Criterion

We were at Tygh Valley Saturday the 17th to attend the meeting of the stockholders of the Southern Wasco fair incorporation. There were 7 directors elected, with L. D. Rely as the one to represent the country east of the river. We think it a very good move, as the company will buy land and fix up a permanent fair ground where any and all fairs this end of the county can be held.

A. A. Canfield and family left Tuesday morning for The Dalles and the Willamette valley where

Egypt's Famous Mosque.
Egypt was long ruled by sultans, one of whom has given his name to what some consider the finest specimen of Saracenic architecture in the world. This is the mosque of Sultan Hassan, the pride of modern Cairo, which was built about 1300, partly with stone taken from the pyramids. So delighted was the sultan with the beauty of the design that he cut off the right hand of the architect to prevent him building a rival edifice. In the walls there are, or were, some cannon balls fired from the neighboring citadel during the French invasion of Egypt.
