GLASS OF SALTS
CLEANS KIDNEYS
If your Back hurts or Bladder bothers you, drink lots of water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

Still on the Job.
"The old-fashioned door-knocker seems to have gone out of style," remarked the Observer of Events and Things, "but, don't make any mistake, opportunity is still on the job."

The Idea.
"I see where Smythe has got into trouble by an abusive letter to the man who injured him." "That's so. Justice does not always allow a man to write his wrongs."

Take Grease Out of Matting.
When coconut matting has got badly greased, scrub it with hot soapy water, then rinse thoroughly by drawing it several times through a bath of cold water, or hang it over a clean clothesline and brush it well with cold water; allow it to remain there to drain and dry.

"Dar's a few men," said Uncle Eben, "dat took to de workless-day idea so strong dat dey jes' natchally won't give it up."

Cuticura Soap

Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right with the system full of poisons.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply can't get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

Time the Only Cure.
Nothing but time will get the hero of sixteen out of the notion of marrying the heroine of fourteen. It may take a month.

Beau Brummel's Superstition.
A coin with a hole in it is said to be lucky. Beau Brummel traced the beginning of his ruin to accidentally giving his lucky coin (a sixpence with a hole in it) to a cabman. To the close of his life he maintained that "Rothschild or some of his rascally set got hold of it."

Daily Thought.
There's life alone in duty done, and rest alone in striving.—Whittier.

ALLEN'S FOOT EASE FOR THE TROOPS.
Shaken into the shoes and sprinkled in the foot-bath it gives rest and comfort, takes the friction from the shoe and prevents blisters and sore spots. Makes walking easy. Accept no substitute. Sold everywhere, 25c.

TURN HAIR DARK WITH SAGE TEA
If Mixed with Sulphur It Darkens so Naturally Nobody can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

SWIFT & COMPANY
U.S.A.

No Mystery in Meat

Some things are so simple that they have to be explained again and again. When things are obvious, people keep looking for mysteries behind them.

So it is with the packing business. The mere size of Swift & Company confuses many. Because their imaginations are not geared up to scale, they believe there must be magic in it somewhere—some weird power.

Swift & Company is just like any other manufacturing business run by human beings like yourself; it takes in raw material on the one hand and turns out a finished product on the other.

Swift & Company keeps down the "spread," or the expense absorbed between raw and finished material, to as low a figure as possible. (If it didn't it would be put out of business by others who do.)

How much Swift & Company pays for the raw material, and how much it gets for the finished product, depends upon conditions which Swift & Company does not control.

It depends entirely upon how much people want the finished product, and how much raw material there is available to make it from.

The profits of Swift & Company amount to less than one cent per pound on all meats and by-products—less than one-fourth of a cent on beef.

When the eyes say one thing and the tongue another, the practical man relies on the language of the first.—Emerson.

Hoe Your Own Row.
If you are indifferent, if you think hard work beneath you, then you are a hopeless proposition. Influential friends may indeed answer your call and do their utmost to keep you retained in the position you longed to secure, but if you have not developed or tried to develop the "talent" you were so sure you possessed, your time is short in the "big" place, and the quicker you awaken to this fact the better it will be for you.

YES! MAGICALLY!
CORNS LIFT OUT WITH FINGERS

Your corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezezone applied directly on a tender, aching corn or callous stops soreness at once and soon the corn or hardened callous loosens so it can be lifted out, root and all, without pain.

A small bottle of freezezone costs very little at any drug store, but will positively take off every hard or soft corn or callous. This should be tried as it is inexpensive and is said not to irritate the surrounding skin.

If your druggist hasn't any freezezone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time.—Adv.
