Pine Grove

"Testament Day" being observed all over the state for the Oregon soldiers, will be observed Sunday, October 7th, 10:45 a. m. following a short school session at Pine Grove school house. An appropriate patriotic program will be rendered. Pine Grove bears the reputation for full attendance at all social and patriotic gatherings so a packed house is expected. Some new talent recently obtainable at Pine Grove will add to the music features of the program. All peoples of Wapinitia Plains welcome.

Commercial Club of Wapinitia Plains to re-organize Saturday, October 6th, at 8 p. m. at Evick's hall. All the old members of the club as well as all applicants to this new vigorous club are notified to be present. A special invitation is extended to members of the Cattle Growers' Ass'n., the Forestry Service, Farmers' Union, prospective water users of Wapinitia Plains. An interesting program will be given. Remember it's Saturday night of the 6th.

Mr. and Mrs. Joe Graham and Mrs. D. Wright came out to Wapinitia Monday for a flying trip. Roads reported rough. Fire danger about over in mountains, Mr. Graham says.

J. L. Hartman reported he was forced to decline an attractive lumber contract recently due to the scarcity of labor. Why does the labor force of Wapinitia Plains be drawn into the army and navy and no credit be given for a large part of the recruits. Does Portland get credit for outside men because they take final examination there? Is Portland exempt for that reason today while we still are called upon for men? What about the road work this fall? Whose to do the work, where the man for supervisor?

Extension work began Monday morning on Wapinitia Irrigation Co.'s canal. The dirt is very dry, but progress is good. Any of the adjoining land owners or farmers who are interested in working out some interest or buying water should see N. G. Hedlin while the work is going on near their neighborhood. Engineer H. N. Dodge has computed the capacity of the first reservoir in McCubbin's Gulch and set the survey stakes for the flood line of said dam. Some 200,000,000 gallons may be impounded with a 35 foot dam.

David and Iva Sharp and Clyde Flinn returned from the harvest fields this week.

Engineer Wm. Hickey and sons Charles and Ray who have been working this summer for the ditch company have gone to Portland for the winter.

The Driver sale was attended by several Pine Grove folks. Good sale and good time reported. The Ditch Co. bought Mr. Driver's interest in the telephone line with central at Tygh.

Welby A. Dane who is ill at Maupin is missed by all his friends and a speedy recovery is hoped for.

Mr. and Mrs. Des Woodside returned home after spending a few days over the mountains up and down the Willamette Valley.

Lewis Walter's deep well is progressing unusually slow. Very hard stone is making progress almost unperceptible.

J. P. Abbott is reported a little

Fire Started

A fire occurred in the Kelly hotel shortly after midnight Tuesday which probably would have resulted disastrously for the structure and many of the occupants had not J. A. Lake come in from work on his store books just at the opportune moment to find the house full of smoke and awaken the sleepers.

The fire started from a defect in the asbestos padding of the exhaust pipe of the Deleo lighting system which is located in the wall between the bathroom and that occupied by Mr. and Mrs. Kelly. The wall was burned through and a bureau against it damaged. The damage by the fire itself and cutting out a portion of the wall is estimated at about \$100.

The dance at Shattuck's hall Saturday evening was a perfect success in every way. The new hardwood floor was wonderful and cannot be surpassed. The decorations were very nifty, arranged by Bates Shattuck to fit the occasion. Excellent music by the Vanderpool orchestra. A large crowd enjoyed themselves to the fullest extent, only strangers had a hard time owing to the lack of introductions.—A Stranger.
