 Mrs. of "Freedom-A-He" a new garment for women

Hurrah! How's This
 Cincinnati authority says corns dry up and lift out with fingers.

Once I tried it! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn or hardened callous stops soreness at once, and soon the corn or callous dries up and lifts right off without pain.

He says freezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezone will cost very little at any drug store, but will positively remove every hard or soft corn or callous from one's feet. Millions of America's women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezone tell him to order a small bottle for you.—Adv.

Youth.
 Nora—Do you think marriage is always a failure?
 Ada—Always a failure? Well, I should say not. Why, I know a case where a wife fairly idolizes her husband, and he—why, he can't keep away from her a minute.
 Nora—Bless me, how long have they been married?
 Ada—Nearly a week.—Chicago Herald.

Our idea of a model husband is one who would rather get his breakfast in the garden than try to coax his wife into the kitchen.—Dallas News.

Patience on a Pullman.
 "When do you expect to arrive at your destination?"
 "Haven't thought of that. When I travel now I simply get on board a train and wait and see what happens."—Exchange.

STATE NEWS IN BRIEF.

Umatilla county has nominated a woman, Mrs. Ella Terpening, of Pendleton, as a candidate on the Democratic ticket for state representative.

Cottage Grove has two young people who have set an example in patriotism that many older ones might emulate. The two are Florence McFarland and John Van Northwick, each selling a cow to obtain money with which to buy a liberty bond.

C. E. Albin was elected Mayor of Salem Friday over Frank S. Ward, Percy Varney and Joseph E. Wright will contest for the city marshalship in the general election, neither one of them having received a majority in the primaries as required by the city charter.

Lawrence Middleton, aged 20, was instantly killed when the work truck he was driving was struck by a passenger train at a crossing about a mile west of Merlin. Jack Bears, aged 9, who was riding with Middleton, was badly hurt, but it is believed he will recover.

Application has been received at the state engineer's office from the city of Coquille for permission to appropriate five second-feet of water from the South fork of Cunningham creek, to be used as a city water supply. The town proposes to install a pipe line, one and one-fourth miles long, and the total cost of the new water system is estimated at \$5000.

Mrs. E. Terpening, wife of a well-known Lane county pioneer, died in the Mercy hospital in Eugene Saturday night as a result of burns she received when she crawled on her hands and knees through the flames of a fire which destroyed the Terpening residence near the city Monday night. Mrs. Terpening had been an invalid for two years and was unable to walk when her house caught fire.

After suffering for two weeks from the effect of raw pork, Mr. and Mrs. Henry H. Frey, two Russians from St. Paul, north of Salem, died at the Willamette sanitarium Saturday night. Three of six children of the couple are also lying ill at the sanitarium and it is barely possible some of them cannot survive. Two other children were attacked, but have recovered, while the sixth, a tiny infant, was not affected.

A man named Coon, said to live at The Dalles, was drowned a few days ago in Snake river, below Huntington. With his brother, E. R. Coon, a rancher, with whom he was visiting, and John Tucker, he was fishing, their boat being tied to a cable running across the river. The boat was overturned by the swift current. The other two men managed to reach a small island whence they were rescued by witnesses of the drowning, but the victim's body was carried down the river and has not been recovered.

The Brownsville Canning company, with a plant at Corvallis and one in Brownsville, is making great preparations to handle the big fruit crop. A two-story addition to the large building is now nearing completion, and new offices are being built. The cannery has enjoyed a healthy growth and is handling more business from year to year. The Corvallis property was recently acquired, and machinery will be installed at once. The business of the Corvallis institution will be handled from the Brownsville offices, with Chester Roche, lately of the Oregon Agricultural college, as manager.

According to farmers near Brownsville, grain suffers more from aphid than ever before. Not content with having half ruined many a likely-looking war garden, the little green crawlers have also been busily devouring the fields of vetch, and several farmers in that community report that their vetch crop is a total loss. What is more serious, they are now said to be attacking the grain itself in widely separated localities. In Brownsville every gardener is busy with spray pump and lime cup trying to save his peas and beans. Even the grass in the streets and alleys is covered with aphid.

Lemuel Dunham, a logger, is in the Washington county jail on the charge of being a slacker, and will be turned over to Federal officers. His home is at Elma, Wash., and he admits that he did not register.

One of the prominent fruit jar cap manufacturing concerns in a letter to Mrs. C. H. Jenkins, prominent member of the Hood River Womens' club, who has made a reputation for her canned products, declares that every effort is made to assure housewives of reliable rubber rings this year.

Because the army was short of signal corps men who could take charge of the detachments of soldier-loggers sent to Marshfield for work in the woods, lieutenants of the infantry were given charge. Now that signal corps men have received proper training they are relieving the infantry officers.

Completion of the reclamation of 1500 fertile acres of tule marsh along the border of Upper Klamath lake, five miles north of Klamath Falls, is announced by J. Frank Adams, who has been engaged in this project for the past two years.

Secretary Holt, of the state board of health, was in Salem Monday securing the governor's approval to a contemplated trip of Dr. A. C. Seelye, president of the state board of health, to Washington, D. C., to attend a meeting of the state and territorial health officers.

GARY HAIR BECOMES DARK AND BEAUTIFUL

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients for about 50 cents. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv.

Obstinate Melancholy.
 "Do you appreciate the fact that you are saving daylight?"
 "No," replied Mr. Growcher. "It'll be more opportunity for me to go to the ball games. And every time I go to the ball park the home team loses."—Washington Star.

Luck.
 "Do you believe in luck?"
 "Of course, I do," replied Senator Sorghum. "And I have a great respect for it. The only trouble about luck is the way some people use it for a camouflage when they're dealing off the bottom of the deck."—Exchange.

Universal Acquaintances.
 "I know just about everybody in this town," remarked the prominent citizen.
 "Lucky man!" replied Miss Cayenne. "No matter what wrong number the telephone operator gives you, you can always find someone to talk to."—Exchange.

YOU GET STRONG, if you're a tired-out or "run-down" woman, with Dr. Pierce's Favorite Prescription. And, if you suffer from any "female complaints" or disorder, you get well. For these two things—to build up women's strength, and to cure women's ailments—this is the best medicine to benefit or cure. The "Prescription" regulates and promotes all the natural functions, never conflicts with them, and is perfectly harmless in any condition of the female system. It brings refreshing sleep, and restores health and vigor. Tablets 60c.

If you eat the right foods, and not too much of them, the poisons in your system can be kept down and thrown out by taking a natural laxative, such as that composed of May-apple, juice of aloes, root of jalap, sugar-coated, and long sold by all druggists as Dr. Pierce's Pleasant Pellets. Get them to-day.—Adv.

Itching Burning Skins. For eczemas, rashes, itchings, irritations, pimples, dandruff, sore hands, and baby humors, Cuticura Soap and Ointment are supremely effective. For free samples address "Cuticura, Dept. X, Boston." At druggists and by mail. Soap 25, Ointment 25 and 50.—Adv.

A Sheep Ain't Got No Rights. A supreme court decision upholds the validity of the Idaho law barring sheep from cattle ranges. About the only constitutional right a sheep has left is to mingle with a goat.—New York World.

NERVOUS PROSTRATION
 May be Overcome by Lydia E. Pinkham's Vegetable Compound—This Letter Proves It.

West Philadelphia, Pa.—"During thirty years I have been married. I have been in bad health and had several attacks of nervous prostration until it seemed as if the organs in my whole body were worn out. I was finally persuaded to try Lydia E. Pinkham's Vegetable Compound and it made a well woman of me. I can now do all my housework and advise all ailing women to try Lydia E. Pinkham's Vegetable Compound and I will guarantee they will derive great benefit from it."—Mrs. FRANK FITZGERALD, 25 N. 41st Street, West Philadelphia, Pa.

There are thousands of women everywhere in Mrs. Fitzgerald's condition, suffering from nervousness, backache, headaches, and other symptoms of a functional derangement. It was a grateful spirit for health restored which led her to write this letter so that other women may benefit from her experience and find health as she has done.

For suggestions in regard to your condition write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years experience is at your service.

\$500,000 FOR CANAL

Senator Jones Wires Government Will Spend That Sum in Development Work on Wapato Project.

Yakima—The government will spend \$500,000 in developing canals on the Wapato project within the next year. A telegram from Senator Jones Friday said congress had made that sum available to be spent immediately.

F. A. Wiggins of Tappanish and others in touch with the situation say this will mean 20,000 more acres put in cultivation on the reservation for 1919.

Superintendent L. M. Holt, in charge of irrigation development, will proceed immediately to organize crews to speed up construction, and will put on at once three drag line excavators and order another. The main canal will be extended several miles and the main lateral of the new system constructed this summer, as work on these will not interfere with the present distributive system. One machine working on drainage continuing work last fall was discontinued recently because the appropriation was exhausted.

This decision of congress to expend this sum for immediate construction is due to the fact that more acreage can be developed for crop production on the Yakima reservation for the same money than for any other place in the United States. The plan was approved by Charles Hebbard, food administrator.

Call for Men is Urgent.
 Olympia—Washington's state quota of the 50,000 men called under emergency orders from the entire nation is 250 men. They are to be selected from class I in proportion to the number of men held by local boards in that classification and are to begin enlisting for Vancouver Barracks by May 20. Urgency of the call is emphasized by War department directions for local boards to observe the exemption of farm labor so far as possible, but to take such farmers as can best be spared if unable to fill their quotas otherwise.

Traffic Records Broken.
 Vancouver, Wash.—Last Sunday was a record-breaker for inter-state bridge tolls. The receipts on the bridge, exclusive of streetcar revenue, which will run between \$500 and \$600, were \$931.10. Receipts one Sunday several weeks ago were \$930.30. Receipts from the streetcars will bring the total up to more than \$1500, it is thought. The fine weather was largely responsible for the unusually heavy traffic across the Columbia river.

Women Study Tractor Driving.
 Yakima—Twenty-two women, ranging from high school girls to mothers of families, enrolled in Yakima's first class in truck and tractor driving, assembled at the Y. W. C. A. Thursday, donned overalls and proceeded with the first lesson. The class was organized by the Y. M. C. A. and Y. W. C. A. as a war emergency measure, and is part of the association's "win-the-war" campaign.

NORTHWEST MARKET REPORT

Often The Case.
 "The old man took a few drinks today and imagined he could wipe up the town."
 "What happened?"
 "Oh, when he got home his wife made him wipe his feet before he could even come into the house."—Brooklyn Citizen.

Ready-Witted.
 "You need a change of scene."
 "But, doctor, I'm a traveling man."
 "Why-er-that's the point. Stay at home awhile and see somebody besides hotel rooms and railroad stations."—Boston Transcript.

Good Advice.
 Visitor—My poor friend, pause to consider when next you are tempted. Take time, my dear man, take time. Convict—That's wot I done. I did take time—I took a watch.—Exchange.

More Grub.
 "What we need," declared the first Russian, "is a man on horseback."
 "Yes," assumed the other one, "we could use a little horse meat, that's true."—Kansas City Journal.

Those Girls.
 "The Hellness—Poor fellow! I believe he loves the ground I walk on."
 Miss Ryval—How romantic it would be if he fell in love with you now.—

Vain Hopes.
 "I guess lazy men wish they were more like guns."
 "How do you mean?"
 "I mean that guns find constant employment when they are fired."

Inattention.
 "I am always being misunderstood," remarked the man who complains.
 "You are not misunderstood," replied Mr. Rufnek. "You have been making the same complaints for years and people have simply got tired of listening."—Washington Star.

To keep clean and healthy take Dr. Pierce's Pleasant Pellets. They regulate liver, bowels and stomach.

Swift & Company U.S.A.

If Swift & Company Made No Profit

The cattle raiser would receive only 1/8 cent a pound more for his cattle

So small is Swift & Company's profit on any single transaction that if it were turned over to the cattle raisers of the country, they would receive only 1/8 cent a pound more for cattle than they receive now.

Swift & Company pays for live cattle about 90% of the amount received for dressed meat and by-products. The remaining 10% pays for packing-house expense, freight to market, operation of distributing houses and profit. Swift & Company's actual figures per head for 1917 on over two million cattle were as follows:

Receipts		Payments	
From By-products	\$24.00	From Meat	\$68.97
	26%		74%
Total	\$93.06	Total	\$93.06

* This net profit of \$1.29 per head averages 1/8 cent a pound live weight.

And out of this small net profit dividends must be paid to shareholders.

Year Book of interesting and instructive facts sent on request. Address Swift & Company, Union Stock Yards, Chicago, Illinois
