DIVISION IS ORDERED TO FRONT IN FRANCE

General Pershing to Command Force of 40,000 Regulars to Go Abroad.

Washington.—President Wilson has ordered that a division of regular troops, commanded by Major-General John J. Pershing, be sent to France at the earliest practicable date.

Announcement of the order followed signing of the selective draft war army bill by the president and the issuing of a statement that under advice of military experts on both sides of the water, the president said he could not employ volunteers nor avail himself of the "fine vigor and enthusiasm" of ex-President Roosevelt for the expedition.

All three arms of America's fighting forces—the army, navy and marine corps—soon will be represented in the war zone.

With American destroyers already in European waters and army regulars concentrating to carry the flag to the battle lines in Belgium and France, a regiment of marines was designated to join the expeditionary force and round out the nation's representation in the field.

Although details are not being made public, it was calculated that with the marine regiment the total American force now designated for land service in Europe is close to 49,000.

General Pershing and his staff will sail for Europe ahead of the troops to pave the way for final training of the huge army the United States is preparing to pour across the seas as rapidly as men can be trained and equipped.

JUNE 5 NAMED AS WAR CENSUS DATE

Washington.—When President Wilson signed the war army bill a proclamation was issued which calls upon all men between the ages of 21 and 30, inclusive, to register for military service on June 5.

Registration will be followed by the process of selection which will determine the first 500,000 men to be called to the colors about September 1.

The regulations make absolutely no exceptions for any male resident of the United States between the ages of 21 and 30, inclusive.

This includes aliens as well as Americans. Every Japanese, Chinaman, Mexican, Italian, Spaniard, Englishman, German, and men of every other nationality who are of the designated ages must register. Aliens will not be drafted for war duty, of course, but a complete record of them will be required.

Those exempt from military service will be determined after the enrollment is taken, but first of all every one of the specified ages must register.

In case of temporary absence from his legal residence, a man must register by mail.

Hours of registration will be between 7 a. m. and 9 p. m., June 5, 1917, at the registration place in their home precincts.

Those who are too ill to register are required to apply for instructions before June as to how they may register by agents.

ARMY-NAVY BILL IS PASSED

Appropriates \$3,342,000,000 including \$750,000,000 for Ship Construction.

Washington.—The senate passed the \$3,342,000,000 army and navy war budget without a rollcall and without a dissenting vote.

The bill carries appropriations totaling \$315,000,000 more than those contained in the house bill. The chief new item is an appropriation of \$400,000,000 made immediately available to the president for ship building, with an additional authorized expenditure of \$350,000,000 for the same purpose—a total of \$750,000,000 for ship building.

The measure is the largest appropriation bill ever passed by any legislative body in the history of the world. It carries more money than the entire cost of the civil war.

EUROPEAN WAR NEWS

North of Gorizia the Italians have captured the heights of Hill 652, the key to the Vodice position.

That seven million men have been killed in the war thus far and the total casualties exceed 45,000,000, is the estimate made by Arthur Henderson, member of the British war council.

British heavy artillery, whose destructive effectiveness made possible successful Somme and Arras offensives, is co-operating with Italians in their latest attempt to drive the Austrians from the line of the Isonzo.

Spain is awaiting a reply to her protest over the sinking of the Spanish steamer *Patricio*, also destroyed while sailing under a German guarantee, and the tone of the Spanish press is increasingly peremptory in its demand that Germany be compelled to respect Spanish rights.

The second phase of the great battles of Arras, the Aisne and Champagne has ended in the failure of the costly German efforts to stem the tide of victory now setting against them. The net result of Field Marshal von Hindenburg's supreme effort to regain the initiative has been that the British and French have tightened their grip on the German line and have placed in peril the key positions held by the Germans in northern France.

County Ordered to Hold Election.

Salem, Or.—The Bean Oregon & California land grant bill will not be on the ballot at the special election June 4, and Curry county must hold the election along with the rest of the counties of the state, the supreme court decided.

Scores of Blocks Burn in Atlanta.

Atlanta, Ga.—Fire that started in an obscure negro section swept a broad path through the residential section of Atlanta, devastating scores of blocks and destroying many of the city's finest homes and hundreds of negro houses.

Engineers to Form at American Lake.

San Francisco.—The Eighth Reserve Engineer Regiment, now organizing on the Pacific coast, will mobilize at American Lake, near Tacoma, Wash., about June 1, it was announced here.

Brazil May Join U. S. in War.

Rio de Janeiro.—President Braz has sent a message to congress recommending the revocation of the decree of neutrality in the war between the United States and Germany.

Liberal Loans for Farmers Are Urged.

Washington.—Secretary Mead, in a letter sent to every banker in the country, has urged that the banks do their share toward increasing food production by seeing to it that the farmers are given liberal loans.

Joffre and Viviani Reach Home.

Paris.—Marshal Joffre and former Premier Viviani arrived at Brest on their return from the United States.
