**Remedies for Warts.**  
Those who are fortunate enough to be able to look back into the past and recall boyhood days on the farm will remember the old formula for the removal of warts. It ran like this: "Steal a piece of pork and rub the wart with it. If this does not prove effective, rub with a kernel of corn, bore a hole in a tree (one in a graveyard was preferable), put the corn in the hole and fill it up, and your wart will soon leave you."

## TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

**It Works! Try It**  
Tells how to loosen a sore, tender corn so it lifts out without pain.

No hump! Any corn, whether hard, soft or between the toes, will loosen right up and lift out without a particle of pain or soreness. This drug is called freezeone and is a compound of other discovered by a Cincinnati man.

Put a few drops directly upon any tender, aching corn or callous. Instantly the soreness disappears and shortly the corn or callous will loosen and can be lifted off with the fingers. This drug freezeone doesn't eat out the corns or callouses but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have freezeone have him order it for you.—Adv.

**Explaining Falling of Leaves.**  
The shedding of leaves in autumn may be due to physiological drought. The soil contains sufficient moisture, but the temperature of the soil may be too low to enable the trees to absorb it. "June drop" of oranges and many similar losses may be due to similar causes.

Well to Think.  
It is well to think. It is divine to act well.—Horace Mann.

**Your Granulated Eyelids.**

**Do You Think There is No Competition?**  
If anyone thinks there is no competition amongst the big packers he ought to go through a day's work with Swift & Company.  
Let him begin at the pens when the live stock comes in; let him try to buy a nice bunch of fat steers quietly and at his own price without somebody's bidding against him.  
Let him realize the scrupulous care taken at the plant that not one thing is lost or wasted in order that costs may be held to a minimum.  
Let him go up into the office where market reports are coming in,—and reports of what other concerns are doing.  
Let him watch the director of the Swift Refrigerator fleet, maneuvering it over the face of the country like a fleet of battleships at sea.  
Let him take a trip with a Swift & Company salesman and try to sell a few orders of meat.  
Let him stay at a branch house for an hour or two and see the retail meat dealers drive their bargains to the last penny as they shop around among the packers' branch houses, the wholesale dealers, and the local packing plants.  
And then, when the day is over, let him have half an hour in the accounting department, where he can see for himself on what small profits the business is done. (Less than 4 cents on each dollar of sales.)  
If he still thinks there is no competition in the meat business it will be because he wants to think so.  
**Swift & Company, U. S. A.**

**Physical Exertion and Heart Trouble.**  
The only way of surely determining whether a sufferer from an irritable heart can bear extensive exertion is to put him through a series of gradually increasing exercises, states the British Medical Journal, with careful examination after each exercise.

**Farm of Violets.**  
One farm of 40 acres in California is devoted almost entirely to the growing of violets.

**Glass of Hot Water Before Breakfast a Splendid Habit**  
Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.  
We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.  
The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation.

**Phosphate Industry of Tunis.**  
Since the discovery of phosphate deposits in Tunis in 1880 the industry has developed to such an extent that two of the largest phosphate mines in the world are now producing near the Algerian frontier.  
**No Sense in It.**  
"I don't see any sense in doctors being sick," said little Elizabeth, "cause they're right around with themselves all the time."—Medical Journal.

**BIG EATERS GET KIDNEY TROUBLE**  
Take Salts at first sign of Bladder irritation or Back-ache.

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from over work, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.  
Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

Phosphate Industry of Tunis. Since the discovery of phosphate deposits in Tunis in 1880 the industry has developed to such an extent that two of the largest phosphate mines in the world are now producing near the Algerian frontier.
