**Hetman.**  
"Hetman," is both Polish and Little  
Russian for head man, captain, chief.  
The Russian form of it is "ataman";  
thus a Cossack chief is called an ata-  
man. Both words are related to the  
Teutonic "Hauptmann."

**Let Your Work Be Thorough.**  
It does not make any difference at  
all how quickly you may get through  
your work, if, after you have finished  
it, some one else has to come along

**Human Skull as Talisman.**  
The human skull is a gruesome tal-  
isman. Down to half a century ago, a  
belief existed in the north of Scotland  
that the skull of a murderer possessed  
supernatural properties. Epilepsy was  
said to be cured by drinking blood out  
of it, and even water from this hideous  
drinking vessel was alleged to  
have medicinal qualities.

**Art Note.**  
There appears to be a gang of sculp-  
tors making busts of near-statesmen  
in Washington. Sculpting near-state-  
men is making a bust of sculpture.  
Such statuary ought to be deferred  
until a man shall have been dead ten  
years and then very little of it will  
need to be made.—Houston Post.

**Pathway to Knowledge.**  
Ignorance seldom vaults into knowl-  
edge, but passes into it through an in-  
termediate state of obscurity even as  
night into day through twilight.—Coler-  
idge.

**In an Airplane.**  
Exclusive of the engine, the average  
airplane contains 4,223 nails, 3,377  
screws, 920 steel stampings, 798 for-  
gings, 276 turn-buckles, 65 pounds of  
varnish, rubber, linen, wood, etc.

**Famous Along Two Lines.**  
Sir Arthur Conan Doyle was a doc-  
tor before he became famous as the  
creator of Sherlock Holmes. He fol-  
lowed his profession at Southsea in the  
eighties, and for his services as  
commandant of a field hospital in the  
Boer war he received the thanks of the  
government.

**Fundamental Human Need.**  
It seems to me a great truth that hu-  
man beings cannot stand on selfish-  
ness, mechanical utilities, economics  
and law courts; that if there be not a  
religious element in the relations of  
men, such relations are miserable and  
doomed to ruin.—Carlyle.

**Hard to Judge Character.**  
I have often observed that a thor-  
ough scoundrel is often one of the  
most agreeable of men, and that the  
most companionable people are fre-  
quently the most destitute of dignity  
of character.—George Sand.

## DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look  
better and feel better  
after an inside bath.

To look one's best and feel one's  
best is to enjoy an inside bath each  
morning to flush from the system the  
previous day's waste, sour fermenta-  
tions and poisonous toxins before it is  
absorbed into the blood. Just as coal,  
when it burns, leaves behind a certain  
amount of incombustible material in  
the form of ashes, so the food and  
drink taken each day leave in the al-  
imentary organs a certain amount of  
indigestible material, which, if not  
eliminated, form toxins and poisons  
which are then sucked into the blood  
through the very ducts which are in-  
tended to suck in only nourishment  
to sustain the body.

If you want to see the glow of  
healthy bloom in your cheeks, to see  
your skin get clearer and clearer, you  
are told to drink every morning upon  
arising, a glass of hot water with a  
teaspoonful of limestone phosphate in  
it, which is a harmless means of wash-  
ing the waste material and toxins  
from the stomach, liver, kidneys and  
bowels, before putting more food into  
the stomach.

Men and women with sallow skins,  
liver spots, pimples or pallid com-  
plexion, are those who wake up with  
a coated tongue, bad taste, nasty  
breath, others who are bothered with  
headaches, bilious spells, acid stom-  
ach or constipation should begin this  
phosphated hot water drinking.

A quarter pound of limestone phos-  
phate costs very little at the drug  
store but is sufficient to demonstrate  
that just as soap and hot water  
cleanses, purifies and freshens the  
skin on the outside, so hot water and  
limestone phosphate act on the inside  
organs.

**Rich Platinum Rock.**  
Platinum is now being secured in Si-  
beria from dunite, a conglomerate  
rock, which exists there in large quan-  
tities. By grinding and washing pro-  
cesses the platinum is extracted from  
the chrome-iron ore contained in the  
rock. A recent experiment secured  
200 ounces of platinum out of 9,720  
pounds of chromitic slack.

**Hurrah! How's This**  
Cincinnati authority says corns  
dry up and lift out  
with fingers.

Ouch ! ! ! ! This kind of rough  
talk will be heard less here in town if  
people troubled with corns will follow  
the simple advice of this Cincinnati  
authority, who claims that a few drops  
of a drug called freezone when applied  
to a tender, aching corn or hardened  
callous stops soreness at once, and  
soon the corn or callous dries up and  
lifts right off without pain.

He says freezone dries immediately  
and never inflames or even irritates  
the surrounding skin. A small bottle  
of freezone will cost very little at any  
drug store, but will positively remove  
every hard or soft corn or callous  
from one's feet. Millions of America's  
women will welcome this announce-  
ment since the inauguration of the  
high heels. If your druggist doesn't  
have freezone tell him to order a small  
bottle for you.—Advt.

**Natural Sequence.**  
In one of his essays Aristotle says  
this: "I have noticed that land that  
produces beautiful flowers and lush-  
ious fruits also produces a very ex-  
cellent, intelligent and able class of  
men and women." Aristotle seemed  
to look upon this as a sort of coinci-  
dence, but later in life he discovered  
that instead of being a coincidence it  
was a sequence.

**Strength in Love.**  
"Love is the first cable of the sus-  
pension bridge that is thrown across  
the gap between two souls. If this is  
strong and true you can hang any  
number of faults on it without its giv-  
ing way."—George Elliot.

are going?" Tommy replied, scorn-  
fully: "Do you think I've lived four  
years in this city and don't know my  
way about yet?"

## MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to flush Kidneys if  
Back hurts or Bladder  
bothers.

If you must have your meat every  
day, eat it, but flush your kidneys with  
salts occasionally, says a noted au-  
thority who tells us that meat forms  
uric acid which almost paralyzes the  
kidneys in their efforts to expel it  
from the blood. They become sluggish  
and weaken, then you suffer with a  
dull misery in the kidney region, sharp  
pains in the back or sick headache,  
dizziness, your stomach sours, tongue  
is coated and when the weather is  
bad you have rheumatic twinges. The  
urine gets cloudy, full of sediment,  
the channels often get sore and irri-  
tated, obliging you to seek relief two  
or three times during the night.  
To neutralize these irritating acids,  
to cleanse the kidneys and flush off  
the body's urinous waste get four  
ounces of Jad Salts from any phar-  
macy here; take a tablespoonful in a  
glass of water before breakfast for a  
few days and your kidneys will then  
act fine. This famous salt is made  
from the acid of grapes and lemon  
juice, combined with lithia, and has  
been used for generations to flush and  
stimulate sluggish kidneys, also to  
neutralize the acids in urine, so it no  
longer irritates, thus ending bladder  
weakness.

**Optimistic Thought.**  
Riches are deservedly despised by a  
man of honor because a well stored  
chest intercepts the truth.

**To Polish Steel.**  
A finely polished lusterless surface  
can be produced on steel by rubbing  
after tempering, on a smooth iron sur-  
face with some ground gilatone till it  
is perfectly smooth, after which it  
should be laid on a sheet of paper and  
rubbed backward and forward until it  
acquires a fine dead polish.

**Tobacco Raising in Scotland.**  
During the American Civil war to-  
bacco became so dear that several un-  
successful attempts were made in  
Scotland for its cultivation. The chief  
seat of the new culture was in the  
neighborhood of Kelso, where it suc-  
ceeded so well that sixteen and one-  
half statute acres brought \$520 per  
acre.

## LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and  
Sulphur Recipe and Nobody  
Will Know.

The use of Sage and Sulphur for re-  
storing faded, gray hair to its natural  
color dates back to grandmother's  
time. She used it to keep her hair  
beautifully dark, glossy and attrac-  
tive. Whenever her hair took on that  
dull, faded or streaked appearance,  
this simple mixture was applied with  
wonderful effect.

But brewing at home is messy and  
out-of-date. Nowadays, by asking at  
any drug store for a bottle of "Wyeth's  
Sage and Sulphur Compound," you  
will get this famous old preparation,  
improved by the addition of other in-  
gredients, which can be depended up-  
on to restore natural color and beauty  
to the hair.

A well-known downtown druggist  
says it darkens the hair so naturally  
and evenly that nobody can tell it has  
been applied. You simply dampen a  
sponge or soft brush with it and draw  
this through your hair, taking one  
strand at a time. By morning the  
gray hair disappears, and after an  
ordinary application or two, it becomes  
beautifully dark and glossy.

Wyeth's Sage and Sulphur Com-  
pound is a delightful toilet requisite  
for those who desire a more youthful  
appearance. It is not intended for  
the cure, mitigation or prevention of  
disease.

**Cuticura Kills Dandruff.**

Soap 25c, Ointment 25c and 50c.—Advt.

**But They Don't Deceive Many.**  
"Some men," said Uncle Eben,  
"makes portend dey's gettin' wisdom  
when dey's only loafin' around in-  
dulgin' deir curiosity."

## WOMAN'S NERVES MADE STRONG

By Lydia E. Pinkham's  
Vegetable Compound.

Winona, Minn.—"I suffered for more  
than a year from nervousness, and was  
so bad I could not rest at night—  
would lie awake and get so nervous I  
would have to get up and walk around  
and in the morning would be all tired  
out. I read about Lydia E. Pinkham's  
Vegetable Compound and thought  
I would try it. My nervousness soon  
left me. I sleep  
well and feel fine in the morning and  
able to do my work. I gladly recom-  
mend Lydia E. Pinkham's Vegetable  
Compound to make weak nerves  
strong."—Mrs. ALBERT SULTZ, 608  
Olmstead St., Winona, Minn.

How often do we hear the expression  
among women, "I am so nervous, I can-  
not sleep," or "It seems as though I  
should fly." Such women should profit  
by Mrs. Sultze's experience and give  
this famous root and herb remedy,  
Lydia E. Pinkham's Vegetable Com-  
pound, a trial.

For forty years it has been overcom-  
ing such serious conditions as displace-  
ments, inflammation, ulceration, irregu-  
larities, periodic pains, backache, diz-  
ziness, and nervous prostration of  
women, and is now considered the stan-  
dard remedy for such ailments.

**Valley of Great Natural Wealth.**  
The largest river emptying into the  
Pacific within the confines of Peru is  
the Santa, which waters the valley  
back of Chimbote, and is capable of  
supplying power to many industries  
and water for the irrigation of a vast  
area. In the Santa valley there exist  
extensive coal deposits. The coal  
found here is anthracite, and is said  
to be of a good quality for the manu-  
facture of briquets.
