

White River

A very pleasant surprise was given Mrs. Joan Doering last Thursday at her home. The ladies served a bounteous spread. Those present were Mesdames Lucore, More, Coberth, Horn, Milstead, Joles and Hess.

Among the recent purchases was a new Overland by J. G. Tunison and a Buick by John Morrow. Quite a number in this community have promised to purchase from Fischer, the Ford man. He will be here on Wednesday.

The work on the road will be continued Thursday from White River bridge this way.

Mrs. Emma Morrow has been quite ill with the grippe.

Quincy Morrow butchered a fine lot of hogs Thursday.

Chas. Acord purchased a cow from Ray Tunison this week.

White river grade is reported still bad for cars.

Rev. Baker held services at White River school house Sunday.

Chas. Labsch is working for Mr. Horn.

A dance was given by Macky Ashley and Jos Muller in the Underhill house last Saturday eve.

Mr. and Mrs. Harold Curtis returned from Bend last Sunday. They are contemplating moving there in the near future.

Mr. Taylor was a business visitor in Maupin Wednesday.

Notice

Pure Bred Jack owned by John Ayres will make the stand for the season of 1917 at Home Place on Smock. Terms \$10 for season, \$15 and insure. The above Jack will make an additional stand at the Milt Morris place if enough business is offered to justify. Write me or call on Phone through Tygh switch. pat JOHN AYRES.

Walked a Mile

Nearly two years ago Helen Locke, little daughter of A. Locke of this place, received an injury whereby she lost the use of her lower limbs. The local physicians failed to give her any relief or benefit, so she was removed to a hospital in Portland for treatment, remaining there several weeks with no visible improvement and the physicians there pronounced her case incurable. She was brought home and about that time Dr. B. D. Fellows returned from the far east and was called in to see her. He commenced a course of treatment with the result that Helen has regained the use of her limbs and was able to walk half a mile a short time ago. We all think Dr. Fellows who is well known in this locality, deserves much credit for this wonderful cure, having succeeded where eminent physicians had failed.

Notice

Wamic, Ore., Feb. 6, 1917.
Any one west of the Deschutes river and south of Tygh Valley wishing to become a member of White River Federal Farm Loan Association, please apply to our secretary, W. H. Mayfield, R. 1

Reorganize Band

Sunday, February 13, we will call a meeting of the Maupin Brass Band. Will be held in Donaldson's hall. All those interested in the continuation of the band are requested to be present at 2 o'clock p. m.

Signed, W. H. STAATS,
E. J. SEYER.

Local Items

Remember, a big free dance after the banquet.

Henry Holland returned to town yesterday.

A waiter from The Dalles leading hotel will have charge of the dining room.

Tom Muir came home last week. John Ayres was over from Smock yesterday.

The Glee Club girls will sing at church Sunday night.

C. J. Fischer of Portland is registered at the Hotel Kelly.

Bring your entire family. We will make them all comfortable.

The new piano for the Hotel Kelly is expected to arrive tomorrow.

W. H. Whitehead of Portland has been employed for the permanent position of cook at the Kelly Hotel.

We will dance upstairs, downstairs, on the porch, on the roof and in the street after the big banquet, all free.

Don't blame your clock—it needs cleaning. Emmons will do it for you and guarantee it.

Mr. Lesan went to Portland again Wednesday morning, as his health noticeably failed the short time he was here.

For sale—8 horses, 5 broke horses weight from 1100 to 1600, 3 unbroke. Address H. L. Morris Maupin, or W. G. Morris, 1323 Jackson St., The Dalles, 1917.

The farmers don't seem to be satisfied unless they are skinned. Give Dad Coale a chance. He

buys all kinds of pelts, hides, skins and wool.

Mrs. Staats returned home Wednesday, W. H. having arrived Monday. They have been away nearly two months. Mr. and Mrs. Roy Slesher who have been taking care of the store went back to the ranch yesterday.

Mr. and Mrs. F. S. Fleming, wealthy residents of the Maupin district, returned yesterday from an extended sojourn in southern and eastern cities. The Flemings made extended stops in Kentucky and Colorado.—Chronicle, 9th.

The DAWN of OUR NEW IDEA in BUILDING

Now is the Time to Plan Your New Buildings for this Year

We have prepared a book of plans of buildings erected here in the Northwest. These designs embody many exclusive features that go to make the best possible building for the least cost. We will gladly show you our plans no matter what you contemplate building. Modern Northwest Homes, Barns, Hogsheds, designed according to the U. S. Government recommendations for this climate. Tum-A-Lum Silos, recommended above all other types for this climate, by U. S. Gov't., O. A. C. and W. S. C., Grain Bins, Elevators, Garages, Store Buildings, small Schools, Churches, etc.

No matter what you contemplate building—you should ask to see our free plan book on same.

We can work your building out on paper now and save you a good bunch of money.

Building by guess is practically a thing of the past. Working it out on paper, enables you to see just how your building is going to look before you begin. You can change the sketch as many times as you wish to change it without expense.

There are no extras to pay for when you build by the Tum-A-Lum Method—We furnish all the lumber material necessary to complete the building. We tell you exactly how much your building will cost you before you spend one cent. We furnish blue prints and material lists showing where every piece of material belongs. There is no waste. Every piece is figured so that it cuts exactly—no guess work about the complete cost. Should any material be left when the building is up, you can bring it back and we will refund your money.

You Can Afford to Build Now

We save you 25 per cent of the cost. It costs less to build now than 10 years ago.

The Tum-A-Lum Method makes lumber lower today than it was ten years ago—better in quality—and you can buy it as cheaply right here in your own town as you can buy anywhere in the world. Your farm lands have doubled and trebled in value—you get twice as much for your grain—but it costs you less to build now than it did ten years ago. You can now put up the buildings you have needed, but which you could not afford because lumber was so high.

Build Better Buildings for Less Money

You pay the lowest possible price for finest building material when you build by the Tum-A-Lum Method—and in addition you get the ser-

vices of experts who show you how to make every cent do the most work.

These men have made building their life work. They know their business and will help you save 25 to 30 per cent on the cost of your building just as they have done for a great many other people.

You Can Save Money Now--

Lumber is about the only thing that isn't "high." The worst car shortage in history, however is preventing practically all shipments from being made, so that it is not unreasonable to expect a serious scarcity of lumber during the coming season. This scarcity is almost certain to advance the prices. You can save money by buying NOW before the situation develops.

Putting it off simply means that the material you know you are going to need will cost you more money—planning will be done in a rush—material will have to be hauled when your teams are working overtime and car shortages will delay the arrival of material.

COME IN TODAY--NO OBLIGATION TO BUY AS WE ARE GLAD TO BE OF SERVICE

"See Peter Kilburg about it"
