishing health is that which is equivalent to 3.4 oz.
salt per day, and that a cow in milk needs as much
more as will restore the proportion removed in the
milk, namely, a little over 1.2 oz. of salt for every 20
lb. of milk.

pioneer of this place, having lived
here when there were only a few
ranches.

Mr. and Mrs. Henry Peterson
are attending the Rose carnival.

Ben Foreman has been screening
the porches at his home.

Plans for the celebration of the
Fourth are being well laid and ev-
erything is coming along nicely.
Work on the grounds has com-

mence and the base ball diamond
is now in readiness.

Susan's Home Notes

Mr. and Mrs. W. B. Keen were
up to Keen's Mill the first of last
week and report all snow gone and
the road in fine condition.

Joe Graham is putting in a new
telephone line from Susan's Home
to the lookout station near Sun-
flower Flat.

Mr. and Mrs. Dee Wright passed
through our town recently with
supplies for the new telephone line.

Wood hauling seems to be the
order of the day. Several wagons
loaded with wood for Maupin pass-
ed through here.

Stockholders' Meeting

A meeting of the stockholders
and those desiring to become stock
holders in the Southern Wasco
County Fair Association is called
for Saturday, June 17th, at the
Odd Fellows hall in Tygh Valley
at which time officers will be elect-
ed and arrangements for holding
Fair this year made. The incor-
porators are very anxious that
every stockholder should attend if
possible.

Local Items

Go to Talcott's for confectionery
and ice cream.

Dr. Elwood went to The Dalles
yesterday morning.

Go to Talcott's for your ice
cream sundaes.

Mr. and Mrs. Geo. Thornton of
Smock went to Portland this week.

Try Hopski, it's got the pep.
For sale at Styer's.

Mrs. Conklin and daughter ar-
rived Sunday for a week's visit.

If you want to keep the flies out,
get Tum-A-Lum screen doors.

The sheep shearing crew who
have been shearing near here left
for Bend Tuesday.

'Dad' Coale pays the highest
market price for hides and pelts.

J. T. McClellan of Kaskela was
a business visitor in town Thurs-
day.

If the other fellow could not find
your watch bring it to Emmons
the jeweler.

Mrs. Styer and children came
home Thursday morning for a few
days' visit.

Go to Fischer's Garage for all
your automobile accessories, gaso-
line and storage of machinery.

Mrs. Joe Batty arrived Tuesday
afternoon for a week's visit with
relatives.

Don't blame your clock—it
needs cleaning. Emmons will
do it for you and guarantee it.

M. Sigman was over Wednesday
from Buxton, and while here, hand-
ed us the price of the Times for a
year.

John Confer and wife and Mrs.
Crenger went up to South Junction
Tuesday for a fishing trip.

Louis Emmons leaves this morn-
ing on a vacation tour of Califor-
nia and southern states.

The O. W. R. & N. Co. are on
another grasshopper campaign ask
for literature at this office.

O. Aubrey moved the large box
heater from the main lobby of the
postoffice into the hallway next to
the bathroom, adding some more
coils of pipe, announce it a possi-
bility to heat sufficient water for a
bath every half hour.

A. E. Lake and Al St. Dennis
the past few days have been
working over and putting shelves
in the building north of Fischer's
garage, where Mr. Lake will put
in a general merchandise line in
a few days and intends to erect
a large store building in the near
future.

Marriage licenses have been is-
sued to Wm. F. Pruitt and Mrs.
Mamie L. Grace; Nick Bartholomew
and Stella Haraynow, natives of
Greece.

Still Excavating

The footings are in for the
walls of the big elevator and the
forms are nearly completed for
the placing of the concrete.

About a dozen men are work-
ing on the excavation of a pit 11
feet deep, 40 feet long and 4 feet
wide, which will be cased with
concrete to contain the machin-
ery of the elevator. Considerable
trouble has been caused by the
caving in of the excavations,
the formation of the ground
there being of sediment and sand.

Miss McKay of Tygh Valley is
visiting in Portland.
