**Lone Village Lonesome.**  
Skiddaw is the not inappropriate name of a village in England that has only a single inhabitant. The lone villager of Skiddaw complains because he cannot vote—there being no overseer to prepare the voters' list and no church or public building on which to "publish" one, as the law requires.  
**Daily Thought.**  
Were there no Heaven nor hell I should be honest.—John Webster.

**IF BACKACHY OR KIDNEYS BOTHER**  
Eat less meat, also take glass of Salts before eating breakfast.  
Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.  
Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.  
Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Drugists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv.

**Hard to Beat This.**  
Women seem to be more given to the "marrying habit" than men. A Boer woman named De Boer has been "spliced" to no fewer than seven different husbands, and is the proud mother and stepmother of 58 children, while her grandchildren number well over 300.  
**Therefore, Be Cheerful!**  
Depression, gloom, dark brooding, these are the "worn stones" in the descent to the inferno of incompetence, helplessness, delayed victory, or even ultimate defeat. This, we know, is true evermore in our individual life struggles. It is just as true of nations.—William Allen Knight.  
**Daily Thought.**  
Ill can he rule the great that cannot reach the small.—Spencer.  
**Cuticura Heals Eczema**  
And rashes that itch and burn. If there is a tendency to pimples, etc., prevent their return by making Cuticura your daily toilet preparation. For free samples address, "Cuticura, Dept X, Boston." At druggists and by mail, Soap 25c, Ointment 25c and 50c.—Adv.

**Laugh When People Step On Your Feet**  
Try this yourself then pass it along to others. It works!  
Ouch ! ! ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn or hardened callous stops soreness at once, and soon the corn or callous dries up and lifts right off without pain.  
He says freezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezone will cost very little at any drug store, but will positively remove every hard or soft corn or callous from one's feet. Millions of America's women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezone tell him to order a small bottle for you.—Adv.

**SAYS HOT WATER WASHES POISONS FROM THE LIVER**  
Everyone should drink hot water with phosphate in it, before breakfast.  
To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its spongelike pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.  
If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins.  
Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poison, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.  
Limestone phosphate is inexpensive; any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.—Adv.

**Prevents Accidental Poisoning.**  
To prevent poison being used in mistake for medicine an inventor has patented a bottle with the neck at one side and so formed that its contents cannot be poured out without careful manipulation.  
"Girls wanted for men's neckwear," reads the advertisement of a department store. But we imagine that a man would be uncomfortable wearing a girl around his neck.  
**Water Hyacinth Has Value.**  
The water hyacinth, which so rapidly fills up certain streams, is found to have a high value as a fertilizer. On account of the large amount of water the green plant contains the material is partially dried before slacking and after becoming well rotted it proves to have about the same composition as farmyard manure, except that it is richer in potash.
