MAUPIN SOUTHERN WASCO COUNTY, OREGON, FRIDAY, SEPTEMBER 12, 1919

THE YEAR \$1.50

Maupin School News

The Maupin school opened Monday the 8th with twelve students in the high school. There are thirteen in the grammar grades and thirty-four in the primary.

We believe we have the high school in condition to be standardized, having met the requirements of the new course of study.

So far, the school has had to get along without text books, as the books ordered by Mr. Shattuck have not arrived yet. This of course takes teachers and pupils at a disadvantage, but fortunately this condition occurs only once in six years.

A. E. Gronwald took office this morning as the new county Superintendent of schools, succeeding Clyde T. Bonney who will leave today for Antelope where he has accepted a position as principal of the high school. Mr. Gronwald reports that seven districts are still without teachers and the county is making every effort to see that these vacancies are filled in time to start the fall term.—Chronicle, Saturday.
