## Biblical "Prophets."

The numerous "prophets" of the Bible were not persons who foretold the future, but in the original the word means story writer. It will be found by a short examination that this is true.

## Your Eyes on the Goal.

The runner who looks over his shoulder to see whether his rival is gaining on him, is pretty sure to lose the race. Keep your eye on the goal. The backward look means lost time, whatever sort of race you are running. The things behind you do not matter. All that concerns you is on ahead.

## Old Time Fire Alarms.

Fire alarms came into use in medieval times. It was the custom in many of the towns to have a watchman stationed on a high building whose duty it was to look for fires. As soon as he saw one he gave warning by blowing a horn, firing a gun or ringing a bell.

## By Way of Explanation.

No, Carrie, the expression, "piping times of peace" has nothing to do with smoking the peace pipe.

## Live in Extinct Volcano.

In southern Tunisia is a mountain of considerable size called Dourat, which once upon a time was an active volcano. Bubbles of volcanic gases made it a veritable honeycomb of caves, which in these days are inhabited. In fact, the whole mountain is a city, a human anthill, densely populated.

## More Than Figure of Speech.

New Jersey reports the scientific discovery that insanity is sometimes traceable to unsound teeth. "Going crazy with the toothache" may turn out to be more than a figure of speech after all.—Norfolk Virginian-Pilot.

## HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From Own Experience.

Providence, R. I.—"I was all run down in health, was nervous, had headaches, my back ached all the time. I was tired and had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and headaches disappeared. I gained in weight and feel fine, so I can honestly recommend Lydia E. Pinkham's Vegetable Compound to any woman who is suffering as I was."—Mrs. ADELINA B. LYNCH, 100 Plain St., Providence, R. I.

Backache and nervousness are symptoms or nature's warnings, which indicate a functional disturbance or an unhealthy condition which often develops into a more serious ailment.

Women in this condition should not continue to drag along without help, but profit by Mrs. Lynch's experience, and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound—and for special advice write to Lydia E. Pinkham Med. Co., Lynn, Mass.

## Optimistic Thought.

One hand opened in charity is worth a hundred folded in prayer.

## Hurrah! How's This

Cincinnati authority says corns dry up and lift out with fingers.

Ouch! ? ! ? ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn or hardened callous stops soreness at once, and soon the corn or callous dries up and lifts right off without pain.

He says freezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezone will cost very little at any drug store, but will positively remove every hard or soft corn or callous from one's feet. Millions of America's women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezone tell him to order a small bottle for you.—Adv.

## Nope, They Won't Do.

Said the facetious feller: "Young married people are fond of calling each other pet names, but who ever heard 'em use Fido and Tabby?"

## Really "Quake Doctors."

A quake doctor is not a goose, but was originally a "quake doctor." The quake was called the quake and the uneducated persons who served as doctors in certain parts of England used to charm the quake away; hence arose the expression.

## Daily Thought.

Thought is the wind, knowledge the sail and mankind the vessel.—J. C. Hare.
