## SENT IN BY OUR CORRESPONDENTS

### Wapinitia Items

Rain, snow, wind and sunshine have all been measured out to us by the weather man the past week. The first snow of the season fell Sunday night which melted as fast as it came here but the hills surrounding the Flat were covered with snow Monday.  
Mrs. Pegg, mother of Mrs. J. P. Abbott, and Mrs. Ira Gresham arrived here from Ind. Saturday. Mrs. Pegg is 78 years old and made the trip alone.  
Mr. W. B. Keen who has spent the summer working on the ditch, left with his wife for their home in Portland last week. The work is now in charge of Mr. Headin who is planning quite extensive work in McCubbins Gulch yet this fall.  
Charles Walker has been putting in logs for the Hartman mill. Mr. Hartman expects to commence sawing the last of the week.  
Lincoln Hartman who is attending high school in The Dalles came home Saturday and expects to return Wednesday.  
W. O. Wilson made a trip to The Dalles Saturday bringing Ruby home with him, she returning to her school Sunday.  
Frank Gable who has been to The Dalles for medical treatment returned home Saturday.  
Mias Celia Flinn was visiting at the Geo. Magill home in Wamic Saturday and Sunday.  
Joe Graham and Al Daniels came out from the mountains Monday and on their way out the snow covered the wind shield so they could not see very well where they were going with their car and ran into a tree. Mr. Daniels says the Ford tried to climb it and would have succeeded had the tree had bark or limb on it. The results were a smashed wheel, bent axle, radius rod, and crank shaft and injuries too numerous to mention.  
An "Overland" agent spent several days on the Flat last week advertising his car. Among those ordering cars was Mose Delore of this burg.  
John Powell has ordered a new Ford and expects soon to be making the dirt fly.  
Miss Minnie Tapp came home from Dufur Saturday returning Sunday.  
Mr. and Mrs. Hartman are down from the mill for a few days this week.  
Geo. Ledford came out from the mountains Monday.  
Jim Harlan went to The Dalles Wednesday taking the ballot boxes.

## MUCH INTEREST IN ELECTION

### Wilson Leads

Donaldson's hall, the polling place for the Maupin precinct, proved a popular place for citizens of this section Tuesday, nearly every one taking advantage of the opportunity to voice their political sentiments, 147 ballots being cast, the results of the local count being as follows:

## More Rooms Added

The 7th of October the Mead hotel changed hands and is known now as the Maupin hotel, Mrs. Lotta Miller as proprietor.

## New Garage

W. C. Vanderpool has leased the automobile department of Fraley's new building and will open up a complete garage the first of the year or before if everything is in readiness. The construction work on the new building is progressing rapidly considering the difficulties experienced in procuring material. Mr. Fraley expects to take possession in about a week.  
*If the other fellow could not fix your watch bring it to Emmons the jeweler.*

## More Improvements

G. L. Harphan is building an addition 16x20 to the rear end of the confectionery store and will continue improvements by installing plate glass display windows in the front of the present building.

## How to Get the Most Barn Value for Your Money

Yes, our business is selling lumber BUT—satisfaction to the buyer must go with every bill we sell or WE are not satisfied.

We know that if you are building a barn and you want and expect that barn to be the best in every respect that the money you put into it can produce.

And we make it our business to see that every barn bill we sell shall be satisfactory in every detail so far as material, cost and quality are concerned, and we sometimes go a long ways to make good on that policy.

It will be well worth your while to bring us your bill, or come to us when you first decide to build—we will help you from start to finish.

We have planned many barns this fall for our customers—small shed roof barns, one story dairy barns—circle roof barns with special Tum-A-Lum construction—large gambrel roof barns—and can show you plans, pictures and costs of various types.

No obligation—we'll be glad to do it.
