Her Preference.

Emily was eating at a restaurant with the family and had finished an order of waffles. She was still hungry and her father asked her if she would have something more—a sandwich, perhaps. She said: "No, I would rather have another set of these than anything else."

If not already acquainted, get to know Garfield Tea, the advance agent of Abounding Health.—Adv.

Sure! High Heels Cause Corns But Who Cares Now

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callous the soreness is relieved and soon the entire corn or callous, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callous without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callous. If your druggist hasn't any freezone he can get it at any wholesale drug house for you.—Adv.

Enticing Fruit.

The durian, a fruit which flourishes in the Malayan archipelago, will not grow north of Moulmein, or bear transplantation to India. Some European residents become inordinately fond of it, while the majority cannot stand its peculiar odor.

Make Concrete Buoys.

Floating mooring buoys have been made of concrete by an English inventor.

In Cuba the earthquake plant grows wild. It is said to forecast cyclones, storms, and specially earthquakes by changes of color.

Just one cup of Garfield Tea taken before retiring will next day relieve your system gently and thoroughly of all impurities.—Adv
