### SALTS FINE FOR RACHING KIDNEYS

We eat too much meat which clogs kidneys, then the Back hurts.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

#### Afterward.

Jones (who has called round to see if his friend has recovered from a wild night)—Is Mr. Wuzzy up yet?  
Landlady (sternly)—Yes, he got up an hour ago, drank his bath, and went back to bed.—London Notes.

#### Not Always So.

"A man learns most who begins at the bottom," remarked the parlor philosopher.  
"How about the fellow who is learning to swim?" asked the mere man.—Judge.

#### Fatal Kindness.

Minnie—So sorry to hear of your motor accident!  
Lionel—Oh, thanks; it's nothing. Expect to live through many more.  
Minnie—Oh, but I hope not!—Cincinnati Commercial Tribune.

#### It Makes a Difference.

The young wife—Some women don't like to have a husband hang around the house all the time, evening after evening. I'm sure I don't mind it, do you?  
Married friend—Whose husband?

#### Strictly Temperate.

He—Let's go out and have a tete-a-tete.  
She—All right, but don't let 'em make mine too strong.—Baltimore American.

#### Little Elsie had been chastised for misbehavior.

"What's the matter dear?" asked grandma. "Did you have an accident?"  
"No, grandma," sobbed Elsie, "it wasn't an accident. Mamma did it on purpose."—Chicago Daily News.

#### Married friend—Whose husband?

Strictly Temperate.  
He—Let's go out and have a tete-a-tete.

#### Little Elsie had been chastised for misbehavior.

"What's the matter dear?" asked grandma. "Did you have an accident?"  
"No, grandma," sobbed Elsie, "it wasn't an accident. Mamma did it on purpose."—Chicago Daily News.

#### Motion for Haste Ready.

Washington, D. C.—Preparations were made Monday to submit to the Supreme court when it reconvenes, the motion to expedite the Missouri, Oklahoma & Gulf railroad case, to determine the constitutionality of the Adamson law. The motion for expedition was sent to Supreme court chambers by Solicitor General Davis. Railroad counsel are expected to be in court and concur. The railroad brotherhoods probably will not have counsel participating, the defense being in charge of the department of Justice.

#### Cuban Vote Still in Doubt.

Havana, Cuba—Although a month has elapsed since Cuba's presidential election, the result still remains in doubt and many months may elapse before the outcome is definitely known. Partial re-elections must be held in two provinces where fraud or coercion interfered. The returns give President Menocal a majority in Matanzas, Pinar del Rio and Oriente provinces. Dr. Alfredo Zavala, liberal candidate, carried Havana and Camaguey provinces.

#### Road Headquarters Go to Portland.

Washington, D. C.—The department of Agriculture has decided to locate at Portland headquarters of the Northwest public road and rural engineering district, created under the new Federal road roads act. Government road construction in Oregon, Washington and Idaho will be supervised from Portland.

#### Turkish War Budget Increased.

Amsterdam, via London.—A Constantinople dispatch says the Turkish chamber of deputies has accepted a proposal to increase this year's budget for the war ministry by £50,000,000.

## CONSTANTINOPLE IS PROMISED RUSSIA

### Dardanelles Also to Be Turned Over on Victory of Allies.

## HELP IS SENT TO BUCHAREST

### New Russian Effort to Check Advance of Von Mackensen is Seen South of Roumanian Capital City.

London.—An event surpassing in far-reaching importance the actual military operations of the war came Sunday in the public announcement by the new Russian Premier, Alexander Trepoff, that, by an agreement concluded in 1915 and subsequently adhered to by Italy, the allies definitely established Russia's right to Constantinople and the Straits.

Simultaneously, with the fate of Bucharest still hanging in the balance, came the news that Russia was making heroic efforts to turn the tide of events in Roumania, in addition to exerting vigorous pressure against Von Falkenhayn in Moldavia, where the Russians have gained a footing at Kirilobah.

The new Russian effort was visible south of Bucharest in an important attack on Field Marshal Von Mackensen's rear, which, according to the Russian official report, was accompanied by some success, the Germans and Bulgarians having been driven from Tzomana and Gostinari. The Russians are also successfully applying pressure in Dobruja.

These Russian attacks on the two extreme flanks of the central forces may change the complexion of the Roumanian campaign, as there is no indication as yet that the central powers have succeeded in cutting off any considerable portion of the Roumanian armies.

## Carranza Forces Again Occupy Looted City of Chihuahua

Juarez, Mex.—Carranza forces were again in control of Chihuahua City Sunday and Villa had fled to the mountains to the west of the capital city, it was announced by General Francisco Gonzales, commander of the Chihuahua brigade here.

General Francisco Murguia, the Carranza commander, who has been moving slowly northward from Torreon, was also reported to have entered the city after having defeated the Villa column 80 miles south of Chihuahua City.

No Americans have been killed in Chihuahua City by Villa, according to a private message received here from that city. The message said that the only foreigners to suffer were the Chinese, for whom the bandits showed no mercy. General Murguia and Trevino were both in Chihuahua City.

## Red Tape Costs Property.

Sheridan, Or.—William H. Dinmore, of Sheridan, will lose his claim secured at the Colville land drawing last spring. Mr. Dinmore sent his check for the first payment, which was due, and the government refused the check, demanding cash.

Mr. Dinmore was not notified until it was too late to deposit the required coin, and was informed he was out of the race.

The claim was an exceptionally fine one, adjoining cultivated land on two sides valued at \$100 an acre, and Mr. Dinmore feels the loss keenly.

## Buffalo Are Increasing.

Washington, D. C.—The buffalo, once threatened with extinction, is increasing in numbers on government reservations, according to the annual report of the biological survey. Five big game preserves and 67 bird reservations are maintained by the survey. The report urges that more tracts of land not suitable for agricultural purposes be converted into breeding grounds for birds. Many thousand acres of marsh lands, it declares, could be turned easily into breeding grounds for water fowl.

## Motion for Haste Ready.

Washington, D. C.—Preparations were made Monday to submit to the Supreme court when it reconvenes, the motion to expedite the Missouri, Oklahoma & Gulf railroad case, to determine the constitutionality of the Adamson law. The motion for expedition was sent to Supreme court chambers by Solicitor General Davis. Railroad counsel are expected to be in court and concur. The railroad brotherhoods probably will not have counsel participating, the defense being in charge of the department of Justice.

## Cuban Vote Still in Doubt.

Havana, Cuba—Although a month has elapsed since Cuba's presidential election, the result still remains in doubt and many months may elapse before the outcome is definitely known. Partial re-elections must be held in two provinces where fraud or coercion interfered. The returns give President Menocal a majority in Matanzas, Pinar del Rio and Oriente provinces. Dr. Alfredo Zavala, liberal candidate, carried Havana and Camaguey provinces.

### Of General Interest

### About Oregon

### University Students Live Well on 8-Cent Meals by Clubbing

Salem.—The riddle of the high cost of living apparently has been solved by the Commons Co-operative Club of Willamette University, composed of 26 students.

This club during October furnished its members with three meals a day for an average cost of 24.8 cents a day each, or 8.3 cents a meal. This cost also included the salary of the cook, fuel and light. The actual price paid for foodstuffs was 18.8 cents a day, or 6.3 cents a meal.

The students do all the buying, serving of meals, washing dishes and other work. The meals are served in the basement of Walter Hall. F. E. Priddy and C. E. Womer are the two students who have charge of the purchase of food supplies, and despite the low cost they said that they were able to obtain a wide variety of food and satisfy the appetites of the club members.

"In October," said Mr. Priddy, "it cost our club only \$7.70 for each member for food, and we gave a well-balanced ration. We pay our cook \$35 a month and board, our food for fuel purposes costs \$12 and lights \$1 for the month. For food we paid out \$152.20 in the 31 days of the month."

For breakfast the students are served with griddle cakes, cereal, hash, bread and butter and coffee. For luncheon there are three kinds of vegetables, bread and butter, tea or coffee. No meat or dessert is served. The dinner in the evening includes vegetables, meats, bread and butter, dessert of some kind, and either coffee or cocoa.

Simultaneously, with the fate of Bucharest still hanging in the balance, came the news that Russia was making heroic efforts to turn the tide of events in Roumania, in addition to exerting vigorous pressure against Von Falkenhayn in Moldavia, where the Russians have gained a footing at Kirilobah.

The new Russian effort was visible south of Bucharest in an important attack on Field Marshal Von Mackensen's rear, which, according to the Russian official report, was accompanied by some success, the Germans and Bulgarians having been driven from Tzomana and Gostinari. The Russians are also successfully applying pressure in Dobruja.

### State Tax Levy Test Begun:

### Six Per Cent Limitation in Court

Salem.—A state tax which will provide for all the requirements of the state government will be certified to the various counties by the State Tax commission, it was announced Tuesday at a meeting attended by the governor, secretary of state and state treasurer.

The board will make the certification without regard to the 6 per cent tax limitation amendment adopted at the recent general election and thus the question of whether the amendment is applicable to the state levy will be brought before the courts for decision.

An early settlement of the question is desired so the legislature may be informed whether or not additional legislation to put amendment in operation is needed.

The tax commission is not deemed a tax levying body and the point has been raised that it is the counties which make the state levy and not the tax commission.

### Cornerstone is Laid.

Roseburg.—Two thousand people saw the cornerstone of Roseburg's new Federal building laid Monday afternoon by the acting officers of the Grand Lodge of Masons of Oregon. Former Grand Worshipful Master J. C. Fullerton had charge of the ceremony, and ex-Congressman Binger Herman was orator of the day.

The business houses were closed and the High School students marched to the Federal building in honor of the event. In the usual copper box placed for historical recollection, if the building should be destroyed, were copies of local papers, the names of the city government and the acting officers of the Grand Lodge of Masons.

### New Road Plan Proposed.

Salem.—The members of the State Highway commission are in favor of being relieved of duties connected with the highway development of the state and having the work placed in the hands of a non-political commission.

This was the information given to a sub-committee of the Oregon Good Roads committee, which met with the Highway commission. This committee is framing practical road legislation with a view of preparing a bill for action by the next legislature.

### Redmond Growers Sell Potatoes.

Redmond, Or.—The News Letter, issued by R. A. Blanchard, county agriculturist, at Redmond, recently to the members of the Deschutes Valley Potato Growers' association contained the information that the first pool of the season was sold by Manager R. H. Parsons, consisting of five cars of potatoes, which go to San Francisco. These potatoes were sold through the R. W. Faulkner company, of Sacramento. Buyers have paid as high as \$2 a sack, representing 35 cents above the market price.

### Mexican Right Obtained.

Marshfield.—A. M. Conard, of Sonora, Mexico; John Nielson and J. P. Olson, of Bandon, have organized a \$500,000 company for the purpose of operating a fishing concession on the Gulf of California and expect to commence in 1917. Mr. Conard obtained the concession from President Carranza. There is no fish canning company operating in Lower California peninsula, and this company will handle oysters, shrimps and many varieties of fish, abundant in those waters. The company will also handle turtles.

### Prunes Are Shipped East.

Sheridan.—Sheridan shipped east 1,037,000 pounds of prunes, Wednesday, this shipment comprising the output of 10 of the large orchards around Sheridan. Seven to seven and one half cents was the price brought. The prunes were of the finest quality. Next year more acreage will come into bearing and the output may be doubled.

### Portland Man Appointed.

Salem.—J. H. Gault, of Portland has been appointed chief engineer at the Eastern Oregon state hospital to succeed Charles Murphy, recently named as superintendent of the Oregon penitentiary.

## Everyone Should Drink Hot Water in the Morning

### Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headaches, colds, rheumatism or easy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Dr. Hiram Stevens Maxim, a well-known physician, says: "To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach."

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drinking phosphated hot water every morning rid your system of these poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

### Price of Horses Will Advance.

Lewiston, Idaho.—That the price of horses will continue to advance is the opinion of E. E. Flood, ex-president of the Northwest Livestock Show. D. O. Lieth, buyer for a large exporting company in Kansas City, Mo., who spent several months in this territory purchasing hundreds of horses, wired Mr. Flood that he would soon return to the Northwest and renew his purchases of animals suitable for use on European battlefields.

"The prices for horses are rapidly advancing, due to the fact that the allies have taken so many out of this territory and shipped them to Europe," said Mr. Flood. "Mr. Lieth will find prices advanced even since he left here a short time ago. I take it that the allied forces are not expiring any let-up in hostilities in Europe when they send their agents back here for more war horses."

### Mr. Murphy Takes Charge.

Salem.—The members of the State board of control Tuesday vested Charles A. Murphy, ex-chief engineer at the Eastern Oregon state hospital and recently appointed superintendent of the penitentiary to succeed J. W. Minuto, with full authority over the prison management. Mr. Murphy assumed charge of the prison Wednesday.

A system of accounting will be installed at the prison and a full inventory of the stock and equipment on hand will be taken before any changes are made.

### Ridgefield Potatoes Are Selling.

Ridgefield, Wash.—Because local potato buyers are unable to get cars for making Eastern shipments, hundreds of sacks of potatoes are being shipped by water to Portland, where they are placed in cars there, while some are put aboard vessels for California points. Last Wednesday 1900 sacks of were shipped from the warehouse here to Portland, and on Friday 800 sacks were sent. Despite the heavy shipments the warehouse is again full, while the storeroom in a large feed store has several hundred sacks.

### Nothing Very Serious.

Mrs. Casey—Och, Pat, when the doctor told ye ye had something wid a Latin name to it a yar-nd long, didn't it scare ye?  
Casey—Falth, it did, Norah, darlin'! But when he only charged me a dollar I knew it didn't amount to much.

### Corrected.

## LAND FOR SALE

### in Kern County, California

20 acres fenced and having old well, about five miles from Bakersfield, California, near highway. Good alfalfa land or potatoes and other vegetables. Good crop is being raised on adjoining land. Near good homes and schools. Only five miles from Bakersfield. Low price and easy terms to the right man who wants some good land and good location where he can do well. Address M. A. Green, 822 Mission Street, San Francisco, California.

### Forest Notes.

The National Forests contain the most extensive public playgrounds in the world, and are open to the free use of the people.

Lightning caused 27 1/2 per cent of the 1891 forest fires suppressed by the Forest Service in Oregon, Washington and Alaska during the season of 1916.

The timber and grazing resources in the National Forests of Oregon, Washington and Alaska have an estimated value of \$233,000,000.

## HAVE DARK HAIR AND LOOK YOUNG

Nobody can Tell when you Darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair faded on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it restores so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

### Loves His Liza.

"Look here, Sam."  
"Yes, Liza."  
"I begger 'n' think yer doesn't love me no mo'."  
"Nonsense, Liza; what put that in yo' head?"  
"Why, you just sits there by the fire and sees me work."  
"Why, Liza, the more I sits here by this fire an' sees yer workin', the more I loves yer, honey."—Buffalo News.

### The Crank's View.

Society Reporter—I understand you are making plans to marry Miss Newrich next year, Count Brokinsky.

Count Brokinsky—Ha! You are quite correct. But I have ze plans all finished. We are now working on ze budget."—Exchange.

### Of Course.

Feminist—Just think, if the girls were taken away from this college what would follow?  
Chorus of roughs—We would—Chapparral.

### Nothing Unemployed.

"Talk about people who put every-thing to use, Mrs. Blank is the limit."  
"Is she?"  
"Why, that woman would use the family skeleton for a dress form."—Boston Transcript.

### A Chappie's Lament.

"In Shakespearean times young bloods sat on the stage."  
"And we think we know it all. Why, the best we can do today is to put extra chairs in the orchestra pit."—Louisville Courier-Journal.

### The French Tribunal.

Doctor—Why were you rejected?  
Applicant (smiling)—For imbecility.  
"What do you do for a living?"  
"Nothing; I have an income of 60,000 francs."  
"Are you married?"  
"Yes."  
"What does your wife do?"  
"Nothing; she is richer than I."  
"You are no imbecile. Passed for general service."—London Daily News.

## Sore Eyes

## What Is Uric Acid?

### THE CAUSE OF BACKACHE, RHEUMATISM, GRAVEL AND SUDDEN DEATH.

Ever since the discovery of uric acid in the blood by Scheele, in 1773, and the bad effect it had upon the body, scientists and physicians have striven to rid the tissues and the blood of this poison. Because of its overabundance in the system it causes backache, pains here and there, rheumatism, gout, gravel, neuralgia and sciatica. It was Dr. Pierce who discovered a new agent, called "Amuric," which will throw out and completely eradicate this uric acid from the system. "Amuric" has proved to be 37 times more potent than *Uric Acid*, and consequently you need no longer fear muscular or articular rheumatism or gout, or many other diseases which are dependent on an accumulation of uric acid within the body. Send to Dr. Pierce, the Invalids' Health and Surgical Institute, Buffalo, N. Y., for a pamphlet on "Amuric," or send 10 cents for a trial package of "Amuric Tablets."  
If you feel that tired, worn-out feeling, backache, neuralgia, or if your sleep is disturbed by too frequent urination, go to your best drug store and ask for Dr. Pierce's Amuric Tablets. They are put up in 50-cent packages.  
Doctor Pierce's reputation is back of this medicine and you know that his "Golden Medical Discovery" for the blood and his "Favorite Prescription" for the livers of women have a splendid reputation for the past fifty years.
