Soap 75c. Ointment 25c & 50c

## The Wise Husband.

Mr. Barton lived in a suburban town. His wife asked him to purchase a shirtwaist for her while in New York. After telling the salesgirl what he was after, she displayed a number.

"Here are some very pretty ones. What color do you prefer?" she said. "It doesn't make any difference," replied Mr. Barton.

"Doesn't make any difference!" exclaimed the salesgirl. "Why, don't you think your wife would like a certain color?"

"No, it makes no difference what color I get or what size. I shall have to come back tomorrow to have it changed."

## Her Paradoxical Position.

"A vessel is different in one way from anything else."

"What is that?"

"It is when she is tied up that she can't make any knots."—Exchange.

"How's Ferrin getting along with his new automobile?"

"Finely. He's got so now that he can almost tell what's the matter when it won't go."—Brooklyn Citizen.

"When they pass anti-trust laws in the future they will have teeth in them."

"Oh, that's only biting sarcasm."

Dr. Pierce's Pellets are best for liver, bowels and stomach. One little Pellet for a laxative—three for a cathartic.

Generosity. An old fellow on his deathbed, in making his will, murmured to his lawyer: "And to each of my employees who have been with me 20 years or more I bequeath \$2,000."

"Holy smoke, what generosity!" the lawyer exclaimed.

"No, not at all," said the sick man. "You see, none of them has been with me over a year; but it will look good in the papers, won't it?"—Liverpool Post.

Changing Times. "Conditions are certainly changing. They are setting the clocks ahead to get more daylight."

"So they are."

"And soon there won't be any fly time. Gosh, that was a regular season a few years back."—Louisville Courier-Journal.

Well Whitewashed. "I don't object to your marrying that young representative, Emily, but I'm afraid he doesn't stand very high in the political world."

"Oh, yes, he does, mother. He's already been investigated by five committees."—Froth.

## SAGE TEA BEAUTIFIES AND DARKENS HAIR

Don't Stay Gray! It Darkens So Naturally that Nobody can Tell.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delighted with your dark handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.—Adv.

## Puzzling.

"Charley, dear," said young Mrs. Torkins, "as I understand it, the coal situation is puzzling."

"As you understand it, it probably is. How do you understand it?"

"Why, it seems that owing to a scarcity of coal it will be impossible to cook the meat and potatoes we couldn't afford to buy, anyhow."—Washington Star.

## A Good Place.

Hubby—Twenty-five dollars for that hat! It's a crime!

Wife—Well, the crime is on my own head.—Exchange.

## It Turned.

"My hair began to turn when I was quite young," she said.

"Oh, then you've dyed it?"

"Sir! What do you mean?"

"Beg pardon. Didn't I understand you to say it turned?"

"Certainly, that's what I said. It began to curl."—Exchange.

## NOTHING STANDS AS HIGH, as a remedy for every womanly ailment, as Dr. Pierce's Favorite Prescription.

It's the only medicine for women certain in its effects.

"Favorite Prescription" is an invigorating, restorative tonic, a soothing and strengthening nerve, and a complete cure for all the functional derangements, painful disorders, and chronic weaknesses peculiar to the sex.

For young girls just entering womanhood; for women at the critical time; nursing mothers; and every woman who is "run-down," tired or overworked—it is a special, safe, and certain help.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

How to preserve health and beauty is told in Doctor Pierce's Common Sense Medical Adviser. It is free. Send Dr. Pierce, Buffalo, N. Y., five dimes, or stamps, to cover printing and mailing.—Adv.

## Vicarious Treatment.

Caller—Doctor, have you ever treated a patient for loss of memory?

Doctor—Oh, yes, indeed. I employ a bill collector quite often.—Boston Transcript.

## Which One?

School ma'am—Tommy, how do you spell "ham"?

Tommy—Please, ma'am, do you mean the 'am we eat or the am we are?—Chicago Herald.

## Small Matter.

"Your husband hasn't had any—er—entanglements since he has been over there" has he?"

"No—nothing but barbed wire—so far."—Florida Times-Union.

## Soft, Clear Skins.

Night and morning bathe the face with Cuticura Soap and hot water. If there are pimples first smear them with Cuticura Ointment. For free samples address, "Cuticura, Dept. X, Boston." Sold by druggists and by mail. Soap 25c, Ointment 25c and 50c.—Adv.

## SUFFERING CATS! GIVE THIS MAN THE GOLD MEDAL

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out without a particle of pain or soreness.

This drug is called freezezone and is a compound of ether discovered by a Cincinnati man.

Ask at any drug store for a small bottle of freezezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callous.

Put a few drops directly upon any tender, aching corn or callous. Instantly the soreness disappears and shortly the corn or callous will loosen and can be lifted off with the fingers.

This drug freezezone doesn't eat out the corns or callouses but shrivels them without even irritating the surrounding skin.

## STATE NEWS IN BRIEF.

Captain John Peterson, dean of the Columbia River pilots, died at Astoria as the result of a stroke of paralysis. He was born in Sweden in 1856, and was 62 years of age.

German has been banished from the La Grande high school curriculum by the school board, which, at the same session, increased all salaries at least 10 per cent to all teachers.

Major Hitchcock and Captain Brown, of the spruce division, aviation section of the United States Signal Corps, spent several days this week inspecting the various spruce camps near Siletz, Toledo and Waldport.

Warren's home guard is fully organized and drilling weekly. The men will be sworn in as deputy sheriffs next week by Sheriff Stanwood. Equipment is expected shortly and the company is now composed of 65 men.

Major Deich, in command of the state police, has asked Captain O. J. Hull, of Salem, to send 15 or 20 men from Salem as soon as possible to relieve men on guard duty in Portland. Enlistments are now open for the new military organization.

It is probable that at least a part of the Eastern Oregon company of the Oregon State Police will be organized in Pendleton. Commandant Jacob Marin, of the United Spanish War Veterans, is circulating the application blanks among the members of Malabon camp.

Conditions were never before more favorable for the sheep industry in Lake county than at present. Owing to the exceedingly mild winter the sheep are in as good condition as when taken from the summer range last fall, and as a consequence the quality of the wool will be excellent.

William W. Hall, formerly pitcher of the Hood River League baseball team and later a star of other Mid-Columbia teams, recently enlisted in a squadron of the Aviation Corps. In a letter to his father, William Hall, he announces that he is training as a flyer at a school at Hempstead, N. Y.

Seventy-two to four was the final count in the election affecting water users at Klamath Falls last Saturday for the adoption of a contract from the government, by which a district irrigation plan of organization will be followed instead of a water-users' association, as has been previously maintained.

It is the plan of the railroad administration to entrust, as far as possible, to the Interstate Commerce commission and state commissions duties in connection with the control of railroads, according to advices received by the Public Service commission from John Barton Payne, general counsel for the Federal board. He asks the commission to advise him as to all matters pending.

The Polk county grand jury is in session this week looking into alleged pro-German statements of number of citizens. Reports of seditious talk have been coming in fast to the county officials during the past few months and the grand jury was called for the purpose of probing these charges. Several citizens have lately been arrested and taken to Portland, from where they were sent to internment camps.

"The farmers are more scared than hurt over the possibility of a labor shortage at the time of harvesting crops," J. O. Holt, manager of the Eugene Fruit Growers' association, said Wednesday. Mr. Holt added that there is an unusually heavy demand from the East for canned string beans this year, but that he is having much difficulty in inducing farmers to plant these beans for fear that pickers will not be available.

Ed Reed was instantly killed at Reedport while unloading a car of piling. Having some difficulty in getting the piling started, Reed was obliged to get in the track of piling as they rolled to the water. Before he could clear one of the timbers struck him, pinning him down, and three others passed over him, crushing his body and mashing his head to a jelly.

A home guard company of 111 men was organized at Dallas Friday evening. Wayne Greenwood was elected captain. Roy Rishert first lieutenant, and J. R. Sibey second lieutenant. All officers will be sworn in as deputies to Sheriff Orr and the company will be called upon to perform general police duty as needed. During the summer months the company will aid in fire patrol work.

To C. T. Darley, an engineer and prominent resident of the Bonanza district, has been awarded the contract for construction of the canals and ditches of the 900-acre Yonna Valley unit of the new irrigation system which is being launched this year at Bonanza. The water will be obtained by pumping from Lost River. The pumps have been ordered and will be installed before the first of next month so that everything will be in readiness for watering this year's crops.

An aero training school for Oregon, possibly at Hermiston or Medford, may be established in the near future. The chamber of commerce was advised by wire from Robert Dougan, Washington representative, that a special commission will be sent here to look over sites at these two places.

Three cases of select and expensive wines and other liquors consigned to J. H. Cobbs, a wealthy Portland timberman, were confiscated by Sheriff Hulbert after a freight checker for the O. W. R. & N. company had discovered the liquor in a carload of furniture shipped to Mr. Cobbs from New York.

## WHEAT IS FAVORABLE

Crop Conditions Throughout Washington Show Marked Improvement Over Same Time Last Year.

The entire winter has been unusually favorable for winter wheat on account of the above normal temperatures and adequate precipitation, practically all of which was absorbed by the soil. Many fields, especially throughout the Palouse and Big Bend areas of the state, which had not appeared above the ground by December due to lack of precipitation early in the season and where conditions indicated a duplication of the preceding year, have attained substantial growth. Although there has been an unusual winter growth of all wheat throughout the Big Bend and Palouse counties, the plant has not attained the height reached under the most favorable years, and this condition is conducive to weed growth later in the season. There are also occasional fields in the Big Bend, Spokane and Whitman counties and the dry land areas of Walla Walla county, that were sown early in the fall which germinated unevenly and may require partial re-sowing, but the present favorable growing weather will undoubtedly materially improve the appearance of these fields within the next two or three weeks. The condition of fall wheat in Walla, Walla, Klickitat and surrounding counties is exceptionally favorable, especially in moisture.

Spring seeding and planting are now general throughout the state excepting in some of the extremely late areas. On account of the early favorable spring and unusually favorable moisture conditions, many areas in the state are completing spring seeding of wheat this year by the time they began seeding last year.

There has been considerable improvement in the condition of livestock and losses from disease have decreased throughout the entire state.

## Yakima Potatoes Sold to Army.

Yakima—The first army contract for Yakima potatoes has been closed, and A. T. Davis, of the Davis Brokerage company of this city, is gathering a shipment of 1,000,000 pounds. The contract was awarded to Victor C. Coxhead, of Seattle, direct, but Coxhead bid for the local company, which will fill the order at \$17.50 a ton. The consignment will be forwarded to several camps in California in 25 carloads. Mr. Davis was on the reservation arranging for deliveries and had purchased most of the stock.

## NORTHWEST MARKET REPORT

Wheat—Bulk basis for No. 1 grade: Hard white, \$2.05. Soft white, \$2.03. White club, \$2.01. Red Walla Walla, \$1.98. No. 2 grade, 3c less; No. 3 grade, 6c less. Other grades handled by samples.

## Do You Do This?

The customer was paying the merchant an account and handed over a wad of 20 \$5 bills.

Carefully the merchant placed the notes on the counter, and winking the tip of his finger he counted them one by one.

"I noticed," remarked the customer, smilingly, after the merchant had placed the wad in his inside pocket, "that you didn't 'flick' up the last one."

"No," was the canny reply. "I dinna dae more than look at the last one. That's guid enough for me without touchin' it; there might be anither underneath it."—Chicago Herald.

## Probably She Didn't.

A gentleman winked at a bright little boy on the Lewiston car the other day. The youngster tried to return the salute, but both eyes persisted in shutting.

"Mamma," he finally said to a nice looking woman by his side, "wink at that man."—Portland Press.

## The Trouble.

The Reporter—What are your views about municipal ownership?  
The Boss—It's all right if none of them inquisitive fellers come snooping around to find out how you go to own it.—Exchange.

## TO BREAK IN NEW SHOES ALWAYS USE

Allen's Foot-Ease, the antiseptic powder. It prevents tightness and blistering. Relieves Corns, Bunions, and Swollen, Sweating, Aching Feet. Gives rest and comfort. Accept no substitute. Sample FREE. Address, Allen S. Olmsted, Le Roy, N. Y.

## Getting Tamed Down.

There has come to be a perceptible shortage in the wild ois crop, and that is one of the things owing to the war which go to offset its distressing effects.—Albany Journal.

## It Was Afterward Roasted, Too.

Adam could afford a spare-rib, but Garden of Eden market prices were far from our 1918 standards.—Brooklyn Eagle.

## Standardized.

"Sometimes spring is early, sometimes late."  
"Not as regards our apartment house. No heat after the first of May is the regulation."—Louisville Courier-Journal.

## BLACK LEG

LOSSES SURELY PREVENTED BY CUTTER'S BLACKLEG PILLS

Low priced, fresh, reliable, preferred by western druggists, because they protect where other vaccines fail.

Write for booklet and testimonials. 10-dose pkg. Blackleg Pills, \$1.00. 50-dose pkg. Blackleg Pills, \$4.50. Use any vaccine, but Cutter's is simplest and strongest. The superiority of Cutter's products is due to over 15 years of specializations in VACCINES AND SERUMS ONLY. INSIST ON CUTTER'S. If unsatisfactory, order direct.

The Cutter Laboratory, Berkeley, California
