HEALTH IS IMPORTANT
Basis for All Work in Schools, Declare Experts.

Uncle Sam's Agencies Are Working to Extend Sanitary Regulations of Cities of Rural Communities.

The most important element in the education of children is the establishing of good health and right living habits, according to those experts of Uncle Sam's bureau of education who make this their life problem. Half a century ago the attention of those responsible for the care of children in city schools was drawn to these important features of school and life and work, and much has been done, say the experts, in the last two decades for the improvement of the sanitary features of school houses and grounds and for school regimen in cities.

Only recently, however, it is pointed out, has much attention been given to health conditions in country schools, but rural school sanitation is now receiving the attention of several governmental and state agencies. An interesting study of rural school sanitation has recently been completed by the United States public health service in a certain part of the state of Indiana.

It is thought that the conditions found in that locality are, at least in the main, those that exist to a more or less degree in many of the rural schools in the country. For one thing it was found that there is an undue number of one-room rural schools. Among other things it was thought by the officials making the survey that an undue number of old buildings are being utilized which have largely passed the limits of usefulness for educational purposes. Many of these, it is said, were without the proper sanitary facilities and some were even without any water supply. Many had faulty illumination of the classrooms and still others were without adequate classroom equipment; some were improperly heated and poorly ventilated and still others presented evidences of inefficient janitor's service.

The large number of children presenting physical defects of such gravity as to demand specialized medical and surgical attention, say the experts, is an evidence of the need of medical supervision of the school children of the counties in the interests of the child's educational advancement and for the protection of the community health.

The undue number of mentally defective and retarded school children revealed by the study made emphasizes the necessity, say the experts, of the mental classification of the children for the purpose of revealing those who are in need of institutional or individualized treatment.

A New Problem.
"The pen is said to be mightier than the sword."
"Yes, that's an old story. But where shall we place the swagger stick?"—Louisville Courier-Journal.

Trifle Embarrassed.
"Fine pair of spurs you have there, colonel."
"Yes."
"I suppose you won them on some battlefield."
"No," said the colonel, with some embarrassment. "The fact is, I won these spurs at a raffle."—Louisville Courier-Journal.

LADIES! SECRET TO DARKEN GRAY HAIR
Bring Back its Color and Lustre with Grandma's Sage Tea Recipe.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv.

WASHINGTON IN LEAD
Favorable Report on Dairy Products in Storage—Market for Christmas Poultry Much Improved.

Tacoma, Wash.—Taking the lead in the production of apples for 1917, the state department of agriculture reports the whole number of carloads at 19,815. In some sections the yields are overrunning earlier estimates. Scarcity of boxes, shortage of labor and limited shipping facilities, at times seemed alarming, but where proper storage facilities were provided the crop was secured with a minimum of loss. Varieties show a production as follows, in carloads: Winesaps, 4087; Rome Beauty, 1815; Jonathan, 3329; Newtown, 737; E Sopus Spitz, 1486; Delicious, 855; Wagenses, 443; Arkansas, 255; other varieties, 6826.

Other fruits shipped were 2112 carloads of peaches, 1465 carloads of pears besides those used by the fruit product factories. Cherries, prunes, plum, apricots, strawberries and other small fruits showed an aggregate of 965 carloads.

Some plants are already reporting shortage of stock and they will not be able to fill their orders. This, says the department, should encourage all growers to conserve every apple and not allow any to go to waste in the orchards, packing sheds or elsewhere, because there is a good market value in them, and as a food product they should be saved.

Fruits and vegetables are in good demand for the holiday trade. Poultry is having a good sale. Dressed turkeys are quoted at 30 cents.

County to Have Farm Expert.
Colfax, Wash.—Whitman county is to have an agricultural instructor, employed by the Federal department of agriculture, which will pay his salary, the county to pay his expenses. This is in line with the government's desire to increase production and improve agricultural conditions. The agriculturalist is to be selected by the Federal government and the State Agricultural college, with the consent of the county commissioners. The board has voted to grant the request of the government.

NORTHWEST MARKET REPORT

DRINK MORE WATER IF KIDNEYS BOTHER

Eat less meat and take Salts for Backache or Bladder trouble.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv.

Preliminary Training.
"Of course," said Mr. Rafferty, "we can't deny we've had our little differences with England."
"We have," replied Mr. Dolan. "And a great benefit, it was. It's what put both countries in real fightin' trim."—Washington Star.

Hardly.
"Some of the nursery rhymes need revising."
"Fuh?"
"Take, for instance, the case of 'henney penny.' We can no longer couple the hen with a coin so insignificant as a cent."—Exchange.

Not so Bad.
"Is this son of yours adolescent?"
"Oh, no, sir; he's just a little queer in the head."—Baltimore American.

Appropriate Pace.
"How are those bathing suits you are making coming on?"
"Oh, they're coming on swimmingly."—Baltimore American.

The Operation.
"Tommy was such a hard boy to manage. How did they make him the star pupil at school?"
"Sure, ma'am, they cut out his asteroids."—Baltimore American.

Senator Lodge was talking about certain investigating committees.
"Some of them," he observed, "remind me of St. Hoskins. St. got a job at shooting muskrats, for muskrats overran a mill owner's dam. There in the lovely spring weather St. sat on the grassy bank, his gun on his knee."
"What are you doing, St.?"
"I'm paid to shoot muskrats, sir," he said. "They're underminin' the dam."
"There goes one now," said I. "Shoot man! Why don't you shoot?"
"St. puffed a tranquil cloud from his pipe and said:
"Do you think I want to lose my job?"—Exchange.

All She Wanted.
Mrs. Newbridge—I want to get some salad.
Dealer—Yes'm. How many heads?
Mrs. Newbridge—Mercy! I thought you took the heads off. I just want plain chicken salad.—Harper's.

Mary had a little limp
And furrows in her brow.
She couldn't wear a number two
But tried it anyhow.

Smarty.
"I saw a man yesterday who has been driving customers away from your store."
"Who was he?"
"A cabman."—Brooklyn Citizen.

ALLEN'S FOOT-EASE DOES IT.
When your shoes pinch or your Corns and Bunions ache, get Allen's Foot-Ease, the antiseptic powder to be shaken into shoes and sprinkled in the foot-bath. Gives instant relief to Tired, Aching, Tender Feet. Sample FREE. Address Allen S. Olmsted, Laffey, New York.

Sad Experience.
"And haven't you ever tried ter git work?"
"Yep. I wunst tried ter git work for two of me pals, but dey wouldn't take it."—Brooklyn Citizen.

A Paradoxical Sign.
"I can always tell when my husband is going to be close with his money."
"How?"
"By his far-away look when I ask him for some."—Boston Transcript.

Are Your Lungs Strong?
Do colds go down to your throat? Are your bronchial tubes easily affected? Above all, do colds settle on your chest? Then your lungs may not be as strong as you expected—consumption often follows.
Good Physicians Everywhere Prescribe

SCOTT'S EMULSION
Because its Pure Cod Liver Oil is Famous

for strengthening delicate throats and weak lungs while its glycerine soothes the tender linings and alleviates the cough.

Start on Scott's Emulsion today—It is Nature's building-food without drugs or alcohol.

The imported Norwegian cod liver oil used in Scott's Emulsion is now refined in our own American laboratories which guarantees it free from impurities.
Scott & Bowne, Bloomfield, N. J.
