What the Teacher Sent.

Little Mary started to school on her second year last Monday.

When she came home her mother asked:

"Well, Mary, what did the teacher say to you after the long summer vacation?"

"She said, 'Hello Mary,'" the child replied.

"And what else?" asked the mother.

"She said, 'When you go home please tell your mamma that I sent her rewards,'" was Mary's second reply.

War Recipes

Cut out the following recipes and paste them in your cook book to help you Hooverize. They have been thoroughly tested by instructors and special lecturers in the department of home economics at the University of Washington.

Fresh Mackerel Baked in Brown Sauce

—Fresh mackerel is inclined to be rather dry and therefore should be baked frequently while cooking; or should be baked in a sauce. The following method is good: Fresh mackerel, salt, pepper. Baste with 2 tablespoonfuls fat, ¼ cup hot water, 1 teaspoonful lemon juice.

Clean mackerel, removing head and tail. Rub with salt, and sprinkle with pepper. Cook in dripping pan until nearly done, basting occasionally. When almost done, cover with brown sauce and buttered crumbs and bake until crumbs brown.

Brown Sauce—Two tablespoonfuls fat, 1 slice onion, 3 tablespoonfuls flour, 2 cups meat stock or water, ¼ teaspoon salt, ¼ teaspoon pepper, 3 drops kitchen bouquet.

Cook onion in fat until slightly brown. Remove onion. Add flour mixed with seasonings and brown flour and butter. Add stock gradually, stirring constantly. Add kitchen bouquet last.

Baked Red Snapper and Lemon Sauce

—Slices of red snapper 1½ inch thick, salt, pepper, bread crumbs, 2 tablespoonfuls fat, ¼ cup hot water, 1 tablespoonful lemon juice.

Wipe fish dry and rub with salt and pepper. Cover with crumbs and dot with fat. Add a little water and cook until tender (about 30 minutes). Baste with a mixture of fat, hot water, and lemon juice. Remove and serve with Lemon Sauce—3 tablespoonfuls butter, 2 tablespoonfuls flour, 1 cup hot water, yolk of one egg, ¼ teaspoon salt, speck of cayenne.

Melt the butter, stir in the flour and add water gradually. Pour slowly over beaten egg and return to fire until it thickens.

Broiled Grayfish—One lb. fresh gray fish, skinned; 1 cup bread crumbs, 1 egg slightly beaten. Marinade: 1 cup vinegar, ¼ cup salad oil, 1 tablespoonful chopped onion, 1 tablespoonful chopped parsley, 4 peppercorns, 4 whole cloves, 2 bay leaves crumbled, ¼ teaspoon thyme, ¼ teaspoon paprika, 1 teaspoon salt.

Put fish for one hour in dressing made of above ingredients, turning several times. Dip in egg, bread crumbs, and then egg; broil under a gas flame until brown.

Sheep Shearing Under Way.

Shearing is now quite general in the Yakima wool sections. Sheepmen are taking advantage of the favorable weather and pushing operations. There have been no shipments of wool as yet, but a large quantity is expected to go to Portland by the end of the month. The market is holding steady and there is every indication that the Oregon and Washington clips will bring as good prices as ruled last season. The wool produced in the United States furnishes only about 50 per cent of the amount used in peace times.

Rheumatism Yields

Only rheumatic sufferers know the agony of its darting pains, aching joints or twisting cords. But some few have not known that

SCOTT'S EMULSION

has been correcting this trouble when other treatments have utterly failed.

Scott's is essentially blood-food in such rich, concentrated form that its oil gets into the blood to alleviate this stubborn malady.

Get a bottle of Scott's Emulsion or advise an ailing friend. No alcohol.

The Norwegian cod liver oil in Scott's Emulsion is now refined in our own American laboratories, which makes it pure and palatable.

QUIT MEAT IF YOUR KIDNEYS ACT BADLY

Take tablespoonful of Salts if Back hurts or Bladder bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.—Adv.

A BAD WRECK—of the constitution

may follow in the track of a disordered system, due to impure blood or inactive liver. Don't run the risk! Doctor Pierce's Golden Medical Discovery cures all disorders and affections due to impure blood or inactive liver. The germs of disease circulate through the blood; the liver is the filter which permits the germs to enter or not. The liver active, and the blood pure, and you escape disease.

When you're debilitated, and your weight below a healthy standard, you regain health and strength, by using the "Discovery." It builds up the body.

The Wealth of the Ukraine

The states of Ohio, Indiana, Illinois, Michigan, and Wisconsin have a combined area about equal to that of the new Ukrainian Republic. Putting it in another way, Ukraine, according to a native writer, is as large as the German empire with the state of Illinois annexed.

Mere area in itself signifies little, but the extent of land surface comprised within the limits of the new republic of Ukraine contains the most fertile parts of the old Russian empire. It is known as the "Black Earth Belt" and has been not only the granary of Russia but the greatest granary of eastern Europe. In 1914 one-third of Russia's total farm products came from this "Black Earth Belt," which is really Russia's wheat belt. Ukraine produces 80 per cent of Russia's crude sugar and 59 per cent of her refined sugar. The tobacco production of the region is relatively as large as that of sugar. The Ukrainian supplies about 50 per cent of the Russian live-stock output.

Not only is the Ukraine a great source of agricultural wealth, but in mineral resources it has been to Russia what the northern provinces of France, now overrun by the Germans, have been to that republic. Of coal, it has produced 70 per cent of the total Russian product, an equivalent proportion of pig iron, and of steel nearly as much. Manganese, mercury, petroleum, peat, phosphorite, and kaolin are other important mineral products of the Ukraine.—From "The Ukrainian Republic," in the American Review of Reviews for March, 1918.

Hurrah! How's This

Cincinnati authority says corns dry up and lift out with fingers.

Ouch ! ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn or hardened callous stops soreness at once, and soon the corn or callous dries up and lifts right off without pain.

He says freezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezone will cost very little at any drug store, but will positively remove every hard or soft corn or callous from one's feet. Millions of America's women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezone tell him to order a small bottle for you.—Adv.

To keep clean and healthy take Dr. Pierce's Pleasant Pellets. They regulate liver, bowels and stomach.

Hard to Choose.

"We hunch players have our troubles. Last night I dreamed about a hat."

"That ought to be easy. Play the horse whose name suggests a hat."

"Well, here's Chapeau, Turban and Hatters, all in the same race."—Louisville Courier-Journal.

GRANDMAN EVER LET HER HAIR GET GRAY

She Kept Her Locks Dark and Glossy, with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.—Adv.

Garfield Tea is Nature's laxative and blood purifier; it overcomes constipation and its many attendant ailments.—Adv.

Misunderstood.

"I hear that Burrows has come in for some money."

"Then he'll have to go out without it as far as I am concerned."—Exchange.
