NATIONAL GUARD WILL BE DRAFTED

Wanffortan - The war department has announced that the full strength of the national guard would be drawed into the United States army beginning July 15 and concluding August 5.

A minimum of \$29,000 fighting men all be bringht to the colors under those orders, supplementing the 293,-600 regularcasho will be under arms by June 15,

It is from these forces that the first armics to join General Pershing at the front will be drawn, to be followed whilin a few months by recurring waves from the selective draft armics, the first app,000 of whom will be nobilized September 1.

Oregon will be asked to raise not less thun 2400 national contributen 782 federal service, Washington 4000, and Idaho 1600. The national courd of Or can, Weshinston, Fisho, Montana and Wyoming make up the Twentiets national guard division of the army and will probably be trained at Amers Ican Lake.

To Train Negroes For Commissions. Washington -- A training camp for neuro officers will be estimated at Fort Des Moines, Iowa, where 1266 HOOVER IS APPOINTED candidates for commissions in negro regiments of the new army will be trained.

Russians Urged to Fight.

Petrograd, via London,-The courcil of soldiers' and workingmen's deputies has issued an appeal to the army, in which it declares that flow man imperialism is neeking to destroy revolutionary Russia and englave the funsian people. It appeals to the soldiers to defend Russia with all their power and declares that a seperata peace is imponsible. The manifesto concludes with beg

ging the soldiers not to renownee their crowsive and warms and not fraternizing with the enemy, which it says cannot end the war.

WHERE MOST NEEDED

I am for the road bond issue be-May 21-Afternoon at Madras; even- cause I believe it will give us of Oregon good roads and at places where we have not good roads now, and where we need them most. There is only one plan before us by which we may obtain some really good and servleeable roads and that is the present adhema of permitting the state to sell. 16.0 0.000 in four per cent serial bonds to be redeemed both in principal and interest by the revenue derived from it state tax on automobiles. If we do col adopt this plan we of Oregon will continue as we have already continued. too long, with poorly drained, wretchonly located and miserably surfaced routs, impassable in winter and impractical and expensive at all times -

MEAN TO MOTORISTS

Feory motorist has observed how his \$1000 will pay 25 couts a rar in the rar accelerates when he goes from an 25 years the bonds are the rar fit that unimproved road to a stretch of hard-amount the taxpayer will contribute hardunder this tax will be fight multillar large a saving of power and gasoline payment will be distributed over a that acceleration represents. If he period of 25 years, heading thes tax, were to travel over a hard even sur-is already provided by down and face habitually instead of over the must he paid regardless of souther manage country road, his gasoline bill the road bonds are sat dial the special acculible greatly reduced. A motorist In Musissippi has figured out that hard-surfaced roads to his community be more than autilatent to any lot b tanks him \$50 per year in the gasoline communet by a single our.

In the face of these facts, in there increased if the rout increasing more, mobile owner should not your for the 15,000,000 good ronds bond bill?

for country communities. The farmer who thinks that improved highways and mainly for the benefit of those ter traveling facilities, assured diferent sche, drive automobiles should reflect in cost of moving the products of on the result of a recent investigation farm, field, and orchard means and by the Department of Agriculture, thing to the produces and productly which finds that the cost of hauling of the state, the pustage of the good from produce over ordinary country reeds bond faque will be to the ad- reads is 03 cents a ton, whereas over vantage of every size, when and hard-surfaced roads it is only 13 cents child in Oregen-Tangopectator (Forb -Fact and Comment in Youth's Com-. panion, May 10, 1917.

Eggs -STC. COMMISSION **BUY PAVING PLANTS**

Unless Reasonable Bids Are Submitted, State Will Do Work Itself.

Paving plants will be purchased by the state highway commission.

If satisfactory bids for laying pavement are not received from contractors the commission will thus he prepared ing United States Senator Harry Lane to undertake paving work fiself by of Portland, Or., stated he could not force account

Hids for all types of standard pavement are to be invited under open and this competition.

in each individual case is to be determinud by cost and local conditions.

Fur work done by commet good and mufficient guarantees of workmanship material and durability will be exacted from confractors

During the existence of war conditions no construction will be undertaken which will withdraw tabor from agriculture and other meeted industry.

The above is an outline of the ger eral policy which is to be followed by the state highway commission in matters pertaining to the construction of minte roads.

GOOD **ROADS POINTERS**

Alternate stretches of improved routs and roud holes do not be the former or antemphils swa what where, a became ive mental & continuous, truck. Sources of burd-surfaced lef-the trainances has requiring and evaluation 21 26.

Vote 114 X VES and get some pur-Poor roads are very expensive things mans at improved roads is sire on. . .

In connection with the read boad dinovesion it is noted that the state hishway commission at its last mosting instructed its engineer to collect duta relative to the cost of paving plants with a view of being independent of paving contractors. It is also noted that the commission has prictically declided in thy a methan ment concrete on the road near Sheri- is nearly 57 years old and a native of dan.
