

# The Little Tots' Favorite

## H.O.

The children prefer "H. O." because it is the oatmeal with the tempting flavor. It makes sturdy little bodies and keen quick-thinking brains—as it contains the properties that make energy and tissue in just the right proportions. "H. O." is more nourishing than meat or eggs, and can be prepared in only 20 minutes. Do not accept ordinary oatmeal or rolled oats, when you can obtain "H. O." At all grocers.

## ARE HOARDING SUGAR

Oregon Individuals Accused and Food Administration Asks Washington Authorities for Instructions.

Portland—Several cases of sugar hoarding by individuals in this state have been reported to the officials of the Oregon food administration here, it was announced Wednesday. They have been referred to the national food administration at Washington, D. C., with a request for instructions as to what action should be taken.

Food Administrator R. F. Bicknell, of Idaho, already has placed a limit of 25 pounds of sugar per person, which he has asked the grocers of that state to observe pending instructions from Washington, local officials said.

Grocers at Ontario, Ore., across the Snake river from Idaho, are reported to be co-operating with the food administration of that state to prevent individuals, refused more sugar by grocers there from getting it in Oregon.

### State to Sell School Land.

Olympia—On the first Tuesday in February, 1918, the state will hold its next sale of state school lands, and it promises to be a record-breaker. There is unusual interest in agricultural lands, not only from various parts of the state of Washington, but from outside points as well.

The sale ordinarily would be held on the first Tuesday in January. But the law, says Clark V. Savidge, state land commissioner, is that when the first Tuesday of a month falls on a holiday the sale must be put over for one month. This time the new year comes in on Tuesday, and as that occasion is a holiday it means no sale can be held.

### Hatchery Ships 30,000,000 Eggs.

Kelso—As only 16,000,000 of the 50,000,000 salmon eggs taken at the Kalama river hatchery can be handled there the state fisheries department is shipping the surplus of more than 30,000,000 eggs to other hatcheries in the state. Shipments have been made to the upper Columbia plants and to some on the sound. The following are some of the shipments: Chambers creek hatchery, 3,000,000; Samish hatchery, 3,000,000; Wenatchee, Peteras and Middle Fork hatcheries, 1,500,000 each; Nooksack hatchery, 2,000,000.

A woman who was traveling in Canada, collecting data for her book, stayed with a farmer's wife. When the farmer came in from the fields he stopped some time to rub his gum boots on the door mat.  
"Where is your husband?" asked the visitor. "I thought I heard him at the door."  
"He's cleanin' his 'gums' on the mat, ma'am," said the farmer's wife.  
When the book was sent to the publisher this passage caught his attention:  
"Canadian settlers in the out-of-the-way districts can't get toothbrushes, so they use the door mat."—Exchange.

### A Poor Substitute.

"What have you in your local zoo?"  
"Well, for one thing, we have one of the largest collections of snakes you ever saw."  
"I don't care for snakes. Have you no large amphibians?"  
"No, but there's a fat man who spends about half his time in the swimming pool at the other end of the park. He's the nearest thing to a large amphibian we have about here."—Portland Telegram.

## THE NEW METHOD

(By L. W. Bower, M. D.)  
Backache of any kind is often caused by kidney disorder, which means that the kidneys are not working properly. Poisonous matter and uric acid accumulate within the body in great abundance, overworking the sick kidneys; hence the congestion of blood causes backache in the same manner as a similar congestion in the head causes headache. You become nervous, despondent, sick, feverish, irritable, have spots appearing before the eyes, bags under the lids, and lack ambition to do things.  
The latest and most effective means of overcoming this trouble, is to eat sparingly of meat, drink plenty of water between meals and take a single An-u-ric tablet before each meal for a while.  
Simply ask your favorite druggist for An-u-ric, double strength. If you have lumbago, rheumatism, gout, dropsy, begin immediately with this newest discovery of Dr. Pierce, who is Chief Medical Director of Invalia Hotel and Surgical Institute in Buffalo, N. Y. Send 10 cents for trial pkg.

# This is a Duplex

## THE FOUR-WHEEL DRIVE DUPLEX.

Here's the truck that was built to meet the conditions under which YOU must do your hauling. Here's the truck you don't have to lay up in Winter—the truck that goes through plowed fields and up un-roaded hills like stock take to the range.

## READ THIS!

We have been very successful with the Duplex under the condition that the truck must work in this territory, due to the fact that it is exclusively a FARMING district and most of the work is done in the FIELDS, in WHEAT STUBBLE, or PLOWED GROUND.

M. A. Woods put his WHEAT in the warehouse for 2 3-4 cents a sack. Last year it cost him 7 cents a sack with teams. He hauled 11,000 sacks in 23 days, ALL OUT OF THE FIELD; never got stuck and never had to unload during the entire season. His farm is an average hilly one.—Excerpt from a letter from a Duplex owner.

On another occasion the DUPLEX negotiated a 45 per cent grade with 50 sacks of wheat where a TWO-WHEEL DRIVE TRUCK COULD NOT GET UP EMPTY. 4500 sacks were hauled over this road. The hill is three miles long.

Let's hear from you NOW. Give us the chance to show you how we can save you big money.

## DEALERS!

There's a little territory still open on the DUPLEX. Live agents, here's your chance to get hooked up with a winner—and with one of the oldest, largest and fastest growing automobile concerns in the Northwest. Mail the coupon today.

## COMB SAGE TEA IN HAIR TO DARKEN IT

It's Grandmother's Recipe to keep her Locks Dark, Glossy, Beautiful.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.
