The Whippoorwill.

The favorite hunting grounds of the whippoorwill is about the edges of a forest, or over the tops of the trees, where the big, fat moths are to be found at night. It makes no noise as it flies, because its feathers are soft and fluffy, but as it darts past you sometimes it utters a sort of groan. The night hawk occasionally gives vent to a loud "yawk" as it flies through the evening air.

Natural System of treatment. Free information; write or call. 425 Pittcock Bldg.

Appropriate Last Words.

The Elizabethans are full of well-chosen last words. Marlowe makes Tamburlaine assume the sobriquet of Attila with his last breath: "For Tamburlaine, the Scourge of God, must die!" and the duke of Guise exclaim as the assassin does his work: "Vive la messe! Perish Huguenots!"

Just to Ourselves.

It is hard to be really just to ourselves. A great many of us are more lenient with our own faults than with those of other people, while not a few censure themselves far more harshly for a false step than they would think of censuring another. What we should strive for is to be neither too exacting nor too lenient where our shortcomings are concerned, but to give ourselves the benefit of simple justice.

Military Service Paths.

Every man in the United States army takes the federal oath at the time of his enlistment. Members of the National Guard take what is known as the dual oath, which covers both state and federal service.

A Mystery.

An eastern woman is suing for divorce because she found another woman's picture in her husband's watch case. One of the mysteries of life is why men who lead double lives don't carry open-faced watches.

To Clean Lamp Glasses.

When cleaning lamp glasses hold them over the steam from a teakettle, then rub them with a dry newspaper folded up into a wad, and lastly, with a soft cloth, and they will be all that can be desired.

Headquarters for Glass Eyes.

Birmingham is the headquarters of the glass-eye trade in England, and that city has brought its manufacture of this particular article to great perfection. Eyes are sent to all parts of the world.

Uncle Eben.

"De actual producer," said Uncle Eben, "don't make de mos' noise. Dar never yet was a hen dat cackled as loud as a rooster kin crow."

Optimistic Thought.

No revenge is more heroic than that which torments envy by doing good.

Cure for Hiccoughs.

To stop hiccoughs, give the patient a teaspoonful of granulated sugar and vinegar. If this does not afford relief at once, repeat the dose.

Nitro-Starch Possibilities.

Nitro-starch, more compact than the allied nitro-cellulose or gun-cotton, seems to promise great efficiency as a blasting explosive.

One Advantage.

The fellow who tells all he knows has one good point—he will never do anything wrong if he tells about it before and after.—Farm Life.

LISTEN TO THIS! SAYS CORNS LIFT RIGHT OUT NOW

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn or callous stops soreness at once and soon the corn or hardened callous loosens so it can be lifted out, root and all, without pain.

A small bottle of freezone costs very little at any drug store, but will positively take off every hard or soft corn or callous. This should be tried as it is inexpensive and is said not to irritate the surrounding skin. If your druggist hasn't any freezone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time.—Adv.

Testing Pineapples.

The ripeness of a pineapple may be tested by pulling its leaves. If they do not pluck readily the pineapple is not ready to be used.

Roller Bearings.

Ball bearings are a German invention, and it is only a comparatively few years ago that they made their appearance on the market. Roller bearings, both cylindrical and conical, are an American invention. The advantages claimed for the rollers over the balls are that they can sustain both the radical and the axial strain and they are more easily replaced when they become worn.

Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it, to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have hollow skins, blood disorders and sickly complexions, are urged to get a quarter pound of limestone phosphate from the drug store, which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

Concrete Telegraph Poles.

The New Zealand government is replacing its wooden telegraph poles and letter box posts with others of reinforced concrete.

STOP LOSING CALVES You can Stamp Abortion Out OF YOUR HERD and Keep It Out

By the use of Dr. David Roberts' "ANTI-ABORTION" Small Expense. Easily Applied. Sure Results. Used successfully for 30 years. Consult Dr. David Roberts about all animal ailments. Information free. Send for FREE copy of "The Cattle Specialist" with full information on Abortion in Cows. Dr. David Roberts' Vet. Co., Grand Ave., Waukegan, Ill.

Why Compare Beef and Coal Profits?

Swift & Company has frequently stated that its profit on beef averages only one-fourth of a cent a pound, and hence has practically no effect on the price.

Comparison has been made by the Federal Trade Commission of this profit with the profit on coal, and it has pointed out that anthracite coal operators are content with a profit of 25 cents a ton, whereas the beef profit of one-fourth of a cent a pound means a profit of \$5.00 a ton.

The comparison does not point out that anthracite coal at the seaboard is worth at wholesale about \$7.00 a ton, whereas a ton of beef of fair quality is worth about \$400.00 wholesale.

To carry the comparison further, the 25 cent profit on coal is 3 1/2 per cent of the \$7.00 value.

The \$5.00 profit on beef is only 1 1/4 per cent of the \$400.00 value.

The profit has little effect on price in either case, but has less effect on the price of beef than on the price of coal.

Coal may be stored in the open air indefinitely; beef must be kept in expensive coolers because it is highly perishable and must be refrigerated.

Coals handled by the carload or ton; beef is delivered to retailers by the pound or hundred weight. Methods of handling are vastly different. Coal is handled in open cars; beef must be shipped in refrigerator cars at an even temperature.

Fairness to the public, fairness to Swift & Company, fairness to the packing industry, demands that these indisputable facts be considered. It is impossible to disprove Swift & Company's statement, that its profits on beef are so small as to have practically no effect on prices.

Swift & Company, U. S. A.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

Ancient-Holland Delicacy.

The hutsput of Holland is still made after the manner of the one left by the Spaniards who cooked this dish over their campfires the day in October long ago when they were driven by the Hollanders over the dykes and out of their country. The stew resembles our "mulligan" of the northwest and the pepperpot of the West Indies, only the latter has crab meat and dumplings added.

Three Permissible Lies.

"A. Boswell of Bagdad," who is a philosopher and a prophet in E. V. Lucas' book, gives utterance to this bit of information: "Every lie shall be written down as a lie by the recording angels, with the exception of three: a lie told in order to reconcile two men; a lying promise made by a man to his wife, and a lie in which a man, when engaged in war, makes a promise or a threat."

THAT CHANGE IN WOMAN'S LIFE

Mrs. Godden Tells How It May be Passed in Safety and Comfort.

Fremont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. GODDEN, 925 Napoleon St., Fremont, Ohio.

Such annoying symptoms as heat flashes, nervousness, backache, headache, irritability and "the blues," may be speedily overcome and the system restored to normal conditions by this famous root and herb remedy Lydia E. Pinkham's Vegetable Compound. If any complications present themselves write the Pinkham Medicine Co., Lynn, Mass., for suggestions how to overcome them. The result of forty years experience is at your service and your letter held in strict confidence.
