**TO DARKEN HAIR APPLY SAGE TEA**

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

**Wheat Prices Soar Again as Peace Probabilities Disappear**

Chicago — Soaring prices in the wheat market Wednesday resulted chiefly from the warlike answer which the entente allies made on Saturday to the peace offer from Berlin. After an extreme ascent of 7 cents a bushel, the market closed unsettled, 5 3/8c net higher, with May at \$1.79 1/2 to \$1.80 1/2, and July at \$1.46 1/2 to \$1.46 1/2. Corn gained 1 1/2 to 2c, and oats 1 1/2 to 1 1/2c. Provisions finished at a range varying from 2 1/2c decline to a rise of 7 1/2 cents.

Excitement was manifest at the opening of business in the wheat pit, and there were gains right at the start running all the way from 1 cent to 4 1/2 cents a bushel.

Rushes to buy and scarcity of offerings formed the order of the day, until holders were tempted by chances to realize immediate profits of 6 to 8 cents. Even under such circumstances, however, pressure to sell was none too eager, so general was the agreement of traders that the outlook appeared slight at present for a cessation of hostilities in Europe.

Corn rose with wheat. Besides, receipts were light and there were signs of a demand for export shipments by way of the Gulf of Mexico.

Oats readily followed the upward course of other cereals. Houses with Eastern connections were conspicuous buyers.

**Army Bullets Cost More.**

Washington, D. C.—The rising cost of everything has even struck the cartridges for the army rifles, Brigadier General Crozier, chief of ordnance, told the house military committee Thursday, explaining a request for \$18,000,000 for reserve ammunition.

By June 30 the government expects to double its store of small arms ammunition, General Crozier said, and in two years hopes to have on hand 2,000,000,000 rounds. By June 30 the department expects to have 400,000,000 rounds on hand for machine guns.

**Sugar Ten Cents Lower.**

**BIG EATERS GET KIDNEY TROUBLE**

Take Salts at first sign of Bladder irritation or Back-ache.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, rest from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, make a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

**National Forest Ranges Are Heavy Stock Producers**

That the National Forest ranges in Northern Washington are among the greatest beef and mutton producers of any open range land in the country, is indicated by reports from the Okanogan National Forest concerning the weights of sheep and cattle shipped from these ranges this year, recently received by District Forester George H. Cecil, Portland Ore.

Shipments of lambs direct from these ranges averaged 92 1/2 to 95 pounds at the stockyards, while one shipment of Roan Shorthorn-Herford steers averaged 1366 pounds each with the shrinkage off. The average on the Okanogan Forest for top beef this season will exceed 1300 pounds.

The stock growers and the Forest Service cooperate through twelve local stock growers' associations in the Okanogan country. The various problems of the stock business are threshed out at the association meetings, so that each member may profit from the experience of others.

It is expected that in the near future only high grade bulls will be permitted on these ranges. Already a number of the associations have bought such bulls, which are run on the range, each member paying a service fee prorated according to the number of cows he turns out on the range.

**Maidless Again.**

Mrs. Degraw is minus a maid again. It happened this way: "Maggie, I think you had better wash the windows 'ay, before we put up the new white curtains."  
"I don't wash no windows for nobody, mum. I don't wash my own windows at hum, and I certainly won't wash yours."  
"But washing windows is just as much a part of housework as washing floors, Maggie."  
"I don't wash no floors, neither."  
The door bell rang. Maggie stood still.  
"Why don't you go to the door, Maggie?"  
"Go to the door yourself. You look better than I do."  
"Maggie, do as you are told."  
"Not when I ain't dressed up, mum. And while we're talkin' frank, let me tell you that I don't like the way this house is managed. Not a bit!"  
"Then, my young woman, you trot upstairs and pack your trunk, and get out of here as fast as you can. I didn't hire you to be the lady of the house."  
(Exit Maggie in a great rage.)
