Pendleton Normal School Proven Necessity

(Copied from Portland Oregonian.)

MONMOUTH, Ore., June 25.—The Oregon Normal school opened this week . . . students enrolled 785, largest on record for state Normal in Oregon . . . how to care for large student body a problem . . . 800 being crowded into auditorium with seating capacity of 550. Galleries filled with extra chairs in aisles. More than 150 students seated on platform. New boarding houses completed, additions to rooming houses built and tents used. One hundred girls sleep on upper floor of school.

The official school report gives 150 grade pupils in Monmouth, for teacher practice.

Read what those who have elected to handle the affairs of your state and who are thoroughly informed regarding school conditions in Oregon have to say concerning measure 308 on the ballot at the coming election:

By James Withycombe, Governor of Oregon:

"Oregon is unquestionably in need of more normal school work and Pendleton is the logical place for a school of this class in Eastern Oregon."

By J. A. Churchill, State Superintendent of Public Instruction:

"I trust that the voters of the State will assist in raising the standard of our schools by establishing a State Normal School at Pendleton."

By P. L. Campbell, President of the University of Oregon:

"At least one additional Normal School is urgently needed in Oregon."

By W. J. Kerr, President of the Oregon Agricultural College:

"Since the people of Pendleton are initiating a measure for the establishment of a Normal School at that place, it will give me pleasure to support this measure."

By J. H. Ackerman, President Oregon Normal School, at Monmouth:

"A careful analysis of the situation will convince any one that Oregon needs a Normal School in Eastern Oregon and Pendleton fills all the government requirements."

By the County School Superintendents of Oregon:

"Honored, that it is in the sense of the County School Superintendents of the State of Oregon, in convention assembled, that the best interests of the schools of the State demand increased facilities for the training of teachers, and that we, therefore, endorse the initiative measure to establish a Normal School at Pendleton."

By Mrs. Charles H. Cantner, President of the Oregon Federation of Women's Clubs:

"I most heartily endorse the location of said Normal School at Pendleton."

Prof. Robert C. French, Former President of the Normal School Located at Weston:

"An immediate establishment of such a school at some central point such as Pendleton would prove a great asset to the State of Oregon."

B. F. Mulkey, Ex-President Southern Oregon Normal School:

"I shall support the location of an Eastern Oregon Normal School at Pendleton."

Partial election. So far as we know only one political rally, this being rather unostentatious, held by two 9th grade pupils, and not being cautious of their bonfire, it burned several panels of rail fence on the Etta Large ranch where David Mayfield resides. The boys are making good by rebuilding with wire fencing, working Saturdays and Sundays. We are unable to state which side rally represented, but suppose Hughes, as Wilson needs none to follow up rebuilding. Mrs. Thos. Stakely of Portland visited Mrs. John Hoyer last Wednesday. I. T. Courtright received several boxes of peaches from a sister at White Salmon, Fred Bichsel bringing them up from Sherar. Miss Eva Syron commenced school Monday, is one of the 9th grade pupils. Mrs. Alta Stakely is taking care of the house.

PORTLAND CHAMBER OF COMMERCE STRONGLY ENDORSES BILL FOR SCHOOL TO BE LOCATED AT PENDLETON.

Portland, Ore.—The Portland Chamber of Commerce, which stands at the head of the businessmen's organization of the state, recently endorsed the measure proposing a Normal School at Pendleton in a resolution, giving the following reasons:

"We believe that Eastern Oregon is reasonable in its demands that such a school be located east of the Cascade mountains, hence we recommend its location at Pendleton as the most logical for the following reasons:

"First, it is a city of some size, having an enrollment of over 1,000 grade pupils.

"Second, Pendleton is very accessible, having over twenty passenger trains each day from five directions.

"Third, its location is as near central as could be expected, making it easy of access at a moderate cost to the students.

"Fourth, it is our understanding that the citizens of Pendleton propose to donate a very favorable site for the school.

"Fifth, many other advantages are: A good public library, several churches, pure water and a big, intelligent community that will take pride in the progress of the school."
