PREPARE NOW FOR THE FAIR For 1920

A month or more has passed since our Southern Wasco County Fair, Mr. Farmer. A brief survey discloses some good points and some mistakes. In order to promote the general progress our fair should enjoy and to provide against mistakes may the following facts be stated with the best interest of our worthy enterprise in mind. First, is a four day fair run on limited financial means as desirable as three days. Would three full days not meet the general demand better than four slow dragging days? Would it not be better to occupy the forenoon hour with a stated patriotic and educational program including music, etc., that appeals to the wholesome nature and costs little in cash outlay, than to let the long forenoon drag into 2:30 p. m. with out a thing doing? Would it not seem advisable to appoint heads of committees on music, sports, exhibits, decorations, etc., with the general secretary or president at the helm to pilot and command those good forces thus rounding out a program that could be released to the public in pamphlet form two weeks before the fair dates.

It has been wisely suggested that the committee on Concessions reserve the absolute right to expell any concession that proves undesirable from any of several standpoints, thus avoiding some unpleasant experiences.

Would it not be advisable to have a lookout committee to visit different Wasco county interests and localities and solicit exhibits and representation. Would it not be well to have a live publicity committee to herald the fair news to the four winds and appeal to the county interest to support the

Maupin School News

The permanent organization of the Juniper Club was completed last Friday. The following officers were elected: Leonard Farlow, president; Mabel Cyr, first vice president; Lewis Derthick, second vice president; Fern Maylew, secretary-treasurer; Ida Duncan, assistant secretary-treasurer; George Ayres, sergeant-at-arms; Mrs. A. W. Buchanan Critic.

For life, not for school we learn

Addie Wray took up a collection for a basket ball Wednesday. There is always something worth while going on when Addie is around.

Ida Duncan is out of school temporarily on account of the illness of her sister.

If you never visit the school never ask a teacher, "How is school agyin'?" Talk about something that interests you. The teacher can usually meet you half way.

S. C.

I heard many folks say, My land, I had some corn or beans or what not, that beats that all to pieces, etc. Why didn't I bring it? If necessary a bus should assemble these good products.

Another thing—the fair association should be called together soon while these things are fresh in mind and plans and committees be perfected, so that the matter could be kept in mind, thus insuring better results in 1920.

We must have more money and more for our money and in the above ways and other we can obtain such results.

If one should take Wapinitia Plains' exhibit out of the fair this year a great vacancy would result. Would it not then be a good plan to draw a healthy wholesome competition between districts, setting out general and special prizes, etc. Why not have a Boosters' Day to elevate our fair into a real hummer for 1920.
