VOL. 3, NO. 33

MAUPIN SOUTHERN WASCO COUNTY, OREGON, FRIDAY, JUNE 8, 1917

THE YEAR \$1.50

THE USES OF THE LIBERTY LOAN.

To the American citizen who gives some consideration to features of his investments other than the mere money return from them, the uses to which the money raised by the sale of the Liberty Loan Bonds is to be devoted will prove a patriotic inducement to purchase such bonds. A certain dignity attaches to money invested in a high and noble cause.

The Liberty Loan is made by the United States Government to purchase arms and equipment for American soldiers and sailors, food and supplies for the American Army and Navy. The money is to be spent in America for those Americans who are fighting American's battles on land and sea.

Part of the money raised by the sale of Liberty Loan Bonds is to be loaned to our allies; this too is to be expended in America. It is to be spent for food and supplies for the Armies of our allies fighting on our side on the various war fronts in Europe.

It is America's first contribution toward doing her part in the war we are engaged in.

It is billions for defence in the world-wide war Autocracy is waging against Democracy, but not one cent for tribute.

THE FARMERS AND THE LIBERTY LOAN.

One aspect of the \$5,000,000, 000 loan, the Liberty loan of 1917 that the farmers of America may well consider is that a very great portion of the money raised by the bond issue will come directly into the pockets of the farmers of the Nation.

All of the money advanced to our allies will be expended in the United States and as they are making all of their own munitions practically all of the money advanced them will be spent for products of the farms—for cotton for clothing and high explosives, wool for clothing and leather for shoes; but by far the greater part of the money loaned our allies will be expended here for food products.

In a few months the United States will have under arms 1,200,000 men and 500,000 reserves in training; so including the Navy there will be 2,000,000 men that our Government will feed and clothe. This will make the United States Government by far the largest single customer the farmers of America have.

The Secretary of the Treasury is employing such methods in handling the loan that no community will be denuded of money by reason of Liberty Loan Bond purchases. The money will be left in local banks and as the Government purchases food and supplies the money raised by the bond issue will pass back into the pockets of the people.

The farmers of the country subscribe liberally to the Liberty Loan Bonds. They get the safest investment in the world and their money supplies their best customer the funds to purchase their products. This is political economy the wisdom of which is plain to everyone.

FARMERS PICNIC.

The organization will give a picnic at Friend to morrow June 9th. Well known speakers from different parts of the county will be there. Everyone knows the nature of these Annual Picnics, as a great many from here have attended them in previous years. The farmers who are giving it are sparing no means to make it an enjoyable as well as a beneficiary gathering. Everyone is cordially invited to attend. There will be a basket dinner, singing and sports.

NOTICE OF ANNUAL SCHOOL MEETING.

Notice is hereby given to the legal voters of School District No. 84, of Wasco county, state of Oregon, that the Annual School Meeting for this district will be held at The Maupin School house beginning at the hour of 2 o'clock on the third Monday of June, A. D. 1917. This meeting is called for the purpose of electing One Director and one Clerk, and the transaction of business usual at such meeting. Dated this 4th day of June, 1917.

Peter Kilbing, Dist. Clerk.
L. D. Kelly, Chairman Bd. Dir.

DUFUR COLT SHOW.

June 15 16 will be Annual Colt Show week in Dufur. Most everyone from this section of the county as well as elsewhere will be present. The prospects of this year's show is far better than any previous year. The premium list is similar to that of last year and the purpose of the Colt show is to encourage the breeding of high class stock and to expand in the proceeding years to other forms of livestock, as all other Stock Shows do. Do not fail to be present on the above mentioned dates.

CONTRACT FOR WOOD.

Contract for 25 cords of good sound wood, 16 in. Pine and Fir, Delivered on the Maupin school ground, will be awarded Monday, June 18th, 1917. Leave your sealed bids with the Clerk, at the Tumalum Lumber Co. Office.

No bids will be accepted after date set. Peter Kilbing, Clerk, School Dist. No. 84.

MILLIONS REGISTER FOR ARMY SERVICE

Selection of First Increment for New Army is Next Move in War.

Washington—More than 10,000,000 young Americans enrolled themselves Tuesday for war service and the first military census ever taken in the United States was completed without a single untoward event of consequence.

The rashness of the nation obeyed the president's call and volunteered in mass, setting at naught all the schemes and plottings of German sympathizers and the few cranks who have agitated against registration.

A feature of the registration was the refusal of hundreds of thousands of men to make any reply to the question: "Do you object conscientiously?" Even men who reported that they had dependent families men with physical disabilities and those whose occupations are certain to keep them at home, declined to make such a claim.

The next step in the government's plan will be the selection of those who actually are to bear arms.

The men selected, about 1,000,000 as now estimated, will be called in the colors and put into training early in the fall. Originally it was intended to call only 300,000 for the first draft army to support the national guard and regulars, but a few days ago it was announced that nearly 1,000,000 men would be needed on the first selection.

Convicts Riot at Jail Prison.

Jail, Ill.—After one prisoner had been killed, eight severely injured and several others hurt during three riotous outbreaks at the state prison by a thousand convicts who objected to new rules enforced by Warden Bowen, a rebellion broke the last 200 of the prisoners in the cellhouse. Early in the day, however, they had already refused to leave before the bayonets of militia marines who finally quelled the outbreak.

German Submarine Hit by Shell.

Washington.—A German submarine is believed to have been sunk by an armed American monitor in a running fight lasting an hour and a half, in which 35 shells were fired by the submarine and 24 by the monitor. An official announcement says the submarine's final shot "immediately struck the monitor, which caused close out of the water and about 200 feet up for a few moments. She then disappeared."

Chinese Capital Jailed Rebellion.

Peking.—Glee provinces of China, including the province of CHILI, in which water famine is chronic, now no longer recognize the authority of the Peiping government.

OBSTINATE GERMAN ATTACKS REPULSED

Readiness Shown to Make Any Sacrifices to Hold Allied Armies in Check.

Paris.—Sixteen times since May 20 the Germans have attacked the positions taken from them on that day by the French at Meaux, Compiègne and the Heights of the Terno and the Casques, south of Meauxville. In the Champagne, all the efforts have been characterized by the greatest obstinacy, the machine gun waves striking on by whose their ranks were so thinned by French through shells and machine gun fire that they could no longer hold them.

The most violent of these attacks was one upon the Casques and the Terno, which are the most advantageous observation points in this sector, commanding a view of the entire Meauxville region. The fighting went on all day.

That the Germans are prepared to go to almost any length in sacrifices of men to hold the situation on the western front in hand, seems apparent. Along the line held by the French, the effort is taking the form of almost ceaseless counter attacks, both in the Alsace region and in the Champagne. Although suffering a sanguinary repulse on Sunday in repeated attacks on the Vesure and California plateaus, they made a new thrust further west, near Froldmont farm, along the Chastanides-Dames plateau. The French report shows this to have had some measure of success, the crown prince's troops forcing their way into some advanced French positions.

A remarkable showing of the speeding up of industrial activities throughout the state is indicated in the weekly report of the industrial accident commission for the week of May 25 to 31, inclusive. Of the 454 accidents reported four were fatal, the fatalities being Frank Dabbel, lone, railroad operator; Ulysses S. Hanson, Heppner, railroad operator; Abijah Bickford, Ma Granda, trespasser, and Harold Hanson, Colton, mine worker.

A letter received by Secretary O'Connell from L. A. Liljeqvist shows that the game laws of the last legislature, as they refer to Chinese pheasants, are slightly tangled. Three different bills were passed, and Attorney Liljeqvist expressed a desire to know the line of passage to ascertain, if possible, which is controlling. The three chapters of the session laws involved are 297, 340 and 413. Secretary O'Connell has advised Attorney Liljeqvist that Chapter 297 was received in his office February 17; Chapter 340 on February 16, and Chapter 13 on February 13.

Since a few days ago when the state land board failed to receive more than one small bid on \$500,000 worth of rural credit bonds which were advertised for sale, and it was decided to ask the banks of the state holding state funds to take over these bonds, only approximately \$150,000 worth of the issue has been sold, all told among nine banks. On the other hand a number of leading banks have flatly refused to invest in the bonds. As a result the state land board is facing a peculiar situation, and it seems possible, even probable, that the board will be compelled to shut down on loans in the near future and close up the rural credit account for a time, save as to those loans already made, or to be made, out of the small amount of money on hand.

Do You Realize?

that we are limited by the wholesale grocers on some articles, do you know that conditions are getting serious. Are you prepared for what is coming. Get in, buy now, while my stock is well assorted and the prices are right. My only guarantee is honest merchandise at fair prices.

LAKE'S CASH STORE

At Your Service

A Straight Tip On The Fuel And Lumber Situation.

We are in the Grip of the Worst Shortage the World has ever known—and getting worse. Ninety per cent of all Fuel Shipments will be made during the Summer months.

Next to Fuel, shipments of Silo and Granary material will have precedence over all others as this tends to increase the country's food supply.

May we suggest that you anticipate your wants and order your supplies at once. We will be pleased to talk these matters over in person.
