Beyond Comprehension.

Kant, whose searching analysis of the pure reason, probed deeper than any philosopher before him into the mystery of consciousness, confessed that two things filled him with awe, as beyond the faculty of the human mind to grasp—the immensity of the starry heavens, and the moral sense implanted in the soul of man.

Daily Thought.
It is self-evident that if every individual would make himself a better individual the nation would take care of itself.—The Thoroughbred.

The Flavor Lasts

Hurrah! How's This

Cincinnati authority says corns dry up and lift off with fingers.

Ouch! ? ! ? ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezeone when applied to a tender, aching corn or hardened callous stops soreness at once, and soon the corn or callous dries up and lifts right off without pain.
He says freezeone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezeone will cost very little at any drug store, but will positively remove every hard or soft corn or callous from one's feet. Millions of America's women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezeone tell him to order a small bottle for you.—Adv.

Fiery Red Pimples.

A hot bath with Cuticura Soap followed by an application of Cuticura Ointment to distressing eczemas, etc., proves their wonderful properties. For free samples address "Cuticura, Dept. X, Boston." At druggists and by mail. Soap 25, Ointment 25 and 50.—Adv.

"Father of Fishes."

Probably the most famous of our fish culturists—by reason of his long service and remarkable success—was Seth Green, familiarly known as the "Father of Fishes." His experiments began in 1864, and he discovered the so-called "dry method" of impregnation so extensively used in later-day practical trout culture. His early work was done in the Caledonia creek hatchery. The artificial propagation of shad in the Connecticut river was successfully attempted by Seth Green in 1867.—W. W. Wood, in the American Angler.

What is a Branch House?

The Branch House is the place in the packing organization where what the packing plant does for you is put where you can use it.

Both are the natural result of growth and development in the living thing they belong to.

Swift & Company Branch Houses are located in distributing centers all over the country. They are fitted out with refrigerating equipment to keep meat cool, sweet and fresh.

Each one is in personal charge of a man who believes in what Swift & Company is doing for people and wants to help do it.

They are directed by men who have spent years learning how to get better meat cheaper to the places where it is needed.

Meat is shipped to the branch houses direct from the packing plants in Swift & Company's refrigerator cars, in such quantities that it can be disposed of while fresh and sweet.

Your meat dealer comes here to buy your meat for you—unless someone else can treat him better than we can.

So you need the branch house in order to live well; and the branch house and the packing plant need each other, in order to be useful to you.

Swift & Company, U. S. A.

Facts About Barcelona.

The province of Barcelona has an area of 2,966 square miles and 1,136,068 inhabitants. The city of Barcelona, the largest in Spain, has a permanent population of 800,000.

She's at it Again.

"I'm so fond of those delicious cadaver sandwiches," enthused old Mrs. Blunderby.—New Haven Register.

Hard Part of the Game.

Anyone can stand what he likes; it takes a philosopher to stand what he doesn't like.—Doctor Walton.

WOMEN OF MIDDLE AGE

Need Help to Pass the Crisis Safely—Proof that Lydia E. Pinkham's Vegetable Compound Can be Relied Upon.

Urbana, Ill.—"During Change of Life, in addition to its annoying symptoms, I had an attack of grippe which lasted all winter and left me in a weakened condition. I felt that I would never be well again. I read of Lydia E. Pinkham's Vegetable Compound and what it did for women passing through the Change of Life, so I told my doctor I would try it. I soon began to gain in strength and the annoying symptoms disappeared and your Vegetable Compound has made me a well, strong woman so I do all my own housework. I cannot recommend Lydia E. Pinkham's Vegetable Compound too highly to women passing through the Change of Life."
—Mrs. FRANK HENSON, 1316 S. Orchard St., Urbana, Ill.
