The Wapinitia Commercial club is meeting on Saturday night at 8 p. m. in Evick's hall, Wapinitia. The main business feature will be constitution and by-laws report. There will also be a lecture on alfalfa and display of the International Harvester Co.'s alfalfa chart. This will be of first interest to all farmers who are interested in alfalfa and irrigation.

The sheep herds are all cut of the mountains. Storm and cold weather in the mountains as well as forest fire regulations govern

this matter.

Wapinitia Irrigation Co. have a camp in the head of Clear creek. The men report progress, though the ice and cold is a little hindrance at this late date of the season.

The farmer's camp on the Flat is being continued with extra force. More farmers are joining the water users crowd every week.

Confidence is re-established in the minds of many and confidence in many others had never been shaken, so the future progress of extension is bright.

W. B. Keen has gone to Portland to buy six more Fresno scrapers as they are much needed on the works.

The Times telephone is again at home and thanks to some operation at the hand of Master Phone man Floyd Kelly, the 'rings come in' all the time.
