Portland Yard Closes Contract for Two Big Wooden Ships

Portland—Gaston, Williams & Wigmore Steamship corporation, of New York, one of the best known Eastern maritime firms, has contracted with Joseph Supple for the construction of two wooden vessels that will be built on the East Side, on property under lease to Mr. Supple from the Spokane, Portland & Seattle railroad, north of the Hawthorne bridge approach and handy to his present plant at the foot of Belmont street.

News of closing of contracts was received Wednesday, though it has been known for weeks that negotiations were under way, and Mr. Supple, with Fred A. Ballin, associated with him as designer of the ships, left for New York two weeks ago. Mr. Ballin is the designer of a special type of a composite vessel, wood and steel being used, while Mr. Supple has had a strong leaning toward a wooden vessel with a double planked hull, the first planking next to the frames being laid diagonally to afford strength. Both have been submitted to prospective purchasers, but the builders had declined to close except at figures that would insure the new yard a profit. In this case it is believed by their friends that the move means the plant will be extensive, as well as permanent, for considerable business is looked for.

Olympia is to Build Ships.

Olympia, Wash.—Phillip D. Sloan, president of the Sloan Shipyards company, of Seattle, has announced the completion of negotiations by which work is to begin at once on the construction of a shipyard at Olympia that will cover 12 acres. The site is furnished by Olympia business men on a lease for \$3000 a year. President Sloan said that the new yards will employ 600 men at maximum capacity and add \$350,000 annually to the local payroll. He also said the company has contracts for four motor ships.

Steel Yard Humming Now.

Portland — Since the dove of peace has spread wings over the plant of the Northwest Steel company, following the strike early this month, reorganization is being rapidly worked out and it is estimated that all but about 100 men who went out are again on the payroll. Those remaining idle are mostly helpers and places are to be made for some when the force is increased or others resign.

Balfour Fleet Augmented.

Portland — Lumber to make up the next cargo of the schooner Camano, now on the way to San Francisco from Gilbert Islands, has been purchased by Balfour, Guthrie & Co. from the Eastern and Western mill. The schooner is one of those bought last year by Balfour, Guthrie & Co., and she will be dispatched for the West Coast.

With the Fingers! Says Corns Lift Out Without Any Pain

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callous the soreness is relieved and soon the entire corn or callous, root and all, lifts off with the fingers.
 Freezone dries the moment it is applied, and simply shrivels the corn or callous without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callous. If your druggist hasn't any freezone he can get it at any wholesale drug house for you.

IF BACK HURTS BEGIN ON SALTS

Flush your kidneys occasionally if you eat meat regularly.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

The Arch.

Just where the street of the village ends, Over the road an oak tree tall, Curving in more than a crescent, bends With an arch like the gate of a Moorish wall.

Over across the river there, Looking under the arch, one sees The sunshine slant through the distant air, And burn on the cliff and the tufted trees.

Each day, hurrying through the town, I stop an instant, early or late, As I cross the street, and glancing down I catch a glimpse through the Moorish gate.

Only a moment there I stand, But I look through that loop in the dusty air, Into a far-off fairyland, Where all seems calm, and kind, and fair.

So sometimes at the end of a thought, Where with a vexing doubt we've striven, A sudden, sunny glimpse is caught Of an open arch, and a peaceful heaven. —Edward Roland Still.

Jimmy's Descent.
 Deacon Dryden was a bitter foe of the demon rum. His clerk, Jimmy Jetto, was, in secret, quite friendly with the horrid monster. Jimmy roomed above a store. One Sunday morning after a session at poker, Jimmy started on the street. An overload of whisky caused him to fall down the steps and roll to the middle of the sidewalk, just as the deacon passed on his way home from church.

SAGE TEA TURNS GRAY HAIR DARK
 It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.
 Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for 50 cents a large bottle, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.
 Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

One Way Out.

"My wife wants me to go shopping with her. I don't see how I'm going to get out of it."
 "If she were to send you back to your office after less than an hour of shopping and told you she would never take you on such an expedition again, you would consider yourself well repaid for your trouble, wouldn't you?"
 "Certainly. But how am I going to do that?"
 "Let her catch you flirting with a fascinating girl clerk."—Birmingham Age-Herald.

Sporting Instinct.
 "You seem to get a great deal of enjoyment out of your automobile."
 "Yes," replied Mr. Chuggins; "but I believe I'd have more fun if I were a motorcycle cop and could race with everything that came down the road."

Backache Just Like a Toothache!

Dear Mr. Editor—Sometime ago I had backache very bad; it would ache just like a toothache. I tried a new discovery of Doctor Pierce's, called "Anurie." This is for kidneys and backache. I soon felt relieved of all backache and had no more pain, and I hope others troubled in the same way will try this wonderful new remedy.
 Yours sincerely,
 MRS. LINCOLN STEARNS.

NOTE: It is now asserted with confidence that these painful effects due to uric acid in the system are entirely eradicated. A new remedy, called "Anurie," has been discovered by Dr. Pierce, and is the cause of a drainage outward of the uric acid with which it comes in contact within the body. It will ward off backache, headache and the darting pains and aches of articular or muscular rheumatism—of those diseases which are caused by too much uric acid, such as gout, asthma, sciatica, renal calculus. "Anurie" prolongs life because old people usually suffer from hardening and thickening of the walls of the arteries, due to the excess of uric acid in the blood and tissues.
 Dr. Pierce, who is director and chief physician at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has been testing this wonderful medicine for the relief of over-worked and weakened kidneys. The relief obtained by sufferers has been so satisfactory that he determined to place "Anurie" with the principal druggists in town where people could get this ready-to-use medicine. "Anurie" is not harmful or poisonous, and aids nature in throwing off those poisons within the body which cause so much suffering, pain and misery. Scientists assert this remedy is 37 times more potent than lithia.
 For Diabetes and Bright's Disease this remedy is building up a reputation as good as Dr. Pierce's other well-known medicines which have been proven reliable during nearly fifty years, such as Doctor Pierce's Favorite Prescription for the ills of women, Doctor Pierce's Pleasant Pellets, the liver regulator, and Doctor Pierce's Golden Medical Discovery for red blood.

THOSE AWFUL CRAMPS

Suggestions that may save Much Suffering

Marysville, Pa.—"For twelve years I suffered with terrible cramps. I would have to stay in bed several days every month. I tried all kinds of remedies and was treated by doctors, but my trouble continued until one day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for others. I tried it and now I am never troubled with cramps and feel like a different woman. I cannot praise Lydia E. Pinkham's Vegetable Compound too highly and I am recommending it to my friends who suffer as I did."
 —Mrs. GEORGE R. NAYLOR, Box 72, Marysville, Pa.

Young women who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion should take Lydia E. Pinkham's Vegetable Compound. Thousands have been restored to health by this root and herb remedy.
