In attempting to cross the river on a rudely constructed foot bridge, he slipped from the ice-covered plank and plunged headlong into the cold water. Returning later he thought it safer to cross on a fallen tree where he could cling to the limbs but the tree played him the same trick and he took another bath in the icy water.

day from Portland.

## Maupin Remonstrates

Wapinitia Plains Commercial Club have a petition out to change the location of the upper part of the Maupin grade to a more gradual slope and different course. Wednesday night the business men of Maupin met and elected W. H. Staats, D. M. Shattuck and L. D. Kelly a delegation to confer with the Club tomorrow night and explain why the people of Maupin think it more practical to maintain the present road and expend the pledged \$5000 on hard surfacing the same. Meanwhile a remonstrance is being circulated, and in view of the fact that a very large percentage of the heaviest loads, wood, wheat, hogs, etc., are descending rather than ascending the grade, hard surface is sufficient.

Dear Friends:

We wish you to keep up the good spirit for our country's sake, as we boys out here are ready at the tap of any call to give our lives for our dear America.

I received packages of tobacco

## SATAN WRITES TO THE KAISER

### A Satire

Louis Syberkrop of Iowa has acquired much fame in recent weeks as author of a satire on Kaiser Wilhelm. Requests have come to him from Tumulty, Secretary Daniels and Roosevelt, and people in every state of the Union and in Canada have asked for copies of Mr. Syberkrop's article. It is:

Ottumwa, Iowa,  
The Infernal Region,  
June 23, 1917.

To Wilhelm Von Hohenzollern, King of Prussia, Emperor of all Germany and Envoy Extraordinary of Almighty God:

My Dear Wilhelm:

I can call you by that familiar name for I have always been very close to you, much closer than you could ever know.

From the time that you were pet an undeveloped being in your mother's womb I have shaped your destiny for my own purpose.

In the days of Rome I created a roughneck known in history as Nero. He was a vulgar character and suited my purpose at that particular time. In these modern days a classic demon and efficient super criminal was needed, and as I know the Hohenzollern blood, I picked you as my special instrument to place on earth an annex of hell. I gave you abnormal ambition, likewise an over supply of egotism that you might not discover your own failings; I twisted your mind to that of a madman with certain normal tendencies to carry you by, a most dangerous character placed in power; I gave you the power of a hypnotist and a certain magnetic force that you might sway your people. I am responsible for the deformed arm that hangs helpless on your left, for your crippled condition embitters your life and destroys all noble impulses that might otherwise cause me anxiety, but your strong sword arm is driven by your ambition that squelches all sentiment and pity; I placed in your soul a deep hatred for all things English, for of all nations on earth I hate England most; wherever England plants her flag she brings order out of chaos and the hated Cross follows the Union Jack; under her rule wild tribes become tillers of the soil and in due time practical citizens; she is the great civilizer of the globe and I HATE HER. I planted in your soul a cruel hatred for your mother because SHE was English and left my good friend Bismarck to fan the flame I had kindled. Recent history proves how well our work was done. It broke your royal mother's heart, but I gained my purpose.

The inherited disease of the Hohenzollerns killed your father, just as it will kill you and you became the ruler of Germany and a tool of mine sooner than I expected. To assist you and further hasten my work I sent you three evil spirits, Nietzsche, Trietschke and later Bernhardi, whose teachings inflamed the youths of Germany, (concluded on last page)
