VOL. 2, NO. 40

MAUPIN, SOUTHERN WASCO COUNTY, OREGON, FRIDAY, JULY 14, 1916

THE YEAR \$1.50

Troutman-Fischer

The marriage of Miss Dorothy Fischer and Ernest Troutman was solemnized at the home of the latter's parent in North Plains, Oregon, Sunday, July 2. They will be at home to their friends near Maupin, in a few days. Mr. and Mrs. Troutman are worthy young people and the Times joins their many friends in wishing them a long, happy and prosperous life.

Go to Talcott's for your ice cream sundaes.

Basket Dinner

A basket dinner and general good time is planned in honor of the Base Ball Boys and the Maupin Band Sunday on the island above the bridge. This will be the closing exercises of the season and every one is expected to be there at 11 o'clock, and don't forget to bring a well filled basket.

The Maupin boys have played thirteen games this year, and won ten of them.

Some Swimming

With the advent of summer days again for Maupin the spirit of the old swimmin' hole has been revived in the hearts of young and old alike. Mr. Lake, the hustling young merchant at the end of the steel bridge advocates a 'municipal swimming pool' such to be established by spanning the river near the warehouse with a chain of logs.

Tuesday afternoon Mrs. Kelly and Doris could resist no longer, so in company with Mrs. Fischer and Miss Disbrow made the tiny fishes in the intake of L. D. Kelly's Bakeoven irrigation ditch think the Philistines were trying to usurp their quiet abode.

That evening two more parties, one consisting of Mrs. Kaiser, Mrs. D. A. Moad, Mrs. A. C. Moad, Mrs. Tillie Henderson, and the Misses Thrall, Daphne Dyer, Anna Henderson and Holly Moad; and the other, of Harold, John and Van Moad, Eldon Henderson, Earl Smith, Ralph Kaiser and Little Jack Shattuck tested the temperature of the Deschutes river on either side of the island above the bridge sufficiently to discover the water was colder than they expected to find it.

Local Items

Native Girl Dead

After a brief illness Mrs. Harry H. Muir passed away at her home in Westfall, Malheur County, Oregon. The remains were accompanied by Mr. Muir and the parents, Mr. and Mrs. Ed Wing to the old home between Tygh and Wamie, where the funeral services occur today at 1 o'clock.

Miss Clara 'Tot' Wing was born on Juniper Flat, June 25, 1892. While she was quite young her parents move to their home near Tygh and Wamie, where Tot spent most of her life until three years ago when she went to Pendleton. November 3, 1912 she was united in marriage with Harry H. Muir. They made Pendleton their home for nearly a year, then going to Westfall, where they have since resided.

Mrs. Muir was well known in this part and especially the Tygh section, where she received her education, and later teaching school near The Dalles. She was a truly beautiful character, of cheery and hopeful temperament and loved by all who knew her. She leaves besides her husband, father, mother and one brother Wilbur Wing, many other relatives and hosts of friends who are deeply saddened by her loss.

Wapinitia Items

Some hot weather here this week Harrowing and discing summer fallow is the order of the day since the recent heavy rains. Crops are coming out fine, especially spring sown grain. G. E. Wood has especially good spring sown grain, it striking a person to the arms and just beginning to head.

Miss Ida Dorethy of St. Johns is visiting at the home of G. E. Wood. Mrs. Wood met her at Maupin Monday.

Mrs. Lu Woodside's father Mr. McKee returned Thursday to his home at Woodburn.

Hartman's mill commenced running again Monday after laying of a week.

Miss Dora Johnson returned to her home Monday in the Dalles, going with Mr. Evick.

The first band of sheep of the season to go through here passed Monday enroute to their summer home in the mountains. There were two bands belonging to Mr. Mays across the Deschutes.

The well driller who have been drilling for L. M. Woodside struck water some ten days ago at a depth of 474 feet with 30 feet of water standing in the well. Mr. W. is so delighted over the water that he started the pump going Sunday morning and kept it running for four hours just to see the water run. There was an abundance of water for it didn't seem to go down any. He has a gasoline engine installed and is planning to irrigate their garden.

McShane Bros., drillers for Jannsen, went from Mr. Woodside's to R. W. McCorkle's where they drilled a well this spring. There seems to be plenty of water in Mr. McCorkle's well, but is muddy at times, and it is thought to be caving near the bottom, and they are going to put a casing down to prevent dirt coming in.

David Sharpe commenced working for the well drillers Tuesday.

Mr. Apling is changing things around in his store and will serve ice cream Saturday and Sunday to the public. Miss Celia Flinn will assist him in serving.

Baptismal services were held by Rev. Stains Sunday afternoon at Rice's creek, there being four baptized by immersion.

The church here has received a new coat of paint on the inside which greatly adds to its appearance.

Ira Flinn and family returned to concluded on Supplement

J. A. Recants

As an example of the means resorted to by newspapers in getting the news for the popular personal columns the Morning Sun of The Dalles innocently printed the following last Sunday: 'J. A. Lake and family of Maupin are guests at the Albert hotel.' While the actual facts of the case are that J. A. Lake and Dr. Shannon accompanied by some young ladies of Tygh Valley took supper at the hotel and the idea struck J. A. as funny to register as J. A. Lake and family.

Maupin Drug Store

This past week the Maupin Drug Store people have been very busy moving and placing their stock of goods in their new quarters, on the corner of Sixth street and Deschutes avenue. The main front room is handsomely finished off in white enamel. The shelving is all enclosed under partially constructed glass doors. Some elegant glass counters provide for the display of many attractive articles. Three neat window signs adorn the large plate glass front, and withal the little store would be a credit to any thriving little city.

MAUPIN STATE BANK

Mr. L. J. Kelly will build six portable 750 bu. grain bins similar to the above drawing of the TUM-A-LUM Type No. 102. Bins are to be built on his farm near Maupin and will start the first work of granaries on the ranches near Maupin to handle the wheat this year through the new elevator in bulk. It is now an established thing that Maupin is among the leaders in the west to adopt the bulk grain system and there is now already enough elevators and bulk grain buildings under construction this year to make necessary the complete abandoning of the sack system next year all over the west.
