HOW WE'RE GOING TO Help Uncle Sam Put More Money Into Maupin

(Explaining the use of the "Trade Acceptance" in plain terms)

In order to put more money into circulation throughout the country Uncle Sam has created the FEDERAL RESEAVE BANKS.

Here's How it is done:

Suppose JohnDoe has purchased merchandise to the extent of \$40 from Richard Roe & Co. and desires credit on same longer—for 60 days:

The Banks have furnished a "Trade Acceptance" which looks like this.

Trade Acceptance		RICHARD ROE & COMPANY	
(Name of Town)		Sept. 1, 1918.	
On	Nov. 1, 1918	Pay to the order of ourselves	
For		DOLLARS	\$40.00
Plus interest at 8 per cent after date. The obligation of the acceptor of this bill arises out of the purchase of goods from the Drawer.			
VALUE RECEIVED AND CHARGE TO ACCOUNT OF			
TO	John Doe	RICHARD ROE & CO.	
	(Name of town)	By	

Mr. Roe then takes this "Trade Acceptance to his local bank who send it in to the Federal Reserve Bank nearest an this money is then credited back to the local Bank for FURTHER CIRCULATION IN MAUPIN.

The Trade Acceptance has been recommended by Uncle Sam in these War Times. We fee that it is a patriotic duty to use this form of extension of credit at this time and thus Help Uncle SAMP ut More Money Into Maupin.
