WILL SOON MAKE SHOWING

The lumber for Woodcock & Son's flour mill is being unloaded near the O. W. depot. The work train has done some grading for the site, but was called to Wasco to clear a track, delaying operations until their return.

The grading and excavation for the new elevator on the O. T. track has been underway this week and the pit is nearly ready for the cement, a carload of which arrived Monday. The nails and lumber are on their way.

Profitable Day

(Wapinitia)

The children's day exercises at the grove last Sunday were well attended and a splendid program rendered. An old fashioned basket dinner was spread under the oak trees to which all did ample justice. In the afternoon a Red Cross meeting was held with Mr. Hartman in charge, who read a number of papers he had received telling of the needs and plans of the Red Cross work. Following this Rev. Wood talked on the needs of the Red Cross work and our own responsibility in helping in this work. Some points emphasized were, and on which he received applause, that we as farmers owe our brothers in the trenches in Europe for bringing about conditions of the price of wheat, which before the war we counted a good price at 70 cents a bushel, but count on \$1.50 to \$2.00 this fall, and that he considered we owed all above the 70 cents to the fellows in the trenches; that regardless of political, religious or social beliefs, we are all interested in the same cause and should all stand together back of our president and help in the greatest call that has ever been made humanity

Tygh Valley

Geo. Burlingame and family returned to their home here Thursday. They have been at Fairview the past few years.

Will Fraley came over from Grass Valley Friday.

Several from here attended the Dufur colt show Friday and Saturday.

TYGH VALLEY TO CELEBRATE

The Fourth

The people of Tygh Valley are preparing for a big celebration at the Southern Wasco County Fair grounds the Fourth and fifth of July. This is the only celebration to be held in the county and will very likely bring the largest number of people together ever congregated in this section. No effort is being spared on the part of the committee to have everything in readiness for the grand event. The copy for posters in the national colors advertising the affair is in this office and will be off our presses in a couple days.

Base Ball

Next Sunday, June 24 the Maupin team goes to The Dalles to play the third game with the Dalles. Sunday July 1 Dufur will play at Maupin at 2:30 p. m. We can expect this game to be a good one as well as the last one this season.

'Bud' Zumwalt called at this office yesterday morning and advanced his subscription to the Times. He is returning home to Portland after the season's sheep shearing.

A Straight Tip On The Fuel And Lumber Situation.

We are in the Grip of the Worst Shortage the World has ever known—and getting worse.

Ninety per cent of all Fuel Shipments will be made during the Summer months.

Next to Fuel, shipments of Silo and Granery material will have precedence over all others as this tends to increase the country's food supply.

May we suggest that you anticipate your wants and order your supplies at once. We will be pleased to talk these matters over in person.
