## SENT IN BY OUR CORRESPONDENTS

### Tygh Valley

Visitors to the Portland Stock Show from this burg included J. T. Harper, S. W. Hauser, W. V. Nickerson.

Miss Celia Muller left last Wednesday for a short visit in Portland. Empty houses are gradually filling up, only one or two left.

Tygh residents were glad to welcome V. P. Steers and family back from California. They traveled quite extensively but found "no place like home."

R. G. Weisbeck, Clyde Oliver, and Geo. Lofton returned from the mountains. Mr. Weisbeck is located in the French Butler cottage.

Leigh Oliver left for the Wil-

lamette valley last Friday. He has bought some land there and is going to be an honest to goodness farmer. Leigh has long been a prominent figure around this locality, we wish him best of luck and prosperity in his new venture.

Z. A. Watkins has returned from Kent for a few days vacation. Wm. Sloan and O. C. Brittain are riding in the mountains.

Leonard Wilson passed through here Thursday driving a new Chevrolet car.

Several garage men have been in our town lately with a view to locating. A good mechanic would find a garage a good proposition.

The old wooden bridge over Tygh creek has been demolished. The site looks rather bare without it.

Mr. Vanduyn is contemplating a trip around the country in the near future to invest in some turkeys.

Mr. Knox who acquired the old McCorkle mill and farmsite is gradually getting settled in his new location. We hear the mill is to be completely overhauled and modern machinery installed, making it one of the most up-to-date mills in the county.

K. L. Hauser acquired a new sheep herder last week.

J. P. Isbell has been running full speed lately and has just finished milling all the wheat he had in the mill preparatory to turning it over to the new owner.

Tygh I. O. O. F. has been holding regular meetings. It looks good to see the light in the hall again Saturday nights.

A little thing like a coal strike doesn't bother Tygh residents. Lots of wood in the timber even if some of it has to be cut.

Traffic over the highway is still pretty brisk in spite of the advanced season. Autos, large and small, new and old are continually passing through; California licensees are unusually plentiful for this time of year.

### Pine Grove

Wm. Hickey, Engineer of Wapinitia Irrigation Co., received a telegram from Portland relatives stating that his father died in Portland this week. He was buried Wednesday at 2:30 from the family residence.

canal. Mr. and Mrs. J. S. Brown are going to Georgia for the winter. They leave Monday.

Ducks are plentiful on the canal lakes on the plains. Many of the hunters are getting good bags.
