| 60 | Individual Display of Vegetables            | 1.00 |

(Continued on pages 2 and 8). The Juvenile section of the premium list will appear next week. Divisions C and D on page 3 should be numbered consecutively from 60 to 120 instead of 1 to 60.

**More Rainbow Trout**

Monday, a car load of baby fish from the government hatchery near Cascade Locks were unloaded and deposited in the Deschutes river at this place. It is said that the large native fish could be seen to come and devour mouthfuls of the little rainbow trout as they were emptied into the river, and as a result of the destruction by larger fish probably only a small percentage of the 150,000 will survive. Four more car loads of fish are being deposited in the river at different points.

**Will be Reclaimed**

Salem, Ore., July 26.—Plans for the reclamation of 36,000 acres along the White River in Wasco county, have been completed by State Engineer Lewis in cooperation with John T. Whistler of the United States reclamation service. It is proposed to irrigate 36,000 acres of land lying on both sides of the river in the White river project, using the waters of the stream. The estimated cost of the works is \$1,300,000.

**White River**

Clifford Haines and Mabel Morrow are visiting with their grandparents, Mr. and Mrs. J. G. Tunison.

Mr. Ellis held services at White River last Sunday. Mrs. Coberth spent a few days with her sister Mrs. Grover Webb. J. G. Tunison conducted the services at Shady Brook Sunday.

Sidney and Ruby Wilson spent the week end at Wapinitia.

Mr. Mrs. Quincy Morrow have moved to the plant, Quincy taking the summer run, during the operators vacation.

A party of young folks were chaperoned by Mr. and Mrs. Harold Curtis on a small trip Sunday.

York Wilson left on a business trip to Idaho Wednesday morning.

Messages were received by heliograph from Len Wilson at Mt. Wilson, near Mt. Hood, on Ray Tunison's hill on Wednesday about 11:45. Ruby and Don flashed back to him a reply.

Heading is nearly finished in this vicinity for this season.

Mr. Coberth went to The Dalles one day this week purchasing a Ford for Mr. and Mrs. Clogher a Pacific Light and Power man of New York who expect to make a tour of the interesting places through eastern Oregon.

Mr. and Mrs. Dave Hess left on their vacation trip Monday morning to Mr. Hess' ranch at Bandon. They are going through Portland and Willhoit Springs where they will visit Mrs. Hess' mother.

**THREE AUTO ACCIDENTS RECENTLY**

**Another Narrowly Escaped**

Wasco county recently has experienced a number of automobile accidents among which are the following of local interest.

Last week a new Michigan touring car owned by U. J. Sanders of The Dalles, and being driven by him for the first time, rolled completely over during its wild plunge down an embankment and landed on its side in the creek below.

The accident happened near the Manchester Lumber Company's mill 14 miles south of The Dalles. That none were seriously hurt or killed was miraculous. The rear end of the machine, in rolling over, hit a large stump which kept part of the car away from the ground in such a manner that it was not badly damaged, and probably prevented at least some of the occupants from being seriously crushed or killed. Ogden Elwood son of Dr. J. L. Elwood of this place was among the occupants of the machine.

A Ford car carrying two men up Tygh grade Sunday became unmanageable through fault of its steering apparatus and went over the bank, taking a course down the canyon, where it was finally retarded and anchored. Both occupants were badly hurt, one being removed to the hospital.

Last Friday evening, when ascending Rock Creek grade above Wamic, with only dim kerosene lights burning to assist our mem-

ory in locating the road the little Maxwell, recently purchased by ye scribe was deliberately driven off into the canyon and rolled over a couple times, landing on its left side. Miss Lucy Brittain and Little Elvin Breshears were with us, the former receiving a couple slight cuts in the face and Elvin was jarred up and cried for few minutes, but slept peacefully as soon as camp was spread.

Saturday morning we wended our way up to 'Mother's' and Sunday morning our two brothers and Wilbur Mulvaney built a road for the car, set it on its wheels, pulled it back onto the road, cranked it, and we traveled O.K. The only loss suffered was the top, windshield and several gallons of gasoline, which necessitated calling for the services of B. D. Fraley, to supply us with the necessary fluid and tell us to drive on.

While stopped near the foot of White River grade with the machine set in reverse, Mr. Fraley and family had a narrow escape from backing down the canyon, a pile of rocks being all that stopped the car from a fatal trip.

(Wapinitia)

Mr. Apling is going to give the people a treat next Saturday and Sunday by getting strawberry ice-cream.

Dee Wright came out from the mountains Wednesday.

**\$6 BUYS \$1000**

Field grain Insurance for 3 months

You cannot afford to take the chances against wild fires, cigarette smokers and thresher engines. Insurance covers the grain standing, or cut, in stack, in sack, in bulk, in bin, warehouse or elevator.

**MAUPIN STATE BANK**

**SHOE SALE**

We are placing on sale 200 pairs of men's and Women's shoes that we will sell at and below cost. If we have your size you can get a pair of shoes cheap.

**SHATTUCK BROS.**

**Criterion**

Henry Holland is drilling a well for Peter Kirsch.

Miss Pearl Truax is visiting her mother, Mrs. Bert McCready.

We noticed Henry Kramer going down the road with a neck yoke over his shoulder and we wonder if he was looking for a wagon to fit it to.

We all sympathize with Mrs. Bonney and Miss Young in their sad bereavement. Their dog died last week.

C. A. Duns is hauling lumber for his grainery.

A. A. Canfield left for Portland and valley points, the latter part of the week.

Heading will begin here in a few days, crops are looking fine especially the spring wheat and barley.

**Bakeoven Flat**

Edwin Mays and family returned Monday from a visit in Portland.

F. S. Flemming shipped a bunch of cattle to Portland Sunday.

Having is in full blast on the Flat.

Mrs. Bleakney, Ethel and Mrs. Chrisman and son visited at Davis Bros. last Tuesday.

L. L. Christman is getting his threshing machine ready to begin on those fine wheat and barley fields. He expects a good run.

Claud Wilson killed a fine young beef last Monday.

W. A. Brown went to Maupin last Monday.

Tillie Mallatt has returned home from visiting friends at Wasco.

Carl Metz is getting to be quite a traveler in his buzz wagon.

**Take Notice**

There have been so many false representations and so much trouble caused from the water being contaminated here in Maupin and being the owner of the town-site of Maupin and the water supply, that I positively forbid any more cattle, horses or hogs to run at large in the town of Maupin, or any children found playing around the stream, their parents will be held responsible. Any one found meddling with the water supply in any way without the order or permission of the owner will be prosecuted to the extent of the law.

MRS. ABABELLA H. STAATS.  
 (Signed)

We have cabbage, beets and onions for sale at residence.—A. Martin, Maupin. A41f

**FORD**

**THE UNIVERSAL CAR**

The Ford Motor Company is one of the largest consumers of steel in the world—200,000 tons this year. The great volume of production—over 500,000 cars—and the efficient Ford manufacturing organization brings production and selling costs down to a minimum. That's why Ford Buyers get more car for less money. Runabout \$390; Touring Car \$440; Coupelet \$590; Town Car \$640; Sedan \$740. All f. o. b. Detroit. On sale at

**Fischer's Garage**  
 MAUPIN, ORE.

**The Home You Have Always Wanted**

Did you ever get so far as to find out about what it would cost? Ever have or see a plan of it or anything nearly like it?

Quite a few people have found after talking with us that building the "home they have always wanted" wasn't so big or expensive a job as they had thought, and today they are enjoying their new homes.

Our architects have planned in the last year over 100 homes for customers—We can make **YOUR IDEAL HOME FIT your POCKETBOOK**

Just give us an idea of the kind of house you have in mind—our big new **FREE PLANBOOKS** help you decide—and we will submit blue printed plans—with our right price on ALL material necessary for the building. Simple, isn't it?—And no obligation to this at all—no "peeving" if you don't buy.
