

THE MAUPIN TIMES

Devoted to the Interests of Southern Wasco County

VOL. 2, NO. 50

MAUPIN, SOUTHERN WASCO COUNTY, OREGON, FRIDAY, SEPTEMBER 22, 1916

THE YEAR \$1.50

For Sale or Rent
160 acres on Smock Prairie 7 miles SW of Wamic, lots of timber, irrigation water, 25 acres in cultivation.

B. W. MORGAN,
Wamic, Ore.

WILL HAVE AN ELECTRIC PLANT

Quincy Morrow was over from

Tygh yesterday and informs us he has secured an adequate number of names of Maupin parties who have signed up for electric light and power to justify putting in a power plant here and supplying the city with lights.

Mr. Morrow has made arrangements with Mrs. Staats for use of water necessary for the undertaking and will go to Portland in a day or two to purchase the machinery.

This will be a much appreciated convenience for local people and we surely wish to see it successful.

W. L. BRADSHAW

Candidate for re-election for Circuit Judge of the seventh judicial district, comprising Hood River and Wasco counties.

Judge Bradshaw has been judge of the seventh judicial district for the past twenty-five years.

During that time he has given the people an efficient and economical administration of the office.

He has a splendid record in the Supreme Court, being above the average.

If re-elected, will continue to give the people that same conscientious service that he has given in the past.
Pd Adv.

Drank Carbohc Acid

Wasco, Or., Sept. 16.—Dolly Vandetta, 4 years old, while stricken with typhoid fever, was poisoned by her mother, Mrs. Andy Vandetta, here yesterday, and died immediately after the poison was administered. Mrs. Vandetta who was in a fit of delirium, also poisoned her infant child and her sister, Mrs. W. H. Yanney, of this place, at whose home she was visiting, after which she swallowed carbohc acid herself. Dr. W. N. Morse rushed to the scene and by use of the stomach pump was able to save their lives.

Mrs. Vandetta, while mentally deranged, placed carbohc acid in milk and other foods about the place in order to make her work complete. Mrs. Yanney took the poison while drinking a glass of milk. Mrs. Vandetta, who has been ill for some time is quite low and it is thought that she may now have typhoid fever.—Oregonian.

O. E. Davis Dead

Oren Eno Davis was born in the state of Illinois on the 13th day of August 1839. He was married to Lydia Miranda Widdfield Feb. 4, 1853. There were nine children born to this union, all of whom are now living. The eldest son and daughter reside in the state of Missouri, the rest residing in the state of Oregon, and with the exception of one son in Washington county, all reside in Wasco county.

Mr. Davis united with the Methodist Episcopal church during his young manhood and has ever since lived an exemplary Christian life. He died September

14th, 1916. Interment was made in the Hintru cemetery, services conducted by G. R. Ellis.

Card of Thanks

The relatives of the deceased wish to extend their heartfelt thanks to the neighbors and friends for their help and sympathy extended them during their recent bereavement.

Correspondents: Short items unnecessarily prolonged and mention of local neighborhood calls are often abbreviated or omitted for need of type and space for more important news matter.

White River

Mrs. Mary Mayfield and children are visiting her father, Harvey Martin.

Grace Tunison was a visitor in this neighborhood last week.

Mrs. Mabel Miller who has been visiting her mother, Mrs. Jim Brown about a month returned to her home in Idabo.

Mr. Hess and Mrs. Milstead went to The Dalles this week where Mrs. Hess is staying with her sister, Mrs. Laverty. Mr. Laverty is slowly failing.

Three cheers for White River. Mullers received only six 1st prizes, Daphne Conley three and several others too numerous to mention. How is this for boosting Southern Wasco County's fair. The exhibits were fine.

The fair must have been too much for some people as several have been on the sick list since.

Everywhere you go you hear something good for "Booster Butler." We extend our thanks to him and hope he will be able to help in many more such fairs.

S. L. Wiggins,
T. F. & P. A., O. W. R. & N.

Bakeoven

Friends and neighbors were shocked to hear of the sudden passing away of Mr. Davis. One of his sons came up from the Valley but arrived too late for the funeral. The family have our sincere sympathy in their sad loss.

Effie Vanderveer who has been visiting her mother returned to Portland Monday.

C. C. Davis and wife who have been helping Davis Bros. with their harvesting returned to their home on Ridgeway Sunday.

Mrs. Eb Fine and children of Ridgeway have moved into Shaniko for the winter so the boy can attend school.

Jerome Buzan finished up with the combine Friday evening and is now putting up his third crop of dry land alfalfa.

Mrs. Ida Overman and children who have been visiting Mrs. Bert Davis returned to The Dalles Tuesday.

W. H. Staats was called over the phone Wednesday to attend the good roads meeting which was in session there.

ANSWER ON TYGH FAIR

In last week's Chronicle there appeared an article written by G. J. C. about the Tygh Valley fair. We think we have a right to be offended when someone comes out to our fair and accepts our hospitality, then turns around and writes

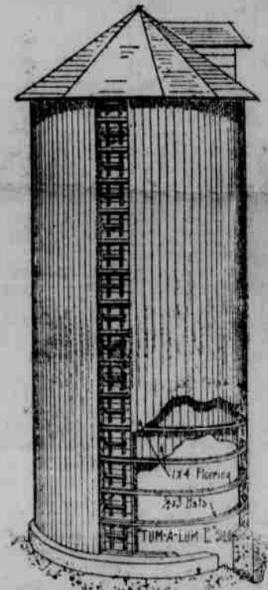

a big article in the paper insinuating that our fair was "One grand Joke," and that we are inferior rustics who know nothing outside our own locality. We would gladly accept criticisms of our fair, providing we could better it, but when it comes to casting aslender at us and our fair, we feel that we have a right to be offended. If the person who wrote the article would just consider a moment, maybe he (concluded on supplement)

"Farmer" Smith Builds Tum-A-Lum Silos

Builds two 100 ton TUM-A-LUM SILOS ON NEW MODEL FARM a few miles from Lexington, Ore.—a new diversified farming project about to be launched. In this section after several years of drilling, a gigantic flow of artesian water has been struck. "Farmer" C. L. Smith, Agriculturalist of the O. W. R. & N. will head a new company to develop a model diversified farm

Among the new barns, hogsheds, chicken sheds, all of the latest plans, will be built TWO 100 TON TUM-A-LUM SILOS.

- The First Silo Built in Morrow County—A Tum-A-Lum Silo
- The First Silo Built in Sherman Co—A Tum-A-Lum Silo
- The First Silo Built in Jefferson Co—A Tum-A-Lum Silo
- The First Silo Built on the Tum-A-Lo Project, Ore.
- Largest Silo in Eastern Wash. and Ore.—A Tum-A-Lum Silo
- Most Popular Silo in the Yakima Valley—Tum-A-Lum Silo
- Coming Silo in the Walla Walla Valley—Tum-A-Lum Silo
- The First Silo on Juniper Flat Built by John V. Martin

Have you investigated the construction of the Tum-A-Lum Silo—it's different—recommended by Washington State College, Oregon Agricultural College, and U. S. Dept. of Agriculture above all other silos for this climate. [Bulletin numbers on request
