COMPLETE LINE OF STEEL FILING DEVICES AND SYSTEMS

43,300 Men Sent Abroad.
Victoria, B. C.—Statistics compiled at headquarters of military district No. 11 show that since the war began there have gone overseas from British Columbia and the Yukon 43,300 soldiers of all ranks. The actual number of men recruited in the district from August 4, 1914, to July 15, 1918, has totaled 52,292, showing that 8992 must still remain in the district.

The number returned to British Columbia wounded or disabled is said to be approximately 10,000, of whom some 8000 have been discharged as unfit for further service.

Three Aviators Rescued.
An Atlantic Port.—Towing astern a hydro-airplane and carrying three American aviators who were picked up 25 miles off this coast, a British freight steamship arrived here from Liverpool. The aviators had been in the water three hours, having been forced to descend because of engine trouble. They were unhurt.

DRAFT LIMITS TO EXTEND

Ages From 18 to 45 Inclusive Decided Upon—Effects 13,000,000.

Washington, D. C.—Under the provisions of the draft bill introduced in congress Monday increases in registrations are estimated as follows in northwestern states:
Oregon, 101,110; Washington, 174,267; Idaho, 66,570.

The new man-power bill which would extend draft age limits to 18 and 45, inclusive, was introduced in both houses of congress.

Provost Marshal-General Crowder urged the immediate enactment of the administration's man-power program and suggested September 5 as registration day for the 13,000,000 men between the ages of 18 and 45, whose names are not already on the nation's selective service list.

Unless immediate steps are taken to provide additional men, General Crowder said the weekly registration of men as they attain 21 years of age will be necessary to fill the draft quotas September 1, when only 100,000 of the 1918 registrants will be available.

The bill would amend the present selective act so as to require the registration of all men between 18 and 20 years and 32 and 45 years inclusive. While the whole number of men in the latter classes would total 10,028,973, General Crowder estimates the total number who would be eligible for class 1 would be only 601,236, owing to exemptions for dependents for industrial and physical reasons.

Between 18 and 20 years, his estimates show that 3,171,771 would register, while 1,787,609 men would be eligible for class 1.

CASUALTIES FROM MARNE ARRIVING

Washington, D. C.—Names of American soldiers who have fallen in the great Franco-American drive which turned the German offensive on the Marne into an utter defeat have begun to come in from overseas. They swelled to 706 the total casualties made public Tuesday by the war department in two separate lists.

Although nearly three times as great as the largest number heretofore announced in a single day, the total represented only a part of the lists which have been accumulating since the great battle began July 15. It is not to be assumed that it represents the losses for one day.

No estimate of the American casualties in this continuous fighting has been received from General Pershing and it was said authoritatively that none is expected.

In that connection, Acting Secretary of War Crowder deprecated any guesses as to casualties in the overseas forces, saying that publication which would exaggerate or minimize the total would create unnecessary anxiety among the relatives and friends of American soldiers.

Acting Secretary Crowder told newspaper correspondents that General Pershing would simply complete and verify casualty lists as rapidly as they can be transmitted and that they would be given to the press and speak for themselves as to numbers.

Of the American soldiers wounded in the Marne-Aisne offensive, probably less than one in 20 will die from their wounds, more than four-fifths will be returned to service and only 14 per cent will be discharged for disability, according to a statement of the chief of staff based upon the officially attested experience of the allies during the four years of war.

GERMANS TORPEDO HOSPITAL VESSEL

A British Port.—The torpedoing early Sunday morning of the British ship Warilda was one of the most harrowing disasters in the history of submarine warfare. The number of dead is variously estimated from 105 to 130 and upward and includes several women nurses.

The ship carried 600 sick and wounded. Among them were seven Americans—two officers and five enlisted men—all of whom have been accounted for.

More than 650 survivors, brought here shortly after 6 o'clock, were given first-aid treatment, food and clothing. The patients were placed aboard special trains and sent to hospitals.

The torpedo struck the after part of the engine-room, killing the third engineer and two other members of the engine-room force. The dynamo was destroyed, plunging the vessel into darkness.

Just over the dynamo was the ward-room, which contained more than 100 patients. Most of these were killed outright by the explosion, and the others, many of whom had been freshly injured by the torpedo, found themselves trapped.

37,000 Men Sent Abroad.
Victoria, B. C.—Statistics compiled at headquarters of military district No. 11 show that since the war began there have gone overseas from British Columbia and the Yukon 37,000 soldiers of all ranks. The actual number of men recruited in the district from August 4, 1914, to July 15, 1918, has totaled 52,292, showing that 8992 must still remain in the district.

The number returned to British Columbia wounded or disabled is said to be approximately 10,000, of whom some 8000 have been discharged as unfit for further service.

Three Aviators Rescued.
An Atlantic Port.—Towing astern a hydro-airplane and carrying three American aviators who were picked up 25 miles off this coast, a British freight steamship arrived here from Liverpool. The aviators had been in the water three hours, having been forced to descend because of engine trouble. They were unhurt.

THE ONWARD MARCH OF Bronchitis and deep seated Coughs is arrested by Doctor Pierce's Golden Medical Discovery.

In those scrofulous conditions of the blood which invite Consumption; in severe, lingering Coughs, and Weak Lungs, which threaten you with this fatal disease, and when other help has failed—this medicine is a proved remedy.

As a blood-cleanser, strength restorer, and tonic it is sure to benefit. In all lingering Bronchial and Throat affections, and in every disease that can be reached through the blood, it never fails to benefit or cure. In tablet or liquid form. Tablets 60c.

The machinery of the body needs to be well oiled, kept in good condition just as the automobile, steam engine or bicycle. Why should the human neglect his own machinery more than that of his horse or his engine? Yet most people do neglect themselves. Clean the system at least once a week with Dr. Pierce's Pleasant Pellets.—Adv.

Lumber in New Zealand.
Most of the better furniture and industrial lumber used in New Zealand is imported, such as oak, ash, hickory, etc., and comes largely from the United States, United Kingdom and Japan.

Dr. Pierce's Pellets are best for liver, bowels and stomach. One little Pellet for a laxative—three for a cathartic.

SUFFERING CATS! GIVE THIS MAN THE GOLD MEDAL

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out without a particle of pain or soreness.

This drug is called Freezone and is a compound of ether discovered by a Cincinnati man.

Ask at any drug store for a small bottle of Freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callous.

Put a few drops directly upon any tender, aching corn or callous. Instantly the soreness disappears and shortly the corn or callous will loosen and can be lifted off with the fingers.

This drug Freezone doesn't eat out the corns or callouses but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have Freezone have him order it for you.—Adv.

The Real Test.
"Don't conclude that a man is a patient mortal because you've watched him sitting on a log fishing," said the milk toast philosopher. "Watch him while he's waiting for his supper."

Early-Day Buttons.
The ancients lacked buttons—one wonders, indeed, how they got along without them, but evidently they possessed studs of modern pattern, such as those with which we fasten our cuffs and collars. And, in truth, they did even have a kind of button (though not sewn on), which fastened garments with a pin and hook exactly in the way our brooches and clasp pins operate.—Exchange.

Optimistic View.
There is more happiness in retirement than in ruling an empire.

Cuticura Stops Itching.
The Soap to cleanse and Ointment to soothe and heal most forms of itching, burning skin and scalp affections. Ideal for toilet use. For free samples address, "Cuticura, Dept. X, Boston." Sold by druggists and by mail. Soap 25, Ointment 25 and 50.—Adv.

Natural.
"Never notice that when a girl is pretty men expect her to be silly? And then she goes and acts up to expectations."—Memphis Commercial Appeal.

MOTHERS TO BE Should Read Mrs. Monyhan's Letter Published by Her Permission.

Mitchell, Ind.—"Lydia E. Pinkham's Vegetable Compound helped me so much during the time I was looking forward to the coming of my little one that I am recommending it to other expectant mothers. Before taking it, some days I suffered with neuralgia so badly that I thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely relieved of neuralgia, I had gained in strength and was able to go around and do all my housework. My baby when seven months old weighed 19 pounds and I feel better than I have for a long time. I never had any medicine do me so much good."—Mrs. PEARL MONYHAN, Mitchell, Ind.

Good health during maternity is a most important factor to both mother and child, and many letters have been received by the Lydia E. Pinkham Medicine Co., Lynn, Mass., telling of health restored during this trying period by the use of Lydia E. Pinkham's Vegetable Compound.

Huns Ship Wheat Home.
With the French Army on the Soissons-Rheims Front, Saturday.—Thousands of bushels of French wheat have been shipped home by German soldiers, during their advance of the last few days, have discovered that systematic plans had been laid by the Germans for reaping the harvest in the country from which they have been driven. The allies have found large stacks of small canvas bags to be distributed among the soldiers to be filled with wheat.

Pursuit Tires Yankees.
With the American Army at the Aisne-Marne Front, Aug. 3.—An indication of the stern chase the allies are forcing upon the Germans was contained in a message which came over the field wires to headquarters from a commander leading an American unit. "My men must rest," he said. "Must rest?" exclaimed headquarters. "Yes," was the answer. "Our men are absolutely tired out running to keep up with the Germans."

Coast Flour Price Fixed.
Washington, D. C.—Flour prices for Pacific coast mills are announced by the Food administration as follows: Portland, Or., \$9.95; San Francisco, \$10.15; Los Angeles, \$10.35, and San Diego, Cal., \$10.27 a barrel. Schedules have been furnished to more than 7500 mills. The price fixing is in line with the Food administration's policy to control flour milling profits during the present crop year.

The mill price of \$9.95 per barrel leaves four quotations at Portland just where they are at present.

TOBACCO TAXES TO YIELD 340 MILLION

Committee Agrees on New Levy Schedule.

LUXURIES TO BE HIT

Jewelers Say That Collections of Imports on Basis of Sales to Consumers Will Be Most Productive.

Washington, D. C.—Heavy increases in the present war tax on tobacco, cigars and cigarettes were agreed to Saturday by the House ways and means committee as part of the new \$8,000,000,000 revenue bill.

The tax imposes three times the existing rates on some items of the schedule and is expected to raise approximately \$340,000,000 in comparison with the present \$168,000,000 revenue from tobacco.

Members of the committee said all danger of delay is over and the bill will be in form to report when the house reassembles on August 19. The committee went back to the income surtax paragraphs and, while there was no definite action, it was evident there will be heavy increases in surtax rates.

There was also some discussion of two plans to superimpose a strictly war profits tax on the excess profits tax, one of the plans being for a complete supplemental tax, every dollar of which would be additional to the excess profits revenue, and the other an alternative proposition under which the treasury would impose either the excess profits tax or the war profits tax, but not both of them, the tax to be imposed being that which would bring the larger revenue in each individual case.

The action as to war taxes on tobacco was independent of the special license tax on manufacturers of tobacco, in which double the present tax was imposed on the basis of the annual sales.

Chairman Kitchin made this statement:

"The committee reached the following tentative decision as to the tobacco schedule:

"Cigars weighing not more than three pounds per thousand, tax increased from the present \$1 per thousand to \$2 per thousand.

"Cigars weighing more than three pounds per thousand, and retailing at not more than 4 cents each, increased from \$3 to \$5 per thousand.

"Cigars retailing at more than 4 cents and not more than 7 cents, increased from \$4 to \$10 per thousand.

"Cigars retailing at more than 7 cents each and less than 15 cents each, increase from \$5 to \$15 per thousand between 15 and 20 cents each, increase from \$8 to \$20 per thousand; and those retailing at 20 cents or more, increase from \$10 to \$30 per thousand.

"Cigarettes weighing not more than three pounds per thousand and retailing at less than 2 cents each, increased from \$2.05 to \$5 per thousand.

"Cigarettes of same weight retailing at 2 cents or more, increased from \$2.05 to \$3 per thousand; those weighing more than three pounds per thousand increased from \$4.80 to \$10 per thousand.

"Tobacco tax increased from 13 to 30 cents per pound.

"Cigarettes and tubes tax doubled.

"Experts estimate that the revenue for the 12 months period from these tobacco taxes will total \$340,000,000 against a present revenue of \$168,000,000 from the same source."

The ways and means sub-committee on luxuries held a hearing at which a jewellers' committee contended that by collecting the tax on the basis of sales to the consumer \$150,000,000 more might be raised than if imposed on the lesser wholesale price.
