SAGE TEA BEAUTIFIES AND DARKENS HAIR

Don't Stay Gray! It Darkens So Naturally that No-body can Tell.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. SALTS IF BACKACHE AND KIDNEYS HURT

Stop eating meat for a while if your Bladder is troubling you

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach scours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness. Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

ACID POISONING!

The most eminent physicians recognize that uric acid stored up in the system is the cause of gout and rheumatism, that this uric acid poison is present in the joints, muscles, or nerves. By experimenting and analysis at the Invalide Hotel and Surgical Institute in Buffalo, N. Y., Dr. Pierce discovered a combination of native remedies that he called An-u-ric, which drives out the uric acid from the system, and in this way the pain, swelling and inflammation subside. If you are a sufferer from rheumatism, backache, pains here or there, you can obtain Anuric, double strength, at any drug store and get relief from the pains and ills brought about by uric acid; or send Dr. Pierce 10c for trial pkg. Anuric which you will find many times more potent than lithia and eliminates uric acid as hot water melts sugar. A short trial will convince you. Send a sample of your water to Dr. Pierce and it will be tested free of charge. Anuric is a regular insurance and life-saver for all big meat eaters and those who deposit lime-salts in their joints.

MUCH SUGAR STORED

Quantity Discovered, Labeled as "Top Crust Flour," Estimated at 150 Cars—Scarce in New York.

Buffalo, N. Y.—Federal secret service agents Tuesday reported Washington the discovery in a Buffalo warehouse of millions of pounds of sugar in bags and barrels, labeled "top crust flour."

Notations on the packages, it was said, indicated that the sugar had been coming into the warehouse over a period of several months. A federal agent who made a survey of the contents of the building estimated the amount of sugar at 150 carloads, or about 10,000,000 pounds.

Around immense piles of sacks containing the sugar the Federal agent said he found a screen of other articles, while some of the containers marked "top crust flour" actually had flour sprinkled over the outside.

New York—Refinery, wholesale and retail prices of sugar for Greater New York were standardized in an agreement entered into Tuesday by representatives of the three branches of the industry at a conference called by Henry Markowitz, commissioner of public markets. The prices follow:

Refinery, \$8.35 basis for bulk granulated; wholesale, \$8.60 per hundred pounds for bulk granulated in the original packages to the retail trade; retail 10 to 11 cents a pound for granulated sugar, the price to the consumer not to exceed 11 cents.

The conference issued a statement saying that the co-operation of the consumer was necessary in working out the plan and that the sugar shortage is temporary.

Fruit Shippers Blamed.

North Yakima—Blame for the existing shortage of fruit cars in the Yakima valley was placed on the shoulders of fruit shippers in a statement by Northern Pacific officials. They asserted that the average of 3000 carloads out of this valley this season has been 640 boxes, in spite of appeals from government and railroad officials to load the cars heavier. The shippers declared many cars had gone out loaded with 728 boxes, but that the bulk of the apples would be ruined by overloading and lack of ventilation.

SUFFERING CATS! GIVE THIS MAN THE GOLD MEDAL

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without a particle of pain or soreness. This drug is called freezone and is a compound of ether discovered by a Cincinnati man. Ask at any drug store for a small bottle of freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callous. Put a few drops directly upon any tender, aching corn or callous. Instantly the soreness disappears and shortly the corn or callous will loosen and can be lifted off with the fingers. This drug freezone doesn't eat the corns or callouses but shrivels them without even irritating the surrounding skin. Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have freezone have him order it for you.

FOUR WEEKS IN HOSPITAL

No Relief—Mrs. Brown Finally Cured by Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio.—"For years I suffered so sometimes it seemed as though I could not stand it any longer. It was all in my lower organs. At times I could hardly walk, for if I stepped on a little stone I would almost faint. One day I did faint and my husband was sent for and the doctor came. I was taken to the hospital and stayed four weeks but when I came home I would faint just the same and had the same pains. A friend who is a nurse asked me to try Lydia E. Pinkham's Vegetable Compound. I began taking it that very day for I was suffering a great deal. It has already done me more good than the hospital. To anyone who is suffering as I was my advice is to stop in the first drug-store and get a bottle of Lydia E. Pinkham's Vegetable Compound before you go home."—Mrs. W. C.
