**With the Fingers!** Says Corns Lift Out Without Any Pain  
You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callous the soreness is relieved and soon the entire corn or callous, root and all, lifts off with the fingers.  
Freezone dries the moment it is applied, and simply shrivels the corn or callous without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callosity. If your druggist hasn't any freezone he can get it at any wholesale drug house for you.—Adv.

## "Meats in Storage"

Every working day of the year 75,000,000 pounds of meat are required to supply home and export needs—and only 10 per cent of this is exported.

These facts must be kept in mind when considering the U. S. Bureau of Markets report that on June 1, 1919, there were 1,348,000,000 pounds of meats in cold storage. If the meat in storage was placed on the market it would only be 20 days' supply.

This meat is not artificially withheld from trade channels to maintain or advance prices.

- Meats in storage consist of—
- 65 per cent (approximate) hams, bacon, etc., in process of curing. It takes 30 to 90 days in pickle or salt to complete the process.
  - 10 per cent is frozen pork that is to be cured later in the year.
  - 6 per cent is lard. This is only four-fifths of a pound per capita, and much of it will have to go to supply European needs.
  - 19 per cent is frozen beef and lamb, part of which is owned by the Government and was intended chiefly for over-seas shipment. If this were all diverted to domestic trade channels, it would be only 1 1/2 lbs. per capita—a 3 days' supply.
  - 100%

From this it will be seen that "meats in storage" represent merely unfinished goods in process of curing and the working supply necessary to assure the consumer a steady flow of finished product.

Judging the World. People seem not to see that their opinion of the world is also a confession of character. We can only see what we are, and, if we misbehave, we suspect others.—Emerson.  
Short and to the Point. If you cannot digest fruit, do not blame the fruit, blame your stomach. If you cannot digest what I write, do not blame the writing, blame your brain.—Los Angeles Times.

**"Playing Hookey."** "To play hookey" originally meant to hide around the corner. Hookey was the old Dutch word meaning "a little corner."—Gas Logic.  
**Don't Forget Cuticura Talcum** When adding to your toilet requisites. An exquisitely scented face, skin, baby and dusting powder and perfume, rendering other perfumes superfluous. You may rely on it because one of the Cuticura Trio (Soap, Ointment and Talcum). 25c each everywhere.—Adv.  
**Fairly Warned.** Amie was being teased by her little brother, he pulling at her doll's clothes as she would attempt to dress her doll. She said: "I know a little boy who ain't got sense 'nough to know he's going to get a slap right in his face if he don't behave hisself."  
**Daily Thought.** Be calm in arguing; for fierceness makes error a fault and truth discourtesy.—Herbert.  
**Daily Thought.** The silence that accepts merit as the most natural thing in the world, is the highest applause.—Emerson.

**DOCTOR URGED AN OPERATION** Instead I took Lydia E. Pinkham's Vegetable Compound and Was Cured.  
Baltimore, Md.—"Nearly four years I suffered from organic troubles, nervousness and headaches and every month would have to stay in bed most of the time. Treatments would relieve me for a time but my doctor was always urging me to have an operation. My sister asked me to try Lydia E. Pinkham's Vegetable Compound before consenting to an operation. I took five bottles of it and it has completely cured me and my work is a pleasure. I tell all my friends who have any trouble of this kind what Lydia E. Pinkham's Vegetable Compound has done for me."—NELLIE B. BRITTINGHAM, 609 Calverton Rd., Baltimore, Md.  
It is only natural for any woman to dread the thought of an operation. So many women have been restored to health by this famous remedy, Lydia E. Pinkham's Vegetable Compound, after an operation has been advised that it will pay any woman who suffers from such ailments to consider trying it before submitting to such a trying ordeal.
