Danish inventors have perfected motors that are claimed to work well with peat gas as fuel instead of benzine or gasoline.
Cheerfulness—Requires Courage.
It takes a good deal of courage to seem cheerful in wartime, yet it is a detail of one's self-respect to keep a smiling face in public. A display of hysteria indicates considerable indifference to the rights and comforts of others, and is not good form. No matter how hard life may be, one must keep from scolding and scowling and complaining and whining and indulge in tears and grief only in one's own room.—Chicago Evening Post.

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT
Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.

Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast.—Adv.

What He Was There For.
I was visiting a few days in the home of some friends. One morning the little son of the family came into my room. I pretended to be asleep. He approached the bed and stood for several moments looking me over from head to foot as if taking my measurements. Then he said in a matter-of-fact tone, "I come up to pull you out of bed."—Chicago Tribune.

Filipinos Play Flute with Nose.
It is not an uncommon spectacle to see a negro play a harmonica with his nostrils. Among the Filipinos a flute is never played in any other way, and it would create much surprise in that country to see a man play a flute with the mouth. These nose-flutists can play the ordinary music with ease, but fast ragtime is too much for them.

A Puzzler.
A Frenchman, boasting in company that he had thoroughly mastered the English language, was asked to write the following from dictation: "As Hugh Hughes was hewing a yulelog from a yew-tree, a man dressed in clothes of a dark hue came up to Hugh and said, 'Have you seen my ewes?' 'If you will wait until I hew this yew, I will go with you anywhere in Europe to look for your ewes,' said Hugh."—Tit-Bits.

When Rabbits Were Scarce.
The first mention of a rabbit warren in England is in 1290 A. D., and we have evidence that rabbits were a great rarity and very expensive, three being worth a sheep. They were cheap, of course, but they were worth a goose even at the end of that century, and often had to be sought at immense distances.

TAKE SALTS TO FLUSH KIDNEYS
Eat less meat if you feel Back-achy or have Bladder trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Adv.

Up to the Standard.
Brevet is a French word, meaning commission or warrant. In military usage it gives an officer higher nominal rank than the one for which he receives pay. It is an honorary promotion. The first time it was used in the United States army was in 1812, when Capt. Zachary Taylor, who afterward became president, was made major by brevet for his brave defense of Fort Harrison against the Indians, near Terre Haute.

Ancient Paraphraser.
Doctor Johnson, in writing a poem, from time to time would run his finger down the page, counting the verses to see how many more he had to write. The doctor had his resemblance to a paraphraser.—St. Louis Globe-Democrat.

THE JOY OF MOTHERHOOD
Came to this Woman after Taking Lydia E. Pinkham's Vegetable Compound to Restore Her Health

Ellensburg, Wash.—"After I was married I was not well for a long time and a good deal of the time was not able to go about. Our greatest desire was to have a child in our home and one day my husband came back from town with a bottle of Lydia E. Pinkham's Vegetable Compound and wanted me to try it. It brought relief from my troubles. I improved in health so I could do my housework; we now have a little one, all of which I owe to Lydia E. Pinkham's Vegetable Compound."—Mrs. O. S. JOHNSON, R. No. 3, Ellensburg, Wash.

There are women everywhere who long for children in their homes yet are denied this happiness on account of some functional disorder which in most cases would readily yield to Lydia E. Pinkham's Vegetable Compound. Such women should not give up hope until they have given this wonderful medicine a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 40 years experience is at your service.
