

IT'S A DORT

The Dort is Often Called
"THE BIG LITTLE CAR"

Because it possesses the same attractiveness of appearance, restful riding comfort, and power that is purchased at a much higher price in larger cars. In addition, the DORT is much lighter in weight. This means more miles to the gallon and lower upkeep.

"Not at all. I worked in an ammunition factory."—Indianapolis Star.

ALL MEN AT HOME SHOULD PREPARE FOR WAR.

To keep clean and healthy take Dr. Pierce's Pleasant Pellets. They regulate liver, bowels and stomach.

THE FIRST TEST A MAN IS PUT THRU FOR EITHER WAR OR LIFE INSURANCE IS AN EXAMINATION OF HIS WATER.

This is most essential because the kidneys play a most important part in causing premature old age and death. The more injurious the poisons passing thru the kidneys the sooner comes decay—so says Dr. Pierce of Surgical Institute, Buffalo, N. Y., who further advises all people who are past thirty to preserve the vitality of the kidneys and free the blood from poisonous elements, such as uric acid—drink plenty of water—sweat some daily and take Anuric, double strength, before meals.
This An-u-ric is a late discovery of Dr. Pierce and is put up in tablet form, and can be obtained at almost any drug store. For that backache, lumbago, rheumatism, "rusty" joints, swollen feet or hands, due to uric acid in the blood, Anuric quickly dissolves the uric acid as hot water does sugar. Take a little Anuric before meals and live to be a hundred. 10 cents to Dr. Pierce for trial package of Anuric.

START APPLE PICKING

Harvest of Jonathans and King Davids Begins in Yakima Valley With Labor Supply Plentiful.

Wenatchee, Wash.—With the picking of a big crop of Jonathans estimated at 20 per cent of the total apple crop of the valley this year beginning Tuesday the outlook for successful handling of the yield is excellent. There was considerable picking of King Davids and Winter Banana last week and some gathering of Jonathans chiefly thinnings but the real harvest of Jonathans is just starting. In a few days it will be in full blast probably the last of the week.
Prospects are that there will be no scarcity of labor. Now there is a surplus. Many idle men are to be seen on the streets and at the Harvesters' League it is said that work cannot be found for all applying now. Hundreds of laborers have come to the valley expecting the harvest to begin at the usual time. Instead, they find it a week or two late and their services are not yet needed. The result is that many of them are without work. Neither the State Harvesters' league nor the Federal department of Labor is sending men to the valley. Hundreds of men and women are coming to the valley on their own account and they are having difficulty getting placed. Men, women and children come by train from Spokane, Seattle, Everett, Bellingham and other points. Hotels are taxed beyond their facilities by demands for rooms and in several hostleries people were glad to sleep on the floors and in halls. Among those arriving were a party of 35 from Everett who are to work in the Clark orchard.

Milk to Raise to 15 Cents.

Tacoma, Wash. — Fifteen cents a quart and ten cents a pint is the new price confronting Tacoma consumers. This was announced by Tacoma dairymen, who predicted that the increase would become effective about October 1.

All dairy products, including ice cream, will be affected by the proposed increase, which will be caused by demands of producers for larger quotations from condensaries. This will create a higher market level for milk and butter to city consumers.

Get Good Yields in Latah.

Moscow, Idaho—Nordby Brothers seem to hold the Latah county record this year for fall wheat, spring wheat and field peas. Their spring wheat, 24 acres of Marquis, went 26 bushels to the acre and never had a drop of rain from the time it was planted until it was harvested. They had 23 acres of fall wheat, Red Russian, that went 48 bushels to the acre. Their peas, 38 acres of Blue Prussian, averaged 875 pounds to the acre and they were offered 7 cents for these as they came from the machine.

CUTICURA COMPLEXIONS
Are Usually Remarkably Soft and Clear—Trial Free.

Indian and Firewater.
The Indian is by no means a stupid fellow and many of them, although not signing the pledge, are in their own way protecting themselves when under the influence of liquor. In Miami, Fla., (among other things a trading post for the Seminoles), the story is current that these Indians always paddle down the Miami river in pairs; that they do their trading, deposit their surplus cash with a certain merchant of tried honesty, and then go off for a debauch, one on the first day and the other the next, the sober fellow refraining from even a drop of "firewater" until his brother has finished his fun. When both have had their day, under the guidance and protection of a sober mate, they reclaim their funds from their merchant depository and paddle away to their homes in the Everglades.—Case and Comment.

A Merciless Suspicion.
"Why does that colleague of yours always choose the wrong side of a proposition?"
"I think he does so deliberately," replied Senator Sorghum. "He is determined not to lose public office poorer than when he entered it. The wrong side of a proposition is usually the one in which the graft is likely to turn up."—Exchange.

Obtuse.
"Now, see here!" said the lawyer. "Before I take your case I want to know if you're guilty."
"Am I guilty?" replied the prisoner. "Wat d'yer s'pose. D'yer think I'd hire the most expensive lawyer in town if I was innocent?"

Misplaced.
He—At the club a motion was made to buy a handsome velvet carpet, but it was laid on the table.
She—What a queer place to put a velvet carpet.—Exchange.

YES! MAGICALLY! CORNS LIFT OUT WITH FINGERS

You corn-pestered men and women need suffer no longer. Wear the shoes that naffly killed you before, says this Cincinnati authority, because a few drops of freezezone applied directly on a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callosus loosens so it can be lifted out, root and all, without pain.
A small bottle of freezezone costs very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin.
If your druggist hasn't any freezezone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time.

Proof of Ability.
"You waste your time painting pictures."
"You are wrong—I sell my pictures."
"Which fact convinces me you can sell anything. Why not take up insurance, or motors, or something with big money in it?"—Puck.
Sad Prevention.
"Did Bill try to develop the top speed of his new auto?"
"No; it turned out to be a case of arrested development."
He—We'll have to give up our intended summer trip. My account at the bank is already overdrawn.
She—Oh, John, you are such a wretched financier! Why don't you keep your account in a bank that has plenty of money?—Exchange.

BROKEN DOWN IN HEALTH

Woman Tells How \$5 Worth of Pinkham's Compound Made Her Well.

Lima, Ohio.—"I was all broken down in health from a displacement. One of my lady friends came to see me and she advised me to commence taking Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sanative Wash. I began taking your remedies and took \$5.00 worth and in two months after three doctors said I never would stand up straight again. I was a midwife for seven years and I recommended the Vegetable Compound to every woman to take before birth and afterwards, and they all got along so nicely that it surely is a godsend to suffering women. If women wish to write to me I will be delighted to answer them."
—Mrs. JENNIE MOYER, 342 E. North St., Lima, Ohio.

Women who suffer from displacements, weakness, irregularities, nervousness, backache, or bearing-down pains, need the tonic properties of the roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.
